The Town of Camp Verde Council Chambers is accessible to the handicapped. Those with special accessibility or accommodation needs, such as large typeface print, may request these at the Office of the Town Clerk.

**MINUTES
SPECIAL SESSION
MAYOR AND COUNCIL
TOWN OF CAMP VERDE
COUNCIL CHAMBERS
WEDNESDAY, JULY 11, 2007
6:30 P.M.**

Minutes are a summary of the actions taken. They are not verbatim.
Public input is placed after Council motions to facilitate future research.
Public input, where appropriate, is heard prior to the motion.

1. **Call to Order**

The meeting was called to order at 6:30 p.m.

2. **Roll Call**

Mayor Gioia, Vice Mayor Hauser, Councilors Smith, Garrison, Kovacovich and Parry were present; Councilor Elmer was absent (ill).

Also Present: Interim Town Manager Dave Smith, Town Attorney Bill Sims, Finance Director Dane Bullard, Town Magistrate Michael Bluff, Library Director Gerry Laurito, Deputy Town Clerk Virginia Jones, and Recording Secretary Margaret Harper.

3. **Pledge of Allegiance**

The Pledge was led by Gioia.

4. **Consent Agenda** – All those items listed below may be enacted upon by one motion and approved as consent agenda items. Any item may be removed from the Consent Agenda and considered as a separate item if a member of Council requests.

a) **Approval of the Minutes:**

- 1) June 27, 2007 – Council Hears P&Z
- 2) June 20, 2007 – Regular Session

b) **Set Next Meeting, Date and Time:**

- 1) Special Session – July 18, 2007 at 5:00 p.m.
- 2) Regular Session – July 18, 2007 at 6:30 p.m.
- 3) Council Hears Planning & Zoning – July 25, 2007 at 6:30 p.m.

c) **Possible acceptance of the Housing Commission's quarterly report.**

On a motion by Hauser, seconded by Kovacovich, the Consent Agenda was unanimously approved as presented.

5. **Call to the Public for Items not on the Agenda.**

Alan Minner said that he is associated with Verde Valley Robotics, a non-profit organization that is looking for a facility in which to hold classes promoting science and technology education through robotics teams and competition; he would like the Town to consider his group using the old Marshal's Office for that program. *Mayor Gioia said his request was noted, and to contact the Town Manager regarding the Town's present situation in that regard.*

There was no further public input.

6. **Discussion, consideration, and possible appointment to the following commissions:**

a) **Parks & Recreation Commission – term ending September 2007**

b) **Housing Commission – term ending September 2009**

On a motion by Hauser, seconded by Kovacovich, the Council voted unanimously to appoint Robin Whatley to the Parks & Recreation Commission.

A motion by Parry, seconded by Hauser, to appoint Kathy Davis to the Housing Commission failed by a 3-3 vote, with 'no' votes by Smith, Garrison and Kovacovich.

A motion by Smith, seconded by Kovacovich, to appoint Jackie Baker to the Housing Commission failed by a 3-3 vote, with 'no' votes by Gioia, Hauser and Parry.

Robin Whatley, applicant for the Parks & Recreation Commission, outlined in detail her background of participating in and supporting Town activities and events, and her desire to be a part of the Commission.

Jackie Baker said she has been interested in the housing problem for a long time, and has attended past meetings whenever possible in order to become knowledgeable on that issue.

Amber Polo spoke on behalf of Kathy Davis, who was absent, pointing out her wealth of experience and skills, and commenting that Ms. Davis would be an asset to the Housing Commission.

Howard Parrish said that he believes Kathy Davis would be an excellent choice for the Housing Commission, and would have new ideas to use for housing.

There was no further public input.

It was decided that the appointment of a Housing Commissioner will again be addressed at the next Council meeting when all members are present.

7. **Discussion, consideration, and possible recommendation to approve/deny a Liquor License application for Clear Creek Village Store, Thomas LaVeda Hill Investments LLC.**

On a motion by Hauser, seconded by Smith, the Council unanimously approved a Liquor License application for Clear Creek Village Store, Thomas LaVeda Hill Investments LLC.

Interim Town Manager Dave Smith said that the application involves a change of ownership that requires the subject re-application for the beer and wine license for the Clear Creek Village Store on Hwy 260.

There was only brief favorable comment from the Council on the Clear Creek Village Store.

There was no public input.

8. **Discussion, consideration, and possible approval of an Application for Special Event Liquor License submitted by the Cottonwood Chamber of Commerce for a mixer to be held in Camp Verde at Focus on Graphics located at 4696 Old Hwy. 279 on July 19, 2007 from 6:00 p.m. to 8:00 p.m.**

On a motion by Smith, seconded by Kovacovich, the Council unanimously approved an Application for Special Event Liquor License submitted by the Cottonwood Chamber of Commerce for a mixer to be held in Camp Verde at Focus on Graphics located at 4696 Old Hwy 279 on July 19, 2007 from 6:00 p.m. to 8:00 p.m.

Dave Smith explained that the Cottonwood Chamber of Commerce is planning a mixer to be held in Camp Verde and is requesting the Special Event License.

There was no Council discussion.

There was no public input.

9. **Discussion, consideration, and possible approval of Resolution 2007-729. A Resolution of the Mayor and Common Council, of the Town of Camp Verde, Yavapai**

County, Arizona, adopting and declaring as a public record that certain document filed with the Town Clerk and entitled 'Town of Camp Verde Tentative FY 2007/2008 Budget'.

On a motion by Hauser, seconded by Gioia, the Council unanimously approved Resolution 2007-729, a Resolution of the Mayor and Common Council, of the Town of Camp Verde, Yavapai County, Arizona, adopting and declaring as a public record that certain document filed with the Town Clerk and entitled 'Town of Camp Verde Tentative FY 2007/2008 Budget'; with the items mentioned.

On a motion by Gioia, seconded by Smith, the Council voted unanimously to amend the original motion to clarify that the items mentioned are: Audit, addition of \$10,000; Clerk's addition of \$20,000 in the CIP; Prosecutor, line item increased to \$71,000; Fire Inspection at a pass-through of \$3,000.

Finance Director Bullard said he is requesting that the Council approve the subject resolution and brought to the attention of the Council the final changes that had been made. Bullard also reminded the Council of the State-mandated deadline to get the tentative budget adopted, and the steps leading to the adoption of the final budget sometime in August. Bullard reviewed and discussed with the Council the proposed changes; the Council generally agreed with the changes as they were outlined.

PUBLIC INPUT

(Comments from the following individuals are summarized.)

Debbie Barber, Town Clerk, requested the Council to reconsider including the \$20,000 in the CIP budget for her office filing system, adding that this is the third year it has been in the budget but the Manager has denied the purchase the prior two years. *The Council discussed the proposed system in detail with Barber, with input from Dave Smith, and the majority agreed that the \$20,000 will remain in the CIP budget.*

Karen Heuman requested that the Council members speak into their microphones; they cannot be heard in the back.

Jackie Baker said she recalls the Clerk's request for the filing system and that it had been requested several years in a row; Baker further commented on the serious issue of the need for a safe filing system.

There was no further public input.

The members agreed to address Items 12 and 13 prior to Items 10 and 11 as a courtesy to the individuals attending to hear the Library issues.

10. **Discussion, consideration, and possible approval of the proposed amendments to Yavapai County Resolution #1425 regarding the Yavapai County Water Advisory Committee.**

On a motion by Gioia, seconded by Hauser, the Council voted unanimously to support the proposed resolution reestablishing the Yavapai County Water Advisory Committee, strongly suggesting striking Item 8, "The Board of Supervisors shall have the authority to suspend or dissolve the Committee if it deems such action to be appropriate."

Gioia explained that the Yavapai County Water Advisory Committee is going through some serious changes; it has been under and reporting to the County Board of Supervisors, and having to ask them for almost every move that the Committee makes. Gioia outlined the makeup of the Committee and its work with the Legislature and conflicts with the Supervisors. The proposed Resolution was what originally formed the Water Advisory Committee, and Gioia pointed out the strike-overs of the portions that had applied to the County, making the WAC now an autonomous

group with the Supervisors becoming just voting and financial support. Gioia also recommended that Item No. 8 be removed from the Resolution, as it should no longer be applicable under the restructuring.

There was no public input.

11. **Discussion, consideration, and possible approval of purchasing six boxes of softballs for the Jacob Teague Memorial Softball Game, not to exceed \$360.**

On a motion by Hauser, seconded by Smith, the Council unanimously approved purchasing six boxes of softballs for the Jacob Teague Memorial Softball Game, not to exceed \$360.

Councilor Smith said that John Teague had made the subject request, and that Cottonwood is donating the ball fields, and Clarkdale is providing sponsorships and personnel for the event. Proceeds from the event go to help support the canine units. The event is expected to grow every year, is held in memory of Jacob Teague, and will help keep his name alive.

There was no public input.

12. **Charles German will present signed petitions to Council regarding building a new library structure. Council may discuss the petitions.**

There was no action taken.

Charles German said he was present as a citizen as part of a process that started last January to stimulate interest in effecting construction of a new Library facility. Mr. German referred to a recent Library Commission meeting wherein the idea of a community survey was suggested pursuant to some new information about the current Library site. Mr. German said he was presenting a petition to the Council that had been signed by 806 registered voters, expressing their preference for (1) the Library to be a stand-alone building with no Town government offices in it, and (2) located at the current site. Mr. German expressed concern that there is no funding included in the proposed new budget for the Library due to the lack of a site, which delays the project for yet another year. There are two issues at hand; what is affordable and what has reasonable expectations of being accomplished. Also, the wishes of the community members as expressed through their First Amendment right of petition is a most serious and important issue. Presenting the petition, Mr. German said that the signers are expressing their collective support for what Linda Harness is about to request from the Council.

Gioia said the petitions will be retained and may be viewed in the Clerk's Office.

PUBLIC INPUT

(Comments from the following individuals are summarized.)

Howard Parrish commented on a potential parking problem at the downtown site. *Gioia reminded him that his comment was not related to this agenda item.*

Tom Nielson said he is a member of the Library Board, and he wanted the Council to know that when there was a vote taken by the Board he voted "no". *Gioia advised him that when the Minutes are to be ratified he should have them correct that.*

There was no further public input.

13. **Discussion, consideration, and possible authorization for Linda Harkness to gather information on behalf of the Town for a construction proposal/plan for the new Library building to be brought to Council on or before the first regular meeting in November, as requested by Charles German.**

There was no action taken.

Linda Harkness, a Construction Estimator and Project Manager for Rocky Construction, presented a detailed proposal for an alternative to the planned construction of the Library at the downtown site, with a comparison of the estimated total cost and funding for each. Ms. Harkness outlined her research and suggestions on the proposal to use the current Library site together with the cost-saving advantage of using a steel building. Ms. Harkness claimed that she could get input from engineers and architects who are willing to donate their time to do this, she can submit costs on it, have pictures and drawings, and present signed documents, all of which the Council can check out.

The members discussed the proposal made by Ms. Harkness, including what appeared to be a circumvention of the Library Commission decision on the downtown site. Ms. Harkness said she had presented the same information to the Library Commission at a previous meeting and some of the members had shown support for the idea. There was general interest expressed in seeing what information Ms. Harkness might be able to bring back to Council as she suggested. Ms. Harkness reiterated her request that the Council authorize her to represent the Town in soliciting the information and estimates she described. Ms. Harkness was thanked for her suggestion that she could go out and get information to present to the Council, and reminded that there will be a Work Session the second Wednesday in August for a discussion of the Library site and financing and any other ancillary issues, and that everyone is welcome to attend and participate.

PUBLIC INPUT

(Comments from the following individuals are summarized.)

Irene Peoble said she has been hearing about getting a new Library for 20 years; she spoke in favor of how attractive and economical steel buildings can be.

Carol German encouraged the Council to support Linda Harkness to go forward on behalf of the Town in order to contact the sources that she needs to contact.

Roger Doering, a member of the Library Commission, said that the Commission did hear from Ms. Harkness and Mr. German on the project, and began a two-phase process including the decision, first, on the downtown location and then the issue of construction costs and building. Mr. Doering said he feels Mr. German and his group are short-circuiting the Commission by coming directly to the Council, and suggested that they work directly with the Commission instead.

Charlie German requested that the Council not rule out the current site until documented evidence is brought back from the professionals in the field. Mr. German also said he had requested documentation on the research done by the Library Commission and has not received anything. *Gioia suggested that Mr. German address his request to the Manager and the information will be supplied.*

There was no further public input.

In response to a request from Council as to whether the requested authorization would be appropriate, Town Attorney Sims cautioned the Council that because of the restrictions on public procurement, the only authorization that can be given to a private citizen is to bring back information that the Council could factor in to some type of public solicitation concerning the construction of a public building. However, when a private citizen discusses estimates with professionals concerning the construction of a public building, the professionals need to know it is not a public procurement and the fact that they are providing information does not preclude them from responding to a procurement process. Sims stressed that private citizens cannot negotiate with professionals concerning the construction, but can bring back information that the Council can use to augment what the Library Commission has submitted.

Linda Harkness stated that she will only be asking for general estimates, that she is on a fact-

finding mission on behalf of the Town.

Sims pointed out that the statements that she made are that she is not representing the Town and is not acting on behalf of the Town. With those two statements, Sims believes the Council does not need to give any authorization. Further, if authorization is given it gives the appearance that she is acting on behalf of the Town, and those entities who gave information may be barred from responding to the formal procurement process. On a fact-finding mission she can bring back all the information that she gathers. In addition, she is awaiting a policy decision concerning whether the information come directly to the Council, or through the Library Commission.

Sims added that Ms. Harkness can say she appeared before the Council and the Council was supportive of her getting information and bringing it back through the appropriate channel.

Mayor Gioia said that as far as going through the Library Commission, the time line that is set up is that the Library Commission is having a Work Session with Council and will bring information and their further plans to the Council at that time; the group attending this evening as well as any other citizen can also attend at that time and participate in the discussion.

A recess was taken at 8:18 p.m.; the meeting was called back to order at 8:27 p.m.

14. **Call to the Public for Items not on the Agenda.**

Howard Parrish said he would like to thank the Hausers for putting that big flag out on their cornfield; it really looks great. Also, Cottonwood is now expanding their library.

Ron Smith suggested that Council consider on appointments to Commissions going to E-Session for discussion in order avoid upsetting anybody and to allow discussion prior to a vote.

There was no further public input.

15. **Advanced Approvals of Town Expenditures**

a) **There are no advanced approvals.**

There were no advanced approvals.

16. **Manager/Staff Report**

Interim Town Manager Smith reported on the action taken by the Sanitary District in response to contacts by the County regarding mosquito control; Smith described the outside public address system that has been installed for use when a member of Commission or Council has to step down and leave the chambers because of a conflict of interest; Smith said he is working with various department heads to have staff meet together at one meeting with applicants to provide uniform information and resolve the communication problem. Smith checked on the ADOT grant for sidewalks; there is no problem with that, and staff is working with ADOT on the construction of the sidewalks. Smith added that he will be on vacation next week.

17. **Council Informational Reports**

Garrison reported on her first NACOG meeting, accompanied by Jackie Baker; it was quite overwhelming, and a lot of business was accomplished in the short space of two hours.

Kovacovich thanked Parks & Recreation for the 4th of July celebration, and the Casino for furnishing the fireworks.

Parry thanked Kovacovich for helping with handing out the watermelon slices; also, the new Ford dealership is now breaking ground.

Hauser said the Cornfest will be held this Saturday; she also reported on the Simbric sextuplets and their mother. On the water issue, there was a crew in Town making a public relations video

regarding another pipeline.

18. **Adjournment**

On a motion by Hauser, seconded by Parry, the meeting was adjourned at 8:47 p.m.

Margaret Harper, Recording Secretary

CERTIFICATION

I hereby certify that the foregoing Minutes are a true and accurate accounting of the actions of the Mayor and Common Council of the Town of Camp Verde during the Special Session of the Town Council of Camp Verde, Arizona, held on the 11th day of June 2007. I further certify that the meeting was duly called and held, and that a quorum was present.

Dated this _____ day of _____, 2007.

**MINUTES
JOINT WORK SESSION
MAYOR and COMMON COUNCIL
and the
PLANNING & ZONING COMMISSION
of the
TOWN OF CAMP VERDE
COUNCIL CHAMBERS
473 S. Main Street, Room 106
WEDNESDAY, JULY 11, 2007
5:00 P.M.**

Minutes are a summary of the actions taken. They are not verbatim.

1. Call to Order

Mayor Gioia called the meeting to order at 5:02 p.m.

2. Roll Call

Mayor Gioia, Vice Mayor Hauser, Mike Parry, Ron Smith, Bob Kovacovich and Norma Garrison, were present, Greg Elmer was absent. Planning and Zoning Commission Members Robb Witt, James Bullard, Bob Burnside and Joe Butner.

Also Present:

Town Attorney William Sims, Interim Town Manager Dave Smith, Dane Bullard, Lynda Moore, Michael Bluff, Ron Long, Deborah Barber, Gerard Laurito and Virginia Jones.

3. The Town Attorney will provide a training session on Proposition 207, a recently enacted law dealing with limitations on condemnation and regulatory takings. Council, the Planning & Zoning Commission, and staff may have discussion concerning these matters.

Attorney Sims presented a power point presentation regarding Proposition 207 Private Property Rights Protection Act. A copy of the presentation is attached and becomes a permanent part of the record. Sims explained Proposition 207 and its applicability to changes in property regulation. Proposition 207 limits the use of condemnation to situations for public use and sets forth the rights of the property owner when the government exercises the power of condemnation. Proposition 207 provides property owners just compensation if the value of a person's property is reduced by enactment of a land use law. If a property owner is successful in a condemnation lawsuit the municipality would be required to pay the land owner's attorney fees and costs.

Sims stated waivers should only be used in legislative context, not administrative items. Sims advised in every case it is best to work closely with property owners and be cautious in asking any property owner to sign the waiver. Council suggested the Manager set a meeting between the Planning & Zoning Office and the Clerk's Office to review the Business License application and process.

4. Adjournment

On a motion by Hauser, seconded by Baker, the meeting was adjourned at 6:00 p.m.

Virginia Jones, Recording Secretary

PROPOSITION 207 ISSUES

1

CHANGES

- Condemnation
- “Regulatory takings”

2

CONDEMNATION

- The issue: What is a “public use”?
 - U.S. Constitution, Fifth Amendment. “. . . nor shall private property be taken for public use without just compensation.”
 - Arizona Constitution, Art. 2, Sec. 17:
 - “Private property shall not be taken for private use”

3

CONDEMNATION-ARIZONA

- Condemnation for redevelopment before 2003.
 - Local governments commonly condemned for economic development and redevelopment purposes.
 - Parties paid own attorneys’ fees and costs.

4

CONDEMNATION-ARIZONA

- *Bailey v. Meyers*
 - Bailey’s Brake Service condemned for private redevelopment.
 - Court of Appeals struck down Mesa’s use of condemnation.
 - Public benefits must substantially outweigh the private character of the end use when redevelopment results in private ownership and operation.
 - The intended use’s public benefits and characteristics must substantially outweigh private nature.

5

CONDEMNATION – U.S.

- *Kelo v. City of New London*
 - High unemployment, aging population, low tax base.
 - Developer proposes global research facility in exchange for 99-year site lease at \$1 per year.
 - New marina, hotel, 80 housing units, conference center, Coast Guard museum, office. Retail, 850 temporary construction jobs, 940 indirect jobs, \$680,000 to \$1.2 million in tax revenue.
 - Losses: Many existing homes.

6

CONDEMNATION – U.S.

- *Kelo v. City of New London*
 - Redevelopment Plan OK.
 - Adopts a broad interpretation of public use as “public purpose.”
 - Defers to legislative determination that the area was distressed enough to justify the economic development project.
 - Rejects rule that economic development is not public use.
 - Dissent (O'Connor, with Rehnquist and Thomas):
 - Nothing under this ruling stops a government “from replacing any Motel 6 with a Ritz Carlton, any home with a shopping mall, or any farm with a factory.”

7

PROPOSITION 207

- Reaction to U.S. Supreme Court condemnation ruling: *Kelo*.
- Not really necessary in Arizona: *Bailey*.
- But: significant limitation on regulatory takings.

8

Prop. 207: “Land Use Law”

- Any new statute, rule, ordinance, resolution, or law that regulates the use or division of land or any interest in land or farming or fostering practices.

9

What does Prop. 207 apply to?

- Rezoning
- Text amendments
- Overlays
- Historical districts
- Design review
- Subdivision plats
- Hillside ordinances

10

What does Prop. 207 not apply to?

- General plan
- Development fees
- Right-of-way dedications for traffic
- Other exceptions set out in Prop. 207

11

Prop. 207 Increases Regulatory Taking Risk

- Before: Must deny all economically viable use.
- Now: Any diminution in value = liability.

12

Is the sky falling?

- Pull any land use regulation into the list of Prop. 207 exceptions.
 - Traffic, fire codes, building codes, health and sanitation, transportation, traffic, pollution, solid/hazardous waste.
 - Nuisance
 - Federal law
 - Sex and drugs
 - Prior regulations
 - Only apply to property owner directly regulated.

13

- If not an exception:
 - Request waivers
 - Document property owner approval
 - Show no diminution in value

14

- If really encounter a problem, waive the requirement as to the complaining owner. This would be the “we didn’t mean it” excuse.
 - Potential equal protection problems – triggers 42 USC § 1983 exposure.

15

What is permitted under the Prop. 207 exceptions?

- Prop. 207 exempts health and safety, but leaves out welfare. Where does this leave restrictions on:
 - Child care in the home
 - B & B’s
 - Guest houses
 - Home occupations
 - Limitations on renting to students
 - Radio antennae

16

What about the neighbors?

- Is it possible to impact adjacent properties?
 - If rezone to permit school, twenty-five residences, health care institution or a child care group home adjacent to agricultural use, the farmer will have a claim arising out of restrictions on the use of pesticides under A.R.S. § 3-365.
 - If rezone to permit school, then there are limits on alcohol sales and adult entertainment.
 - Permit a use that imposes greater setbacks on adjacent property (e.g., sewer treatment plant).

17

What about waivers?

- Use waivers only in legislative context.
 - Rezoning
 - Overlays (need 100% of the property owners to waive – unless can show increased value).
- Don’t use in administrative proceedings.
 - If ask for waiver and property owner refuses, you have just made the record to document the property owner’s refusal.

18

Implicit Waivers

- Get acknowledgment that property owner agrees to the plat, the site plan approval, the conditional use permit or other administrative action.
 - “Property owner hereby agrees and accepts plat.”
 - “Property owner hereby acknowledges no diminution in value.”

19

Indemnitees

- Bad idea.
- May have application in annexation context. If only 80% of the property owners in the area to be annexed approve of the annexation, the other 20% could bring a claim. Town could either remove the 20% from the annexation area or try to get indemnity.

20

Timing of Waivers

- After P&Z with ability to reconfirm if Council adds new stipulations.
- Don't make the waiver a condition to hearing the matter.

21

Other Waiver Issues

- Must be signed by property owner.
- Are waivers needed if the result of the land use regulation does not reduce the property owners value?
- Do waivers need to be recorded?

22

Claims Process

- Now property owner has three years to file a cause of action; significant expansion over notice of claim statutes that typically protect cities and towns.
- Property owner need not exhaust administrative remedies. A property owner is not even required to submit a land use application as a prerequisite to demanding or receiving just compensation.

23

Attorneys' Fees

- A property owner who prevails in an action for just compensation based on diminution in value receives attorneys' fees – becomes a disincentive to cities and towns to litigate and incentive to the property owner to litigate.
- Cities and towns are expressly prohibited from getting attorneys' fees. Until Prop. 207, a city or town could at least be awarded attorneys' fees if a property owner brought a claim without substantial justification.

On a motion by Darby, seconded by Holguin, the Board unanimously approved DRB 2007-06, an application submitted by Scott Edwards of RDB Management & Construction, for Verde Crossings, LLC owners, for the development of Finnie

Flat Retail Center on Parcel 404-28-001A located on the corner of Finnie Flat Road and Wid Fuller Drive adjacent to Basha's zoned C1-4, with the exception of Building (C); and with the following stipulations: The mailboxes for the tenants to be located in breezeways between the buildings; the fascia and posts to be noted on the plans as material to be steel; no reflective glass; a notation on the plan for type of dust control of the pads that are adjacent to Finnie Flat Road; the trash receptacle enclosures be constructed of block and covered with stucco that will be painted. and the gates to be painted metal; and Wid Fuller Road have improvements provided by the developer consisting of a paved road and sidewalk for half of that easement.

APPLICANT'S PRESENTATION and BOARD DISCUSSION

Scott Edwards, Project Manager and Designer for RDB Management, introduced Scott Neiss, architect, and together they reviewed the proposed project, responding to questions and input from the Board. During discussion the Board suggested that the applicant work with Basha's to try to provide connecting parking areas to encourage access between the two areas; Mr. Edwards agreed that it was a good idea and would pursue that suggestion. As for the general design features, Mr. Edwards said that the intent is to make a good impression since the development will be a focal point in entering Camp Verde, and the plan is to give the buildings a Western feel. There were several issues and suggestions discussed with the representatives in regard to the building shown on the plan as Building (C); it was agreed that that building will be presented for approval separately after the architect revisits the exterior design.

In response to a question regarding lighting of the business signs, Mr. Neiss said that he will work with the Town to create the lighting the Town wants. It was confirmed that the plan is to build the driveway on the owner's half of Wid Fuller to include the curbing, gutter and sidewalk up to the first driveway entry; Mr. Neiss said that completion of the roadway beyond the half that is part of the development is subject to negotiation with the other developer. The half street will be built all the way through regardless; the other half would be up to the Simonton development. The possible location and size of the monument sign was also discussed, as well as the mailboxes and the appearance of the trash receptacles. The members reviewed the requests made for the developer to include in the final design, and it was decided to incorporate those by stipulation as part of the approval by the Board, excepting Building (C) for a separate presentation and approval.

- Presentation, discussion of a Conceptual plan for Expansion to Rainbow Acres facility DRB 2007-07: Submitted by Steve Ricci, agent for Rainbow Acres, owners on parcels 403-17-001G, -003 and -001A zoned RCU2A and located on Reservation Loop Road.

STAFF PRESENTATION

Director Buckel said that the applicant has provided the Board with color elevations and a site plan that indicates the location of the proposed new construction on the property. No complaints have ever been received, and usually the neighbors are supportive of the activities. The applicant would like to know if they are going in the right direction with their plans.

APPLICANT'S PRESENTATION and BOARD DISCUSSION

Gary Wagner, President of Rainbow Acres, introduced Larry Wolf, the architect who outlined the planned units that were displayed on large color charts that Mr. Wolf, together with input from Mr. Wagner, used to describe in detail the proposed buildings that included a separate distinctive multi-purpose community center facility. Also reviewed were the plans for landscaping, building materials, colors, windows and lighting.

The members discussed with the applicant's representatives the planned colors and building materials. The Board questioned the possible excessive height of the community center building, which Mr. Wolf said would be revisited and then addressed on the formal plans. Buckel confirmed that it would be possible to request a variance if it exceeds the maximum limit of 30 feet which is the requirement for a residential area. The planned shielded residential lighting will also be indicated as part of the full submittal. In general, the members commended the representatives on the excellence and completeness of the proposed site plan, and expressed approval of the conceptual plan. There was no action taken.

Trails & Pathways Commission

1st and 2nd Quarterly Report combined

Submitted July 10, 2007

The Trails and Pathways Commission met on the 2nd Tuesday of each month to try to formulate a trails policy, to propose new trails and to review all new subdivision proposals.

- Subdivision proposals: The Commission endeavored to determine each new subdivisions impact on the existing trail system and to recommend if any new tails or pathways should be included in their design. These recommendations were then forwarded to P&Z and to the Council.
- Trails policy: The Commission endeavored to formulate a coherent trails policy for the Town Councils approval, to include a trail standards description, a trails maintenance program and a trails volunteer policy.
- New trails or trail heads: The Commission endeavored to identify the locations for new and historic trails and trail heads as they may access areas of interest in and around the town of Camp Verde. And to identify rights of way, funding sources, and method wherein they may be established and promoted. All for Council review and approval.
- Forest Service Liaison: The Commission endeavored to coordinate efforts and to establish local policy that would not conflict with our US Forest neighbors.
- Other assignment from Town Manager and/or Council: From time to time the Commission is given other projects to consider.

1st and 2nd Quarterly Report combined

Submitted July 10, 2007

The Trails and Pathways Commission met on the 2nd Tuesday of each month to try to formulate a trails policy, to propose new trails and to review all new subdivision proposals.

- Subdivision proposals: The Commission endeavored to determine each new subdivisions impact on the existing trail system and to recommend if any new tails or pathways should be included in their design. These recommendations were then forwarded to P&Z and to the Council.
- Trails policy: The Commission endeavored to formulate a coherent trails policy for the Town Councils approval, to include a trail standards description, a trails maintenance program and a trails volunteer policy.
- New trails or trail heads: The Commission endeavored to identify the locations for new and historic trails and trail heads as they may access areas of interest in and around the town of Camp Verde. And to identify rights of way, funding sources, and method wherein they may be established and promoted. All for Council review and approval.
- Forest Service Liaison: The Commission endeavored to coordinate efforts and to establish local policy that would not conflict with our US Forest neighbors.
- Other assignment from Town Manager and/or Council: From time to time the Commission is given other projects to consider.

TOWN OF CAMP VERDE
Council Agenda Action Form

Meeting Type: Regular

Meeting Date: 7-25-07

Type(s) of Presentation: Verbal Only

AGENDA TITLE: Public Hearing, Discussion and possible Approval of Resolution 2007-730, a resolution of the common council of the town of Camp Verde, Arizona, approving Use Permit 2007-02 to allow Verde Lakes Water Company to use a portion of parcel 404-13-451H measuring approximately 187' X 182' for a business office and storage facility. The property is located at 2867 Verde Lakes Drive and zoned R1-10. The Use Permit will only expire when the use is no longer active on this parcel.

PURPOSE AND BACKGROUND INFORMATION:

This application was submitted by Verde Lakes Property Owners Association, requesting a Use Permit to allow the Verde Lakes Water Company to construct a Business Office and Storage facility on a portion of parcel 404-13-451H measuring approximately 187' X 182'. The water company is currently sharing the clubhouse building with the Verde Lakes Property Owners' Association for their office facility. Their storage yard is at another location. They would like to have both facilities in the same location for the convenience of employees who need to access supplies and for the convenience of citizens who need to access their office. This parcel is split zoned with the clubhouse located in RCU2A zoning district and the proposed office site on the portion of the parcel zoned R1-10. They are also requesting that the fees for this use permit be waived and that the term of the use permit be for the life of the activity on this parcel.

The drive accessing the Verde Lakes Club House is on the North side of the project parcel. The club house sets on an adjacent parcel to the East. There is an additional 40' easement running parallel to Verde Lakes Drive. This project will be reviewed in depth by staff and Design Review Board before construction can commence. The applicant has provided a survey map produced by Heritage Survey showing the correct dimensions of the parcels. A screening fence will be required for this activity because there are residential uses on three sides.

A neighborhood meeting was held on May 25, 2007 at 6:30PM in the Verde Lakes Property Owners' Association Clubhouse. The applicant posted the property and sent out letters to property owners within 300' of the subject property. There was only one resident who attended the meeting and they were in support of the application.

When staff meets with an applicant, it is customary to always discuss the types of applications that would be applicable to the project. The Verde Lakes Property Owners' Association representatives chose to go with a Use Permit. This is the same type of process the Town has used for numerous Camp Verde Water facilities located through out the Town in various locations. Many times, a structure is involved in development that is based on an approval of a use permit. For example, all RV parks and Mobile Home Parks within the Town is required to have a use permit, even if it is zoned Commercial. The only exception would be if the park is developed under a PUD.

Six agencies were notified of this application and at this time we only have three responses. The Town Engineer had no comment. Yavapai County Flood Control District had no objections to this use permit but did indicate that the applicant must submit a drainage report and grading and drainage plan completed by an AZ Registered Civil Engineer before the Town can issue a building permit. The Yavapai County Environmental Unit had no comment on this application.

38 letters were sent out to property owners within 300' of the subject property and staff has not received any comments either for or against this application as of the writing of this report.

It should be noted that approval of this use permit does not waive any other approvals needed from the Town to improve the subject property or construct any structures.

STAFF RECOMMENDATION(S): approval

I. **USE-PERMITS:**

1. **Purpose:** Use Permits (UP) are provided for instances where a use or uses normally prohibited by a use district should be allowed due to the unique characteristics of the property and of the surrounding areas, but a rezoning to a less restrictive use district is not appropriate. The UP is combined with some other zoning district.
2. **Uses Permitted:** All uses allowed in the use district with which the UP is combined. Any use permitted under the specific terms of the UP.
3. **Special Provisions:**
 - a. Use Permits are applied for in the same manner as zoning district changes.
 - b. Use Permits will be issued for a maximum period of 10 years and may be extended, and modified, by the Town Council for additional periods.
 - c. Use Permits may contain specific limitations on the scope, nature and duration of the use, as deemed proper to secure the objectives of this Ordinance. Use Permits may be for a fixed time period, and a use permit does not grant a vested right beyond the term of the permit. Where an application involves a definite development scheme the applicant must submit a layout and landscape plan, building elevations and other pertinent data as may be requested.
 - d. The Permittee must obtain building permits within six months from the date the use permit was issued. Failure to obtain a building permit or begin the use shall void the permit unless a delay to start the construction has been granted or an extension has been applied for with the Community Development Director prior to the expiration of the six-month period. Additional extensions must go to Council.
 - e. Violation of the terms of the Use Permit or this Ordinance voids the Use Permit.
 - f. If the use or uses for which a Use Permit has been granted are discontinued for a continuous period of six months, the Use Permit is voided.
 - g. Decisions by the Community Development Director which result in the voiding of the Use Permit may be appealed to the Town Council, subject to an application for appeal being on file in the Community Development Department within thirty (30) days of notification of the Use Permit being voided.
 - h. Within thirty (30) days of any change, permittees shall notify the Community Development Department of any changes.

Re: Use Permit Application for TRAILS END RV PARK

Attn: Janna Paulsen; Admin. Assistant

Dear Janna,

I writing your this letter to report to you the results of the
"Neighborhood meeting" that was held at our business address:

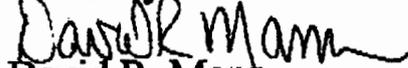

Trails End Rv Park
983 Finnie Flat Rd.
Camp Verde, AZ

A letter was sent to all neighboring property owners inviting them
to attend a meeting to voice any concerns regarding the sign that
we have located near the intersection of Rt260 and Interstate 17.
None of the property owners attended the meeting and I have not
heard from them by any other method of communication.

I hope that this letter is sufficient evidence of the meeting that was
schedule for June 15, 2007.

If you need any additional information from me prior to the
Planning and Zoning Commission meeting scheduled for
July 12, 2007, please let me know.

Sincerely

David R. Mann

**TOWN OF CAMP VERDE
Council Agenda Action Form**

Meeting Type: Regular

Meeting Date: 7-25-07

Type(s) of Presentation: Verbal Only

AGENDA TITLE: Public Hearing, Discussion and possible Approval of Resolution 2007-733 approving Use Permit 2007-0.5 amending Use Permit 2001-01 for parcels 403-17-001A, -001G and -003 to allow the addition of 30 more ranchers and more residential structures, and the granting a time extension on removing the manufactured home structure housing the health clinic as required by Resolution 2002-541 for Rainbow Acres, a ranch style community for adults with developmental disabilities located at 2120 Reservation Loop Road.

PURPOSE AND BACKGROUND INFORMATION: This request is the second amendment to the plan originally submitted and approved in 2001 that had a master plan concept for the complete site. In 2002, an amendment to this plan was approved for a Health Clinic to be added to the site, replacing the Thrift Store and allowing the use of a 1986 manufactured home structure for the Health Clinic for not more than five years. The five year period will be up in December of 2007. They do have plans to move the clinic into the existing multi-purpose building when the new Community Center is completed. They hope to start construction in early 2008 if all approvals are received.

The master plan continues to progress and changes have been needed to accommodate more residents. The applicant is in the process of having the buildings approved by Design Review and would request that the additional residential buildings be added to the site. They are requesting an additional 3 resident housing units to be added to the site plan. These structures will be built on parcel 403-17-003 and provide assisted living apartments.

During the many years of operation, staff has never received complaints from neighbors on this activity. A neighborhood meeting was held on 5-24-07 on site with three people present. No one present had any issues after hearing the presentation. Documentation of the meeting is included in packet. This meeting was noticed and posted on site. The following agencies have responded and their comments are included in the packet: Yavapai County Flood Control, Environmental Services, Camp Verde Marshals and Public Works. Ten letters were sent out to property owners within 300' and as of the writing of this report, no neighbors have commented.

Dear Nancy,

Rainbow Acres is requesting a revision of our Use Permit to increase our residents by 30 bringing our total capacity to 170.

Rainbow Acres would also like to update our site plan to include three new residential structures housing up to twelve residents.

Rainbow Acres would like to request an extension [reference Resolution PZ 2002-541], which stated that we were to move the Clinic from its present location in a manufactured home by December 2007. Our plans are to move the Clinic into our existing multi-purpose building. This requires the completion of our New Community Center so we can move the kitchen facilities. We then plan on remodeling the existing multi-purpose building and moving the Clinic into it. We are currently in the design phase on the Community Center; we hope to begin construction in 2008.

If you have any further questions, please contact me at 567-5231.

Respectfully,

Steven Ricci

Subject: Your request for review of application UP 2007-05 (Rainbow Acres)

Yavapai Environmental Services has no concern as to the concept of adding three new buildings. We have the permits for the following Buildings; 1, 2, 3, 4, 5, 6, 7, 8, 10, also, building 150 - permit 27364, 7/22/86; storage building w/toilet – permit 31802C, 11/4/88; 2 - 14X60 Mobile & 1- 12X40 mobile permit 35304, 7/22/91; and permit 49253, 2/24/99, for 2 mobiles without kitchen facilities.

However, to review and evaluate your request, we will need at the minimum the following information:

1. Which Buildings are proposed to be new construction?
2. Are the present septic systems to be used/expanded or replaced to accommodate the additional structures?
3. Plot plan identifying the new buildings and existing and/or new septic systems proposed.
4. Identify how many residents for each of the new buildings.

Thank you for your assistance.

Subject: Rainbow Acres General Site Plan

I have no objection to the general site plan as presented; however, will reserve overall approval until the Septic plans are submitted for YCES for approval. At that time YCES will comment on the individual Septic Systems during the permit to construct process. If you need additional input from YCES, please feel free to contact this office. Thank you for your patience.

MEMORANDUM

June 6, 2007

Re: **Use Permit Application; APN: 403-17-001G, 403-17-003, & 403-17-001A**

Thank you for the opportunity to review the Rainbow Acres project. The Flood Control District does not object to the proposed Use Permit.

The property is impacted by two regulatory washes. Please provide a grading and drainage plan and drainage report stamped by an Arizona registered civil engineer for our review and approval. Please see the attached checklists. The hydraulic design should include retention/detention in order to minimize flood impacts downstream. Water harvesting is recommended. A storm water pollution prevention plan is required.

The drainage report submitted should follow the guidelines as outlined in the Yavapai County Drainage Criteria Manual dated 2005. The Manual can be downloaded at:

http://www.co.yavapai.az.us/uploadedFiles/Departments/Development_Services/Reference/DrainageCriteriaManual.pdf

The proposed project is within our regulatory authority. An engineered grading and drainage plan and a storm water pollution protection plan will be required for future development. If you have any questions concerning the aforementioned comments please feel free to call me at (928) 771-7197.

BUILDING PERMIT CHECKLIST FOR CIVIL ENGINEERING REQUIRED FOR FLOODPLAIN DEVELOPMENT

Please check your plan against the listed items for compliance. The following checklist should be used as a guideline. Additional data may be required based upon complexity of the design and location. All reports and plans must meet the requirements outlined in the County's Drainage Criteria Manual.

Site Plan

1. Parcel number, metes and bounds description or subdivision name and lot number
2. Site vicinity map
3. Project engineer's and owner's name, address, phone number, fax number & email address
4. Benchmark/on-site temporary benchmark (TBM) DESCRIPTION AND LOCATION (Should tie into FEMA or County Benchmark)
5. General notes/legend
6. Arizona registered professional civil engineer's seal & signature
7. North direction arrow & engineering scale (typically 1-inch equals 20 feet)
8. Property lines/dimensions, distance of proposed structure from property boundaries
9. Building envelope/tracts/easements/floodplain boundaries
10. Finished floor elevation & statement, "all finished floors shown on this plan are free from inundation during a 100-year peak runoff event."
11. Contour lines/spot elevations for existing and proposed conditions
12. Drainage patterns/arrows/grade breaks
13. Quantify 100-year peak runoff event & delineate floodplains for all washes with drainage areas of 80 acres or greater.
14. Perpendicular cross sections through site. Detail existing and proposed contours, finished floor elevations, foundation depth, regulatory flood elevation and base floodplain surface water elevation.
15. Erosion protection should be provided for structures 20 feet or less from the nearest wash bank. For washes with 100-year peak discharges of 500 cfs or greater, erosion and scour protection for proposed structures must meet the requirements outlined in Chapter 7 of the County Drainage Criteria Manual. Structures within floodplains and floodways must meet the requirements outlined in Chapter 4 of the County Drainage Criteria Manual.
16. Culvert cross-section and profile. The minimum allowable culvert diameter is 18-inch. Culverts must be designed with headwalls or adequate protection around the inlets and outlets.
17. Fences/block walls with type & location of drainage openings
18. Cut and fill slopes must not exceed 2:1 (horizontal to vertical), and should be re-vegetated with native plants or riprap for erosion control. Steeper slopes must be certified to be stable by an Arizona Registered Civil Engineer or retaining walls should be constructed in these areas.
19. The foundation of the structure must be vented per FEMA requirements and all machinery and electrical equipment must be elevated above the Regulatory Flood Elevation.
20. Septic tank location or detail sewer line connection
21. Foundation design plans. Construction material below base flood elevation must be detailed as flood resistant material.
22. Add note, "An Arizona Registered Engineer or Land Surveyor must submit a FEMA Elevation Certificate to the Flood Control District for review and approval, prior to final inspection of the property."
23. Add note, "The Flood Control District requires a final inspection. Please call the Prescott Office at (928) 771-3197 to schedule an inspection."

Drainage Report

1. USGS or best available drainage area map
2. Location of lot and structure on the current FEMA Flood Insurance Rate Map
3. Hydrologic analysis and channel/wash hydraulic analysis
4. Culvert analysis
5. Floodway/Floodplain and foundation scour analysis with "No Rise Certification"
6. Lateral Erosion Setback or Structure Design per Arizona State Standard 5-96
7. Arizona registered professional civil engineer's seal & signature

If you have any questions, please contact the Flood Control District at (928) 771-3197.

COMMERCIAL BUILDING PERMIT REQUIREMENT CHECKLIST FLOOD CONTROL DISTRICT

All submittals must be completed by an Arizona Registered Civil Engineer, unless these details are not required due to site conditions as determined by the Flood Control District. Submittals must meet the requirements outlined in the County's Drainage Criteria Manual.

___ 1. **Off-Site Hydrology.** Need to determine the quantity, the entrance and exit points, and how the flow is to be routed through the site. Historical drainage patterns should be maintained at the property boundaries without adversely impacting neighboring properties.

___ 2. **On-Site Hydrology.** Need to show how drainage is routed away from proposed structures and into proposed drainage facilities. For most commercial developments retention/detention facilities will be required to detail pre minus post development conditions will not increase drainage from the site.

___ 3. **On-Site Hydraulics.** Provide hydraulic calculations for any channels, culverts, storm drains, or street drainage. Floodplain delineations are required for sites with washes with drainage areas greater than 40 acres.

___ 4. **Topography.** Must provide existing and proposed elevation contours for the property. Typical contours intervals are at 1-foot unless otherwise approved by the Flood Control District.

___ 5. **Cross Sections.** Need to show perpendicular cross sections through the site indicating property lines, swales, detention/retention areas, floodplain elevations, finished floor elevations and street details.

___ 6. **Dry Wells.** Provide detail drawings of the dry well and a copy of the well registration with the Arizona Department of Environmental Quality.

___ 7. **Erosion Setback and Scour Depth Analysis.** Provide an analysis per Arizona State Standard 5-96 detailing all proposed developments are outside of any erosion hazard area.

___ 8. **Finished Floor Elevation.** Need to show the finished floor elevations and provide a certification statement, "All finished floor elevations detailed on these plans are free from inundation during the 100-year peak runoff event."

___ 9. **Storm Water Pollution Prevention Plan.** Provide a copy of the Storm water Pollution Prevention Plan for our review. A copy of the Arizona Department of Environmental Quality's Notice of Intent submittal should be provided for our files.

Any questions should be directed to the Flood Control District at (928) 771-3197.

ORDINANCE 2007 A343

**AN ORDINANCE OF THE MAYOR AND COMMON COUNCIL OF
THE TOWN OF CAMP VERDE, YAVAPAI COUNTY, ARIZONA
AMENDING SECTION 109 OF THE ZONING ORDINANCE REMOVING LANGUAGE CONCERNING
FARM ANIMALS UNDER PERMITTED USES AND ADDING LANGUAGE THAT REFERS TO
SECTION 108, LIVESTOCK REGULATIONS.**

WHEREAS, the Town of Camp Verde adopted the Planning and Zoning Ordinance in Ordinance 87 A23, approved July 9, 1987, and

WHEREAS, Section 108 of the Planning and Zoning Ordinance allows for the amendment, supplement or change of zoning text regulations of the Planning and Zoning Ordinance by the Town Council, and

WHEREAS, the Town Council has an abiding interest in protecting the public health safety and welfare by establishing requirements for provisions of the Planning and Zoning Ordinance by including definitions.

NOW, THEREFORE BE IT ORDAINED BY THE MAYOR AND COMMON COUNCIL OF THE TOWN OF CAMP VERDE AS FOLLOWS:

Section 1. Section 109 of the Zoning Code is hereby amended as the following:

A. R1L DISTRICT (single family limited)

1. DISTRICT PROVISIONS: Supplementary or supplanting General Provisions (Section 108)

a. Where no Density District has been combined, then all provisions of the D8 District shall prevail.

b. Any use permitted subject to securing a use permit indicated thus: (UP)

2. PERMITTED USES AND STRUCTURES:

a. Dwelling unit for one family on any one lot (except pre-fab dwellings).

b. Religious institutions (in permanent buildings).

c. Educational institutions (including private schools, provided they offer a curriculum of general instruction comparable to similar public schools).

(UP) d. Community parks, playgrounds or centers.

(UP) e. Public utility facilities (but not business offices nor repair or storage facilities) when necessary for serving the surrounding territory.

f. Golf courses with accessory uses such as pro shops, shelters, rest rooms, etc. (but not commercial driving ranges or miniature putting courses).

g. Farm animals ~~(except swine) on lots of no less than 70,000 square foot for the convenience and pleasure of the lot owner or occupant (not to exceed two such animals per acre). Stables, barns, or structures for sheltering or feeding animals must observe the same setbacks or yards as the dwelling unit. See Section 108D Livestock allowances and limitations~~

h. Accessory uses and structures (located on the same lot with the principle uses and structures and including the following):

- (1) Swimming pools in other than the front yard.
- (2) Quarters for servants and/or non-paying guests attached to the dwelling (prohibited facilities for preparation of food).
- (3) Temporary offices and construction sheds and yards incidental to a recorded subdivision development or other construction project for a period not exceeding twelve (12) months (prohibited closer to lot boundary than is allowed for a principle building in the District).
- (4) Open land confectionery and recreation facilities accessory to religious or educational institutions (confined to same lot).
- (5) Household pets.
- (6) Fences and free standing walls.
- (7) Appurtenant signs (See Section 118).
- (8) Parking facilities to meet no less than the minimum requirements as provided under the General Provisions.
- (9) Home Occupations.

(a) Signs per Section 118, Non-Commercial signs.

i. Occupancy of temporary housing, including travel trailers, during the construction of a permanent dwelling is allowed during the twelve (12) months period after issuance of a building permit. A permit must be obtained prior to occupancy of the temporary housing. Fees for temporary dwelling permits shall be determined by the Town Council.

B. R1 DISTRICT (single family and cluster dwellings)

1. DISTRICT STIPULATIONS: Supplementary or supplanting General Provisions (Section 108).

a. Where no Density District has been combined, then all provisions of the D10 District shall prevail.

b. Any use permitted subject to securing a Use-Permit: (UP)

2. PERMITTED USES AND STRUCTURES:

a. All principle and accessory uses and structures permitted in R1L District.

b. Dwelling unit for one family on any one lot.

(UP)

c. A group of dwelling units (attached or detached) each having separate individual ownership and providing common services and recreation facilities under unified management (the maximum number of such units allowed on a lot shall not exceed the number of times the gross area of such is divisible by the minimum lot area allowed for the District).

(1) Such allowance shall in no case exempt the requirement of maintaining yards adjacent to the exterior site boundaries.

d. Additional accessory uses and structures (located on the same lot with the principle uses and structures and including the following).

(1) Home Occupations

(a) Signs per Section 118, Non-Commercial signs.

(2) Roomers or boarders (not to exceed two such for any one dwelling unit).

(3) Farm animals ~~(except swine) on lots of no less than 35,000 square feet for the convenience and pleasure of the lot occupants (not to exceed two such animals per acre). Stables, barns or structures for sheltering or feeding animals must observe the same setbacks or yards as the dwelling unit.~~ See Section

108D Livestock allowances and limitations.

e. Provided that any new dwelling units built or placed upon the site are built in accordance with the Uniform Building Code as adopted, or built in compliance with the Federal Manufactured Housing Construction and Safety Standards Act and bearing a label certifying it complies with the Federal Manufactured Housing Construction and Safety Standards Act.

Section 2. All ordinances or parts of ordinances in conflict with the provisions of this ordinance or any part of the code adopted herein by reference, are hereby repealed, effective as of the effective date of this ordinance.

Section 3. If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions thereof.

Section 4. This ordinance is effective upon completion of publication and any posting as required by law.

DRAFT

**MINUTES
REGULAR SESSION
THE PLANNING AND ZONING COMMISSION
TOWN OF CAMP VERDE
COUNCIL CHAMBERS
THURSDAY JULY 12, 2007
6:30 PM**

Minutes are a summary of the actions taken. They are not verbatim.
Public input is placed after Commission motions to facilitate future research.
Public input, where appropriate, is heard prior to the motion.

1. **Call to Order**
The meeting was called to order at 6:30 p.m.
 2. **Roll Call**
Chairperson Witt, Commissioners Hisrich, Bullard, Butner, German, and Burnside were present; Vice Chairperson Freeman was absent.

Also Present: Community Development Director Nancy Buckel and Recording Secretary Margaret Harper.
 3. **Pledge of Allegiance**
The Pledge was led by Hisrich.
 4. **Consent Agenda** - All those items listed below may be enacted upon by one motion and approved as Consent Agenda Items. Any item may be removed from the Consent Agenda and considered as a separate item if a member of Commission so requests.
 - a. **Approval of Minutes:**
June 7, 2007 – Regular Session
 - b. **Set Next Meeting, Date and Time:**
Aug 2, 2007 – Regular Session – 6:30 p.m.
July 24, 2007 – Work Session on livestock draft, section 108 - 6:30 p.m.
 - c. **Approval of April – June Quarterly Report**
On a motion by Butner, seconded by German, the Consent Agenda was unanimously approved as presented, with the July 24th Work Session moved to the Regular Session on August 2, 2007, at 6:30 p.m..

The members discussed moving the July 24th scheduled Work Session to another date, and it was decided to include that livestock draft discussion on the Regular Session to be held August 2, 2007 at 6:30 p.m.
 5. **Call to the Public for Items not on the Agenda**
There was no public input.
 6. **(Item 5 was inadvertently duplicated.)**
- It was agreed to address Item 8 prior to the remainder of the Agenda.**
7. **Discussion, consideration, and possible selection of a candidate for the next six (6) month term to serve as the liaison to the Design Review Board from the Planning & Zoning Commission. The selected candidate will be**

recommended to the Council for appointment to the Design Review Board. On a motion by Hisrich, seconded by Butner, the Commission unanimously selected Bob Burnside for the next six (6) month term to serve as the liaison to the Design Review Board from the Planning & Zoning Commission.

In connection with rotation of P&Z members to serve on the Design Review Board, Commissioner Burnside indicated his availability for the next 6-month term, replacing Commissioner Bullard; however, he reminded the members of the possibility of his P&Z term ending in September. Following a brief discussion, Burnside was selected to serve as the next liaison to the DRB.

8. **Continued Item: Public Hearing, Discussion and Possible Recommendation on AMD 2007-03 Section 108 D: Amending the Planning and Zoning Ordinance Section 108D Livestock, to address the raising of swine within the Town's limits and other inconsistencies concerning livestock regulations. Staff recommending item to be tabled.**
On a motion by Butner, seconded by Hisrich, the Commission voted unanimously to table Item 8.

Chairperson Witt said that staff has recommended that the public hearing and discussion be tabled regarding the subject item, and action was taken accordingly. Witt confirmed for the public that the work session to address the item is scheduled for August 2nd, 2007 at 6:30 in the Council Chambers.

There was no public input.

9. **Public Hearing Discussion and possible Recommendation on Zoning Map Change 07-02: Submitted by Memi Perkins, agent for Conlin Family Trust, owner of parcels 404-28-014U, -014V, -014W, and -014Z, located on the west side of 7th Street from the intersection of Hollamon south to the intersection of Maryvale. The applicant is requesting the zoning to be changed from R1L-35 to R1L-12 for the purpose of developing a subdivision containing 10 site built homes.**
On a motion by Burnside, seconded by Butner, the Commission voted unanimously to continue this item until such time as the applicant requests action from the P&Z Commission.

STAFF PRESENTATION

Community Development Director said that the request is to rezone a small portion of the remaining vacant land on the west side of 7th Street, and that the rezoning does meet the General Plan Map for high density use. Letters of opposition have been received, and the addresses of those objecting have been indicated on the map. The main concerns expressed have been drainage and increased runoff, the density and the resulting impact to the neighborhood. The applicant will report on the neighborhood meeting and how the concerns of the residents are proposed to be addressed. There are no outstanding comments from outside agencies.

PUBLIC HEARING OPEN

Applicant's Statement

Memi Perkins, representative for the Conlin Family Trust, described the proposed development of site-built homes. Only three neighbors attended the neighborhood meeting, and the primary concern expressed was drainage based on their experience with the drainage problem existing from a previous

subdivision. Ms. Perkins believes that developing the subject property as requested will give the applicant an opportunity to help mitigate some of the drainage issues that exist, as well as controlling the run-off from the proposed project. Ms. Perkins also commented on some of the concerns in the letters of opposition regarding the planned reduction in lot sizes, which she pointed out would be comparable in size to the subdivision directly below, and the slope of the property, which is being addressed by an engineer and a compaction testing company. She also commented on the planned quality of the homes planned for the development.

COMMENT FROM OTHER PERSONS

(Comments from the following individuals are summarized.)

Thomas Drake, a resident directly below two of the Conlin Family Trust lots, said that the entire parcel of land is a hillside, upslope from houses below; he objected to any change in the lot sizes, adding that for a net gain of six house the neighborhood below will be destroyed. Mr. Drake displayed pictures to illustrate his concern about the hillside issue.

Marilyn Ewing made a lengthy and detailed presentation on her objection to the development, using two large picture boards showing the aerial views of the original mapping of the area of the neighborhood indicating contour lines created by using USGS Digital Elevation Models; she also read from, and distributed to the members copies of, the report from Spatial Science Solutions, LLC, the entity that provided those digital images in response to her request for research on slope requirements. Ms. Ewing confirmed that she was speaking only for herself, and pointed out how the existing drainage problems affect her property, although she said it was a natural flow, and that she understood it would always be kept natural from the property terrain behind her. Ms. Ewing also is objecting to the increase in density and resulting lack of privacy, loss of her view and loss of natural vegetation that protects erosion.

APPLICANT'S REBUTTAL

Larry Cepek, civil engineer for the project, outlined the steps that are planned to address the drainage and erosion concerns regarding development of the subject property, as well as the possible different ways to address building homes on slopes.

Memi Perkins said she appreciated the viewpoints of the neighbors, and reminded them that there are still four houses that can be built on the four parcels.

PUBLIC HEARING CLOSED

Board Discussion

The Commission discussed the large number of neighbors objecting to the proposed project that would require a super majority vote in its favor, to begin with. The members also expressed their concerns about the increase in density and the probable reason that zoning was intended to allow only the four homes because of the steep slope; the drainage issues and lack of formal engineering plans to study,

Ms. Perkins was advised that she could request that the Commission vote on the project at this time, although there did not seem to be any members who are in favor of it; in the alternate, it was strongly suggested that the rezoning issue could be continued in order for her to go back and work with the neighbors,

perhaps on a one-to-one basis, and try to convince them that the development would be a good addition, after which the request could be re-addressed. Ms. Perkins said she would be glad to bring the issue back to the Commission for reconsideration as suggested.

- 10. Public Hearing, Discussion and Possible Recommendation to the Town Council on Use Permit 2007-02: A request submitted by the Verde Lakes Property Owners' Association for a use permit to allow the Verde Lakes Water Corporation to have an office and storage yard on parcel 404-13-451H located at 2867 Verde Lakes Drive and split zoned R1-10 and RCU2A.**
On a motion by German, seconded by Bullard, the Commission voted 5-1 to recommend to Town Council approval of Use Permit 2007-02, a request submitted by the Verde Lakes Property Owners' Association for a use permit to allow the Verde Lakes Water Corporation to have an office and storage yard on Parcel 404-13-451H located at 2867 Verde Lakes Drive and split zoned R1-10 and RCU2A; **with a 'no' vote by Witt.**

On a motion by Burnside, seconded by Bullard, the Commission voted unanimously to amend the original motion to reflect that it does not incorporate the RCU2A portion of Parcel 404-13-451H, sized approximately 187.4 by 182.

On a motion by Butner, seconded by German, the Commission voted unanimously to recommend that Council waive the \$500 Use Permit fee paid by the Verde Lakes Water Corp.

STAFF PRESENTATION

Buckel said she understands that the Commission had previously recommended that the applicant consider a rezoning; the applicant has opted to request approval for a Use Permit. The Town has consistently dealt with the Camp Verde Water Company in the past with all their facilities based on Use Permits. It is up to the Commission to proceed to recommend to the Council denial of the Use Permit with the recommendation that the applicant come back with a request for rezoning. Buckel said she is working with the Town Attorney to consider a change to the Use Permit language so it would be one way that the Town would deal with public facilities and services for the community, that is, through Special Use Permits; Buckel reviewed the language of the existing Special Use Permit provisions. There is also the option of rezoning, which creates small bubbles of public facility rezonings in residential areas, and the option of entering into IGA's between governments or special districts. Buckel said that with a Use Permit certain conditions can be imposed on the proposed activity. Buckel also said she understood the concern about constructing permanent structures under Use Permits. The Camp Verde Water Company has been granted a permanent Special Use Permit for their area. If the company became obsolete, then the property would revert back to what its underlying zoning is. The Council will be addressing the issue of Special Use Permits for community facilities, as well as other related issues. Buckel also reviewed the problem of the three connected parcels, two of which have different zoning, and the structures that the Verde Lakes Water Corporation plans to build.

PUBLIC HEARING OPEN

Applicant's Statement

Shirley Brinkman outlined the proposal that was made at the June 7th meeting and confirmed that the easement in question is on the Property Owners Association property. She also provided a site plan to show the planned location

of the office building and storage facility. Yavapai County has indicated they have no problem with the Use Permit being granted. Ms. Brinkman said she is requesting that the Use Permit be permanent.

Alan Williams, Manager of the Water Company, said that a lot of thought and effort have been put into the planned buildings, including meeting with Buckel to discuss ways to accomplish what they are trying to do, and for it to be beneficial to the community.

PUBLIC HEARING CLOSED

Board Discussion

In response to questions, Buckel explained the rationale behind granting Special Use Permits to these types of facilities which would include being able to make stipulations to control the activities, as recommended by the attorneys; also, there is no zoning that allows these types of facilities. Rezoning to commercial could possibly set a precedent for adjacent parcel owners to also request commercial zoning. The Commission discussion questioned the fact that granting the Use Permit for an office building appears to be in violation of the requirements under the Use Permit portion of the Zoning Ordinance. Also, another opinion was expressed strongly suggesting that if the rezoning and General Plan Amendments are so cumbersome that governments cannot follow them, then private citizens should not have to do it either; there should not be any special deals for anybody, and because the Town has "done it wrong" in the past does not mean that it should continue to do so. There was also the strong point made that the Commission must consider the circumstances that underlie requests for special treatment, and that the Special Use Permit procedure is consistently followed by governments treating utilities.

11. **Public Hearing, Discussion and possible Recommendation to the Town Council on a Use Permit 2007-03: A renewal an off premise sign, requested by Lamoin & Judy Gilbert. The sign is located on parcel 404-02-023R owned by Quantum Resources/Limited Partnership, located at Howard's Road & McDonald frontage road next to old air strip.**

On a motion by Butner, seconded by German, the Commission voted unanimously to continue this item until the applicant is ready to submit a final design for this sign with graphics so that it looks more Western in character.

STAFF PRESENTATION

Buckel explained that the request involves the renewal process for the subject off-premise sign; it is still in the same location on property pursuant to an easement that was granted specifically for the sign. Copies of the drawing for the sign have been provided; the neighborhood meeting was held.

PUBLIC HEARING OPEN

Applicant's Statement

Judy Gilbert said the sign has been there for a long time and they hope to use it again in connection with their business, which should also provide jobs. Ms. Gilbert also described the businesses that may be operating on the applicant's

property.

COMMENT FROM OTHER PERSONS

There were no comments from other persons.

APPLICANT’S REBUTTAL

No rebuttal was necessary.

PUBLIC HEARING CLOSED

Board Discussion

The members discussed with the applicant the size and appearance of the proposed sign, including the colors and design, as well as some concern that the existing sign has the look of a billboard. Ms. Gilbert confirmed that they have a permit from ADOT. The role of the Design Review Board regarding signage was also discussed. Ms. Gilbert said she is willing to provide a more attractive design, with a Western flavor. The majority agreed that the applicant should bring a picture of the proposed design back to the Commission to review before action can be taken, and a motion was made accordingly.

- 12. **Public Hearing, Discussion and Action on: UP 2007-04: Public Hearing, Discussion and possible Recommendation to the Town Council on a Use Permit 2007-04 for an off premise sign, requested by Young Ho Kim, agent for David Mann, owner of Trails End RV Park for a sign currently located on parcel 403-22-035G owned by Henry Shill.**

On a motion by Butner, seconded by Bullard, the Commission voted unanimously to recommend to Council re-approval of Use Permit 2007-04, requested by Young Ho Kim, agent for David Mann, owner of Trails End RV Park for an off-premise sign currently located on Parcel 403-22-035G owned by Henry Shill.

STAFF PRESENTATION

Buckel said that this is another Use Permit for an off-premise sign located out on Mr. Shill’s commercially zoned property; the business is still operating and quite a bit of business is gained through that attractive sign that is kept up in good condition. The owner has a current ADOT permit according to a notice from an ADOT representative. The required neighborhood meeting was held.

PUBLIC HEARING OPEN

Applicant’s Statement

Young Ho Kim said the sign is for the RV Park across from Basha’s, said he had a picture of the sign to look at, and requested renewal for another three years.

COMMENT FROM OTHER PERSONS

There was no comment from other persons.

APPLICANT’S REBUTTAL

No rebuttal was necessary

PUBLIC HEARING CLOSED

Board Discussion

The members agreed the sign was attractive, and discussed briefly what the process would be in the event Mr. Shill sells his property; permission for the sign will be up to the new owner. Buckel also explained the problem with the soil and trying to maintain landscaping in the RV Park in response to a comment on that

issue.

- 13. Public Hearing, Discussion and possible recommendation to the Town Council on Use Permit 2007-02: a request to amend Use Permit 2001-01 to increase their residential population by 30 for a maximum of 170, to add some buildings to the site plan and to ask for an extension on the time to relocate the clinic. This request is made by Steve Ricci, agent for Rainbow Acres, Inc. owner of parcels 403-17-001G, and -001A, zoned RCU 2A, located at 2120 Reservation Loop Road.**

On a motion by Butner, seconded by German, the Commission voted unanimously to recommend to Council approval on Use Permit 2007-02, a request to amend Use Permit 2001-01 to increase their residential population by 30 for a maximum of 170, to add some buildings to the site plan and to ask for an extension on the time to relocate the clinic, on Parcels 403-17-001G and -001A, zoned RCU2A, located at 2120 Reservation Loop Road.

STAFF PRESENTATION

Buckel explained that the applicants are requesting that the current Use Permit be modified in order to build two different residential-type complexes as well as a community center, which would allow an additional number of residents. The facility has been well supported by the neighborhood and the community; no complaints have ever been received. They also need the extension on time in connection with relocating the clinic.

PUBLIC HEARING OPEN

Applicant's Statement

Steve Ricci added details on the need for the residential units, describing the accommodations for independent living that will help the higher functioning Ranchers to take the next step toward merging into the community. Mr. Ricci also outlined the plans for the new community center and the relocation of the clinic that is essential to the health of the residents.

COMMENT FROM OTHER PERSONS

There was no comment from other persons.

APPLICANT'S REBUTTAL

No rebuttal was necessary.

PUBLIC HEARING CLOSED

Board Discussion

There was agreement that Camp Verde is proud of Rainbow Acres, followed by a brief discussion and review of the plans outlined by the applicant.

- 14. Commission Informational Reports:**

Butner asked about the status of further addressing the issue of storage containers.

German also commented on the subject of storage containers, as well as the status of the Commission readdressing the sandwich board signs.

- 15. Staff Report**

Buckle explained that there are only two staff members in her department; namely, herself and the Administrative Assistant. The workload has been and is tremendous. Buckle said she is doing the best she can; the question of the signs

is being addressed by the Town Engineer who is also working under a tremendous workload. The storage containers will take some research and time has simply not been available under the current staff situation. Buckle reported that the Design Review Board is doing a good job, trying to be fair and moderate in their decisions. Staff has now been directed to arrange meetings on every commercial building permit in order to ensure better communication. Buckel added that she attended a very informative conference in New Mexico in June on planning and zoning management, and shared some of the highlights.

16 . Adjournment

On a motion by German, seconded by Butner, the meeting was adjourned at 8:55 p.m.
