Re: Manager's report for the period ending July 30, 2012

---

The following is a general Manager's report regarding activities in the month of July :

Many positive things have been occurring and change is evident throughout the organization and community. As Manager I am very proud of the hard work of staff and the pride they have displayed in our Town is hopefully becoming more obvious to the community at large. A few of the most recent accomplishments include:

Library: They have worked to rearrange some of the limited space they have in hopes of being even more efficient and customer oriented.

Marshal's Office:

New uniforms as well for the VIP's have given this group a boost in pride and energy

Community Development:

Renewed energy in Code Enforcement has taken care some of the long standing problem areas, with more to come.

Courts: Smooth leadership transition and some new staff addressing backlogs and getting to work on lost revenue from unpaid fines, etc.

Clerks: Completing special assignments beyond normal operation that have transformed families lives through HOME replacement and rehabilitation.

Economic Development:

Completion of a possible grant to cover the expenses of the incubator feasibility study as well as working to put Highway 260 back on the table for future economic benefits for Camp Verde and the Verde Valley.

Public Works:

Completion or near completion of so many projects from drainage on Finnie Flat and Verde Lakes Drive to construction along Hollamon with new sidewalks and parking area improvements, not to mention huge strides in the street yard and possibly the most obvious the work around Town Hall so many have complimented on.

Finance: Nearing completion on the printed budget with a refreshed, hopefully even more user friendly version.

I know most of you come through the Town Hall frequently, but if you haven't visited the Library in a while or stopped by the Marshal's office please do, ask questions and take a look around.

The Town is under contract to sell the Horseshoe Bend Home for \$42,000 a closing date has yet to be determined with the funds being put back in the Revolving Loan Fund for a future project. Thanks to Arizona Central Land and Home Realty for helping make this happen.

I have had meetings with the other Managers in the Valley with Mel and her cohorts to discuss the possibility of readdressing Highway 260 as it is in the 5 year plan for limited expansion. During our meetings we were able to discuss other opportunities for cooperation and continue to work on those relationships with the other communities.

Also I had the opportunity to visit the Queen Creek incubator and was very pleased to see the similarities and potential opportunities for success. Queen Creek has grown considerably than when I went there as a kid to visit my Cousin, however I believe the core values of a small western community that for example values their horse property while allowing growth has more similarities than I remembered with our experience here in Camp Verde.

Capital Improvement Process. It is time again to review and update/finish this document we left off in April. I am hoping to work through work sessions / public meetings roughly as follows:

September 26<sup>th</sup> – Process/Review of projects/Additional projects that need scoped

October 24<sup>th</sup> – Detailed review of projects proposed (scope, amount, timeline)

November 14<sup>th</sup> – Review cont'd

December – 12<sup>th</sup> – Final Draft Discussions

January – Adoption

One final note, the Chamber of Commerce and Archeology Center worked together to transfer the lease on August 1<sup>st</sup>. The Visitor Center will remain in the building and open as they continue to transition. Remodeling will begin in September with the hope of opening the Center in October.

Virginia and I attended the two-day Elections Training sponsored by the League of Arizona Cities and Towns. There are several new election laws that have a significant impact on the way we conduct municipal elections. The Clerk's office will be bringing some of the new laws to Council for direction.

I also completed the Knowledge Transfer Action Plan (KTAP) required by the ASU School of Public Affairs Master Municipal Clerks' Academy. I am excited to implement the KTAP. Elements of the plan include disaster preparedness, development of a continuation of operations plan for the Clerk's Office, engaged staff, and improved customer service.

As always, please let us know if we can be of assistance or if you have any questions, comments, or concerns.

Respectfully submitted,

*Debbie Barber*

**Monthly Report** M J

**July 2012**

**Entire Month**

Over the entire month of July and the last half of June, the Community Development Director and staff have been providing training to the new Animal Control/Code Enforcement Officers. Training involved review of the Planning & Zoning Ordinances and the Town Code as they relate to Code Enforcement. In addition, an office area with a computer terminal, phone and filing system have been set up for the Code Enforcement Officers in the Community Development Department.

In order to provide an efficient tracking system for the Code Violation complaints, the Community Development Staff created a case tracking log for Nuisance and Zoning Violations respectively. The two (2) tracking logs are housed under the department's shared private folder so that the staff could have immediate access to cases for reference when citizens have questions on a particular case and to help prevent duplicate violation notices from being issued.

By mid-July, the two Code Enforcement officers were completing investigations and sending out Violation Notices. Depending on the notices either being a Nuisance or Zoning Violation, time frames for compliance are set by the Codes. In addition, the Code Enforcement Officer has the option to allow for extensions of time for the citizen out of compliance and is showing a "Good Faith" effort in removing the violation.

There have been numerous violation brought into compliance this month. Some complaints are still active without compliance achieved and there are citizens who have not responded to the notices sent. These citizens will be contacted on, or just after, their expiration date and issued citations by the Code Enforcement Officers. These citations are just like a traffic ticket citing the violator to appear before our Magistrate Judge.

The Community Development Department is presenting the Council with a monthly report of Code Violations that gives the overall numbers that represent an easily understandable overview of the complaints handled for the month.

1. The Court had a two day Jury trial scheduled for July 25 & 26. Approximately 35 jurors were notified to appear. The defendant changed her plea during the morning and before picking of the jury. The Court gave each potential Juror a jury service questionnaire to complete to help the Court improve jury management.  
The main complaint was inadequate parking. The second complaint was physical comforts of the court room.  
The Court uses this form each time to improve our service to the community members that appear for jury service.
