To the Citizens of Camp Verde:

On behalf of the Town Council, I am pleased to present the proposed FY 2010-2011 Annual Budget. This document provides its readers with information ranging from what it takes to provide the various services to the citizens of Camp Verde, to policies and procedures adopted to ensure the proper handling of resources. The Budget details accomplishments achieved during the prior fiscal year as well as goals and objectives to obtain in the new fiscal year.

Despite the economic challenges faced by the Town, the Town Council felt it a priority to maintain the discretionary services provided to its citizens. These services include, but are not limited to, the Heritage Pool, library services, children's recreational programs, and adult recreational programs. The Heritage Pool is being funded in part through monies received from the Yavapai-Apache Nation. Without this contribution, the Town would not be able to open the Heritage Pool for the entirety of the swim season.

The Town has been reducing expenditures for the past two fiscal years in line with the reduction experienced in revenue collections. Reductions made include providing no merit or cost of living adjustments (COLA) to its employees, holding positions vacant, reorganizing Town departments and personnel, as well as reductions in operating expenditures. Because the Town has reduced expenditures so drastically over the past few years, there is little remaining that the Town is able to reduce and continue to operate. To balance the FY2010-2011 Budget, the remaining shortfall will be funded through a draw on fund balance. Fund balance is the Town's "rainy day fund". This account has been built over the life of the Town in anticipation of economic hardships. The current economic climate necessitates the use of these funds.

Your Town Council and staff will continue to work diligently to provide superior service to the citizens of Camp Verde and be good stewards of the Town's assets entrusted to us in our capacities.

We encourage citizens to become involved in the public process and ask questions of your elected officials. Together, we will see a brighter future for the Town of Camp Verde.

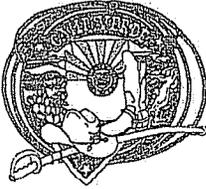

Sincerely,

Mayor Bob Burnside

June 14, 2010

To the Honorable Mayor, Council, Staff, and Community,

We are pleased to submit the Final Budget for the Town of Camp Verde for the fiscal year July 1, 2010 through June 30, 2011 in the amount of \$10,418,511. This is a "bare bones" budget. Operations have been responsibly cut to support the minimum services that the Town's accountability to the citizens requires.

The current economic status has certainly created some challenges. However, in prior years, the elected officials and staff have managed our resources in a way that has allowed us to prepare for current economic conditions. Some of the decisions and actions taken include: Reserve fund far exceeding typical practices, adapting to local revenue declines by making mid-year adjustments, reducing payroll liabilities by implementing a hiring freeze and reassigning employees based on work load demands, and making conservative budget assumptions that have accurately reflected the downturn in revenue collection.

Significant highlights of the recommended final budget are as follows:

- Revenue projections are budgeted conservatively taking into consideration the actual revenues received in fiscal year 2009/10 and tentative funding estimates from the State of Arizona.
- Intergovernmental revenues in the General Fund are down \$429,520 from fiscal year 2009/10 and total General Fund Revenues are down \$777,926.
- Many projects and services remain intact, i.e., Camp Verde Heritage pool to remain open, the Rio Verde Plaza improvements are to be completed, computer/networking infrastructure upgrades and purchase of the much needed financial/governmental software, as well as several public works projects.
- No provisions for cost of living or merit increases. All employees will take a five percent across the board pay reduction with no changes in work hours. In addition, since the Town's administrative office hours were changed to Monday through Thursday, the "Friday after Thanksgiving" Holiday was eliminated.

The final budget was accomplished through the hard work and commitment from Senior Accountant Lisa Elliott, all the Department Heads, and the entire organization. Special credit is due to the Mayor and Council for their time, energy, and unflinching support to see us through this budget process.

Sincerely,

David R. Smith
Interim Town Manager

Town of Camp Verde, Arizona

General Information

The Town of Camp Verde was incorporated on December 8, 1986. According to the 2006 Census Bureau estimates, the population of Camp Verde is 10,610. Because the Town is located along the I-17 freeway, most of the local economy involves service stations, restaurants, hotels, and the like. Tourist attractions include: Montezuma Castle National Monument, Fort Verde State Historic Park, Cliff Castle Casino, and Out of Africa.

Location

Camp Verde is located 86 miles north of Phoenix in Yavapai County. The climate is arid, the hot summer days are often cooled by monsoon rains and the winters are mild. Camp Verde's valley floor is classified as Lower Sonoran Desert. However, because it is situated on the Verde River, Camp Verde occupies a rare and enviable position among Arizona cities and towns. According to the United States Census Bureau, the Town has a total area of 42.6 square miles.

Historic Preservation

The community possesses some of the oldest and finest historic resources in the Verde Valley. Camp Verde is nearly unique in Arizona in having examples of buildings from its entire historic period. Such resources are vibrant links to the past representing the people, processes and events that made the Town what it is today. These resources give Camp Verde a sense of its uniqueness and roots. To demonstrate this point, Fort Verde State Historic Park annually draws approximately 40,000 visitors to the center of Camp Verde, and nearby Montezuma Castle, brings over a million to the area.

Topography and Current Lifestyle

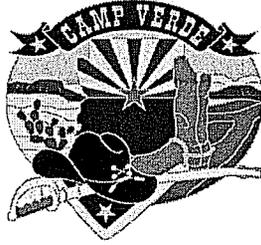

The Town consists of fields of flat river-plain, traversed by the Verde River (18 miles of the river lies within the Town limits) and its tributaries, with desert hills and mesas rising in the forefront of the distant mountains. Beyond the immediate settlement, the land is public, mostly administered by the U.S. Forest Service.

General Plan Vision Statement

The General Plan was approved by voters in March 2005. The vision statement of the General Plan states: Camp Verde will maintain its western, rural, friendly, and historic atmosphere with scenic beauty while meeting the needs of its citizens by providing shopping and employment opportunities along with reasonably priced housing. Natural resources such as water and open space will be a priority for concern. Commercial and residential areas will be near and appealing in appearance so as not to detract from the natural beauty and mountain vistas of the Town.

Mission Statement

We, the Town of Camp Verde and its employees, through our team building efforts, are committed to providing trust and stewardship by forming and nurturing partnerships with our citizens and each other. This partnership will allow us to collectively and strategically plan, deliver in a safe manner, and improve services that provide public safety, health, environmental protection, cultural enrichment, and preserve our financial and natural resources while respecting our special, small-town character and quality of life. This foundation will sustain the public trust through open and responsive government. Ultimately, the quality of life in Camp Verde will measure our success.

What is the Budget?

The budget sets forth a strategic resource allocation plan that is aligned with community goals, preferences, and needs. The budget is a policy document, financial plan, operations guide, and communication device.

Through the budget, the Town of Camp Verde (Town) demonstrates its accountability to its residents and customers. To provide the maximum accountability, this section provides the reader with a basic understanding of the components of the budget document.

Organization of the Budget Document

The budget document includes ten major sections:

1. The Introduction provides the budget message, along with an overview of the Town, including the organization and mission.
2. The Budget Process includes information such as a guide to the budget document, fund structure, budget process, budget calendar, and budget resolution.
3. The Town Policies provide a detailed description of Town financial and other financial-related policies.
4. The Financial Overview illustrates the total financial picture of the Town, including projected fund balances, the sources and uses of funds, and staffing requirements.
5. The Revenue Detail outlines the revenues by fund.
6. The General Fund section includes information on all departments and divisions within the General Fund. Departmental details include a description of the department's description and duties, staffing levels, accomplishments, objectives, explanation of significant expenditure changes, and fiscal notes.
7. The Capital Improvement Projects (CIP) Fund section includes information regarding capital equipment and capital projects.
8. The Special Revenue Funds section includes information on each individual fund. Each fund section is organized in the same manner with a fund summary and detail budgets.
9. The Debt Service Fund section includes information on the debt payments of the Town including summaries and detail budgets.
10. The Appendix includes salary plans, authorized personnel, and a glossary.

Section Descriptions

Introduction

The introduction begins with the budget message. This letter introduces the budget and outlines the assumptions used in the development of the budget, such as economy, revenue constraints, and Council priorities. Also included is an overview of the budget development process and the major changes and challenges facing the Town.

The Town information pages include key officials and staff, the Town organization chart, mission statement, and community information.

Budget Process

The budget process section provides the background of how to use and understand the budget book. It also provides a summary of the process used to complete the budget, the budget calendar followed, as well as the budget resolution.

Town Policies

The Town policies section provides a description of all financial and other financial-related policies as adopted by the Town.

Financial Overview

The financial overview begins with a summary of the total sources and uses of the Town's funds. These graphs illustrate which categories of revenue and expenditures make up the Town's activities.

The fund balance pages provide a look at the fund levels including beginning balances, revenues, expenditures, transfers, and projected ending fund balances. The Town balances the budget using all available resources, which includes the anticipated beginning fund balance from the prior year.

The total financial program, revenue summary, expenditure summary, and operating budget overview provide the reader with a detailed look at all sources and uses, including a history of previous years results.

The personnel summary provides a historic view of staffing levels.

Revenue Detail

The revenue by fund detail section illustrates the revenues categorized by type and fund.

Fund Tabs

Each fund section begins with a summary of the financial outlook for the fund. Following the fund summary are department summaries which include department descriptions and duties, staffing levels, accomplishments, objectives, explanation of significant expenditure changes, fiscal notes, and detailed financial information.

Capital Improvement Projects

This section includes the detailed requirements for capital equipment and capital projects. Each year the Town updates the Capital Improvement Projects (CIP) Plan, which is an integral part of the budget process.

Appendix

The appendix includes the following components:

Salary Plans

Provides detailed salary information for each position including the minimum, midpoint, and maximum salary.

Personnel Schedule

Provides a detailed list of all positions by department.

Glossary

Many of the terms used in government are unique. In addition, the budget includes many different types of business areas. The unique terms are described in the glossary.

Fund Structure

To ensure legal compliance and financial management for the various restricted revenues and program expenditures, the Town's accounting and budget structure is segregated into various funds. The Town utilizes fund accounting which is a method of tracking revenues and expenditures based on restrictions being placed on the revenues requiring that they be used for specific purposes only. Each fund is considered a separate accounting entity. All funds except agency funds are included in the budget document. Agency funds are not required to be included in the budget document as they are monies belonging to separate entities which the Town holds in trust for them.

Governmental Funds

1. **General Fund** - The General Fund is the main operating fund of the Town of Camp Verde. It accounts for the majority of the departments within the Town.
2. **Special Revenue Fund** - Special Revenue Funds are separate accounting records used to track revenues (and the related expenditures) that are legally restricted for specific purposes. The Town maintains eleven (11) types of Special Revenue Funds as follows:
 - * **Magistrate Special Revenue Fund** - accounts for funds received through fees/fines collections that are usable only for court purposes.
 - * **Non-Federal Grants Fund** - accounts for various grants received from non-federal agencies.
 - * **Yavapai-Apache Nation Gaming Compact Fund** - accounts for monies received through Proposition 200 from the Yavapai-Apache Nation.
 - * **Federal Grants Fund** - accounts for grants received from federal agencies.
 - * **CDBG Grants Fund** - accounts for grant funds received through the Community Development Block Grant programs.
 - * **9-1-1 Fund** - accounts for funds received through the State of Arizona that are designated to be used solely for the purpose of 9-1-1 dispatch related expenditures.
 - * **Library Building Fund** - accumulates funds specifically for the purpose of constructing a new library building.
 - * **Impact Fee Fund** - accounts for development impact fees collected by the Town (General Government, Police Services, Library Services, and Parks & Recreation).
 - * **Housing Grant Fund** - accounts for funds used for and generated from Housing related activities.
 - * **Donations Fund** - accounts for funds given to the Town by donors that are designated for a specific purpose.
 - * **Highway User's Revenue Fund (HURF/Streets)** - accounts for the Town's share of Arizona's highway user tax revenues and associated expenditures.
3. **Debt Service Fund** - Debt Service Fund is used to account for the funding allocations and the payments of general long-term debt principal, interest and related costs.
4. **Capital Project Fund** - Capital Project Funds are used to track the financial resources to be used for the acquisition or construction of capital assets. A capital asset is defined by the Town as any item with an extended useful life whose purchase price (or value if donated) is \$5,000 or more. The Town has two (2) capital project funds:
 - * **Capital Improvement Projects Fund**
 - * **Parks Fund**

All Governmental Funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available. Measurable means that the amount of the transaction can be determined. Available means that the funds are collectible within the current period or soon thereafter to pay liabilities of the current period. Expenditures are recognized when the related liability is incurred.

Fiduciary Funds

1. **Agency Fund** - The Agency Fund is used to account for monies belonging to other agencies that the Town holds in a trustee capacity. This currently consists of monies held for the Grasshopper Swim Team and Special Olympics.
2. **Fiduciary Funds** - All Fiduciary Funds are accounted for using the accrual basis of accounting. This method of accounting recognizes the financial effects of transactions and other events and circumstances that have cash consequences in the periods in which transactions, events, and circumstances occur, rather than only in the periods in which cash is received or paid by the government.

Account Structure

A number of accounts are found within each fund. The account structure for expenditures is used to determine the department/division for which the transaction is related, as well as the detailed type of transaction. It provides distinguishing characteristics for each transaction. The expenditure account structure begins with the fund number such as 01 for the General Fund. The account is then segregated into either expenditure or revenue codes. Revenue codes begin with the number four (4), expenditure accounts typically begin with the

number two (2). Next, the account is separated into departments and divisions such as Community Development - Current Planning. Finally, the account is divided into element/object, which is used to identify the particular expenditure type. For example, the General Fund, Current Planning, Office Supplies expenditure account number would be: 01-20-52-7030.

The revenue account structure begins with the fund number such as 01 for the General Fund. The account is then segregated into either expenditure or revenue codes. For the revenue codes, this also determines whether the revenue type is a local revenue (40), county revenue (43), or state revenue (41). Next, the account is separated into departments and divisions such as Parks and Recreation - Children's Recreational Programs. Finally, the account is divided into element/object, which are used to identify the particular revenue type. For example, the General Fund, Children's Recreational Programs, Recreation Fees would be account: 01-40-83-4210.

Budget Process

The preparation of the budget requires departments to evaluate goals and objectives as well as departmental processes in order to accomplish these goals and objectives. Preparation of the budget begins in February and continues through adoption in July. Policies are in place to insure the proper preparation of the budget including public participation. The Town firmly believes that the budget preparation is a participatory project as it affects all those within the Town: citizens, employees, and visitors.

Operating Budget Policies

1. The Town will adopt a balanced budget by June 30 of each year.
2. An annual base operating budget will be developed by conservatively projecting revenues and expenditures for the current and forthcoming fiscal year.
3. Current revenues will be sufficient to support current operating expenditures and a budgeted positive operating position will be maintained.
4. Annual operating budgets will provide for adequate design, construction, maintenance and replacement of the Town's capital assets.
5. The purchase of new or replacement capital equipment with a value of \$5,000 or more and with a minimum useful life of two years will require budget approval.
6. The Town will annually project its equipment replacement and maintenance needs for the next five years. A maintenance and replacement schedule will be developed and followed.
7. The Town will annually review the General Fund operating position to determine if funds are available to operate and maintain future capital facilities. If funding is not available for operations and maintenance costs, the Town will delay construction of the new facilities.

Use of Contingency Funds

The Town budgets for Contingency Funds for the following purposes:

1. To offset unexpected revenue shortfalls.
2. When unanticipated and/or inadequately budgeted expenditures increase so that service measures can be maintained.
3. When unanticipated and/or inadequately budgeted capital projects are approved by the Town Council.

All requests to use Contingency Funds will require justification of the financial need and approval from Council.

Fund Balance

Arizona law (Title 42 Arizona Revised Statutes) requires the Town Council to annually adopt a balanced budget. The Town of Camp Verde will develop a balanced budget where projected revenues meet or exceed projected expenditures. In the event that projected revenues are not adequate to sustain the service delivery system desired by the Town's citizens, a draw on fund balance may be authorized by the Town Council. As a sound management practice, the Town has established a goal of not budgeting fund balance to support long-term, ongoing expenses.

Budget Process

1. The budget process begins in February with an off-site retreat of Council Members and Department Heads to discuss the departments' priorities and obtain guidance from Council on strategic objectives and special funding requests.
2. In March, the Finance Department compiles information, makes projections, and completes non-departmental revenue estimates. Based on the revenue estimates projected, the Finance Department determines the subsidy allocation to be provided to each department through a General Fund Subsidy Allocation. These allocations are distributions of the monies provided from general purpose revenues (non-departmentally generated revenues) to help fund the department's operations. A meeting is held with the Department Heads to convey the budget direction, discuss the budget process, and explain the General Fund Subsidy allocation amounts allocated to each department.
3. Department Heads develop the budgets for their departments as they best understand the operational needs of their departments. The Finance Department completes the salary related projections for the Manager's Recommendation column and will provide estimates for Department Heads relating to current and requested staffing levels.
4. In April, Department Heads submit their completed budget requests to the Finance Department for compilation of the budget work papers. Individual meetings are held with each of the Department Heads to discuss their budget requests and to assure that the Departments' narratives are complete.
5. In May, the draft budget is distributed to Council Members and Department Heads. Budget Work Sessions are held to present each budgetary unit to Council, answer questions that may arise, make adjustments as directed, and obtain Council's preliminary approval of the requests. The Finance Department makes final adjustments to the budget and verifies that all information is properly included in the budget document.
6. In June, the Tentative Budget is approved by Council and the budget is advertised in the local newspapers for two consecutive weeks.

7. In July, Public Hearings on the Tentative Budget are held. If no changes have been directed, the Final Budget is adopted and implemented.

Budget Amendments

Once the tentative budget is adopted, the expenditure limitation amount is set for the fiscal year. The Town Council may not approve additional appropriations above that amount. Throughout the fiscal year, amendments may be made to the adopted budget. All budget amendments must be approved by the Town Council. Budget amendments include, but are not limited to, transfers of appropriations between departments, transfers of appropriations from the Contingency to departments and/or funds, and transfers of appropriations between funds.

Budget Monitoring

1. The Finance Department, along with each Department Head, monitors the budget continuously throughout the fiscal year. The Town focuses on the object level (total salary expenditures, total operational expenditures, etc) of tracking rather than focusing on the sub-object level (each specific line item). This means that instead of tracking each line item to ensure that it remains within the budget appropriation, the focus is on whether the Department as a whole operates within its total budget appropriation.
2. Revenue projections are monitored monthly and statistically projected throughout the remainder of the fiscal year to determine the need to decrease expenditure appropriations in order to maintain a balanced budget.
3. Financial reports are given to the Town Council and Department Heads monthly detailing the status of each department and the Town as a whole. Along with these reports, the Finance Department also presents a report to Council detailing the revenue projections through the end of the fiscal year and makes recommendations as needed to decrease appropriated expenditures, as a result of any shortfall in our revenue base which may materialize.

Principles of Sound Financial Management

The Town of Camp Verde has an important responsibility to its citizens to carefully account for public funds, manage finances wisely, manage growth and plan the adequate funding of services desired by the public, including the provision and maintenance of public facilities. The Town needs to ensure that it is capable of adequately funding and providing those local government services needed by the community.

The following Financial Policies that were adopted to the Town Code on July 15, 2009 establish a framework for overall fiscal planning and management. They set forth guidelines against which current budgetary performance can be measured and proposals for future programs can be evaluated. Adopted financial policies reflect the Town's commitment to sound financial management and fiscal integrity to the credit rating industry and prospective investors. The financial policies also improve the Town's fiscal stability by helping Town officials plan fiscal strategy with a consistent approach. Adherence to adopted financial policies promotes sound financial management, which can lead to improvement in Town bond ratings and lower cost of capital. The Town is in compliance with the comprehensive financial policies adopted.

Other Financial Related Policies on page 3-12 include narratives regarding other policies and procedures that have an impact on the financial operations of the Town. These policies include: Financial Operations Guide, Purchasing Policies, Fraud Policy, User Fee Cost Recovery and Indirect Cost Allocations, and Development Fees.

It is important to regularly engage in the process of regularly reviewing these policies. As the Town continues to grow and develop, changes to these policies may be necessary to ensure the proper handling of the Town's finances.

Of the Town of Camp Verde,
Yavapai County, Arizona
Amending Town Code Chapter 3, Administration,

Financial Policies

Section 3-4-1 Budget Policy

The Town of Camp Verde has a responsibility to its citizens to carefully account for public funds, manage the finances wisely, and plan for adequate funding of services that are desired by the public.

The following budget policy provides guidance for preparing the Town of Camp Verde's annual budget (all funds) as well as adoption, implementation, and monitoring of the budget.

Section 3-4-1.1 Budget Philosophy

The Town of Camp Verde's budget philosophy includes funding the service delivery system using the resources provided through current revenue collection while planning for future needs through capital funding and maintenance.

Section 3-4-1.2 Balanced Budget

Arizona law (Title 42 Arizona Revised Statutes) requires the Town Council to annually adopt a balanced budget. The Town of Camp Verde will develop a balanced budget where projected revenues meet or exceed projected expenditures. In the event that projected revenues are not adequate to sustain the service delivery system desired by the Town's citizens, a draw on fund balance may be authorized by the Town Council. In addition, the Town will not use one-time (non-recurring) revenues to fund continuing (recurring) expenditures.

Section 3-4-1.3 Budget Process

- A. The budget process begins in February with an off-site retreat of Council Members and Department Heads to discuss the departments' priorities and obtain guidance from Council on strategic objectives and special funding requests.
- B. In March, the Finance Department compiles information, makes projections, and completes non-departmental revenue estimates. Based on the revenue estimates projected, the Finance Department determines the subsidy allocation to be provided to each department through a General Fund Subsidy Allocation. These allocations are distributions of the monies provided from general purpose revenues (non-departmentally generated revenues) to help fund the department's operations. A meeting is held with the Department Heads to convey the budget direction, discuss the budget process, and explain the General Fund Subsidy Allocation amounts allocated to each department.
- C. Department Heads develop the budgets for their departments as they best understand the operational needs of their departments. The Finance Department completes the salary related projections for the Manager's Recommendation column and will provide estimates for Department Heads relating to current and requested staffing levels.
- D. In April, Department Heads submit their completed budget requests to the Finance Department for compilation of the budget work papers. Individual meetings are held with each of the Department Heads to discuss their budget requests and to assure that the Departments' narratives are complete.
- E. In May, the draft budget is distributed to Council Members and Department Heads. Budget Work Sessions are held to present each budgetary unit to Council, answer questions that may arise, make adjustments as directed, and obtain Council's preliminary approval of the requests. The Finance Department makes final adjustments to the budget and verifies that all information is properly included in the budget document.

- F. In June, the Tentative Budget is approved by Council and the budget is advertised in the local newspapers for two consecutive weeks.
- G. In July, Public Hearings on the Tentative Budget are held. If no changes have been directed, the Final Budget is adopted and implemented.

Section 3-4-1.4 Budget Amendment Policy

Once the tentative budget is adopted, the expenditure limitation amount is set for the fiscal year. The Town Council may not approve additional appropriations above that amount. Throughout the fiscal year, amendments may be made to the adopted budget. All budget amendments must be approved by the Town Council. Budget amendments include, but are not limited to, transfers of appropriations between departments, transfers of appropriations from the Contingency to departments and/or funds, and transfers of appropriations between funds.

Section 3-4-1.5 Budget Monitoring

- A. The Finance Department, along with each Department Head, monitors the budget continuously throughout the fiscal year. The Town focuses on the object level (total salary expenditures, total operational expenditures, etc) of tracking rather than focusing on the sub-object level (each specific line item). This means that instead of tracking each line item to ensure that it remains within the budget appropriation, the focus is on whether the Department as a whole operates within its total budget appropriation.
- B. Revenue projections are monitored monthly and statistically projected throughout the remainder of the fiscal year to determine the need to decrease expenditure appropriations in order to maintain a balanced budget.
- C. Financial reports are given to the Town Council and Department Heads monthly detailing the status of each department and the Town as a whole. Along with these reports, the Finance Department also presents a report to Council detailing the revenue projections through the end of the fiscal year and makes recommendations as needed to decrease appropriated expenditures, as a result of any shortfall in our revenue base which may materialize.

Section 3-4-1.6 Budget Calendar

In February of each year, the Finance Director shall brief the Town Council and obtain approval of the budget calendar for the following fiscal year.

Section 3-4-1.7 Fund Accounting

The Town utilizes fund accounting which is a method of tracking revenues and expenditures based on restrictions being placed on the revenues requiring that they be used for specific purposes only. Each fund is considered a separate accounting entity. All funds except agency funds are included in the budget document. Agency funds are not required to be included in the budget document as they are monies belonging to separate entities which the Town holds in trust for them.

Section 3-4-1.8 Governmental Funds

- A. **General Fund** - The General Fund is the main operating fund of the Town of Camp Verde. It accounts for the majority of the departments within the Town.
- B. **Special Revenue Fund** - Special Revenue Funds are separate accounting records used to track revenues (and the related expenditures) that are legally restricted for specific purposes.
- C. **Debt Service Fund** - Debt Service Fund is used to account for the funding allocations and the payments of general long-term debt principal, interest and related costs.
- D. **Capital Project Fund** - Capital Project Funds are used to track the financial resources to be used for the acquisition or construction of capital assets. A capital asset is defined by the Town as any item with an extended useful life whose purchase price (or value if donated) is \$5,000 or more.

All Governmental Funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available. Measurable means that the amount of the transaction can be determined. Available means that the funds are collectible within the current period or soon thereafter to pay liabilities of the current period. Expenditures are recognized when the related liability is incurred.

Section 3-4-1.9 Fiduciary Funds

- A. **Agency Fund** - The Agency Fund is used to account for monies belonging to other agencies that the Town holds in a trustee capacity. This currently consists of monies held for the Grasshopper Swim Team and Special Olympics.
- B. **Fiduciary Funds** - All Fiduciary Funds are accounted for using the accrual basis of accounting. This method of accounting recognizes the financial effects of transactions and other events and circumstances that have cash consequences in the periods in which transactions, events, and circumstances occur, rather than only in the periods in which cash is received or paid by the government.

Section 3-4-1.10 Budget Basis

The Town maintains its financial records in accordance with Generally Accepted Accounting Principals (GAAP) for government entities. The budgets of General Government Funds are prepared on a modified accrual basis. This includes all fund types managed by the Town of Camp Verde.

Section 3-4-2 Debt Policy

The Town utilizes long-term debt to finance capital projects with long useful lives. Financing capital projects with debt provides for an "intergenerational equity", as the actual users of the capital asset pay for its cost over time, rather than one group of users paying in advance for the cost of the asset.

The purpose of this debt management policy is to provide for the preservation and eventual enhancement of the Town's bond ratings, the maintenance of adequate debt service reserves, compliance with debt instrument covenants and provisions and required disclosures to investors, underwriters, and rating agencies. These policy guidelines will also be used when evaluating the purpose, necessity, and condition under which debt will be issued. These policies are meant to supplement the legal framework of public debt laws provided by the Arizona Constitution, State Statutes, City Charter, federal tax laws, and the Town's current bond resolutions and covenants.

All projects funded with General Obligation Bonds or Revenue Bonds can only be undertaken after voter approval through a town-wide bond election.

Section 3-4-2.1

1. The overall debt management policy of the Town is to ensure that financial resources of Town are adequate in any general economic situation to not preclude the Town's ability to pay its debt when due.
2. The Town will not use long-term debt to fund current operations or projects that can be financed from current revenues or resources. The Town will first attempt "pay as you go" capital financing.
3. The Town does not intend to issue commercial paper (CP) or bond anticipation notes (BANs) for periods longer than two years or for the term of a construction project. If CP or a BAN is issued for a capital project, it will be converted to a long-term bond or redeemed at its maturity.
4. The issuance of variable rate debt by the Town will be subject to the most careful review and will be issued only in a prudent and fiscally responsible manner.
5. Whenever the Town finds it necessary to issue revenue bonds, the following guidelines will be adhered to:
 - a. Revenue Bonds are defined as a bond on which the debt service is payable from the revenue generated from the operation of the project being financed or a category of facilities, from other non-tax sources of the Town, or from other designated taxes such as Highway User's Revenues, excise tax, or special fees or taxes. For any bonds or lease-purchase obligations in which the debt service is paid from revenue generated by the project, that debt service is deemed to be revenue bonds and are excluded from the calculation of the annual debt service limitation.
 - b. Revenue Bonds of the Town will be analyzed carefully by the Finance Department for fiscal soundness. The issuance of Revenue Bonds will be subject to the most careful review and must be secured by covenants sufficient to protect the bondholders and the name of the Town.
 - c. Revenue Bonds should be structured to provide level annual debt service over the life of the issue.
 - d. Debt Service Reserve Funds should be provided when required by rating agencies, bond insurers, or existing bond covenants.
 - e. Interest earnings on the reserve fund balances will be used to pay debt service on the bonds unless otherwise committed for other uses or purposes of the project.
 - f. The term of any revenue bond or lease obligation issue will not exceed the useful life of the capital project, facility or equipment for which the borrowing is intended.
 - g. The target for the term of Revenue Bonds will typically be between twenty and thirty years. The target for the "average weighted maturities" for Revenue Bonds of the Town (except for those issued through the Arizona Water Infrastructure Finance Authority) will be twelve and one half (12 1/2) years.
6. Improvement District (ID) and Community Facility District (CFD) Bonds shall be issued only when the formation of the district demonstrates a clear and significant purpose for the Town. It is intended that Improvement District and Community Facility District Bonds will be primarily issued for neighborhoods and business districts desiring improvements to their property such as roads, water lines, sewer lines, street lights, and drainage. The District must provide a specific benefit to the property owner(s). The Town will review each project through active involvement of Town staff and/or selected consultants to prepare projections, review pro-forma information and business plans, perform engineering studies, analyze minimum debt coverage and value to debt ratios, and other analyses necessary to consider the proposal against specific criteria. Both ID and CFD Bonds will be utilized only when it is expected that they will be outstanding for their full term.

7. Refunding Bonds will be measured against a standard of the net present value debt service savings exceeding 5% of the debt service amount of the bonds being refunded, or if savings exceed \$750,000, or for the purpose of modifying restrictive covenants or to modify the existing debt structure to the benefit of the Town.
8. The Town shall comply with all U.S. Internal Revenue Service arbitrage rebate requirements for bonded indebtedness.
9. The Town shall comply with all requirements of Title 15.1 Arizona Revised Statutes and other legal requirements regarding the issuance of bonds and certificates of the Town or its debt issuing authority.
10. The Town will maintain regular contact with rating agencies through meetings and visits on and off-site. The Town will secure ratings on all bonds issued if economically feasible.

Section 3-4-3 Fiscal Policy

The overall goal of the Town of Camp Verde's Fiscal Policy is to establish and maintain effective management of the Town's financial resources. The Town's formal policy statements and major objectives provide the foundation for achieving this goal.

Section 3-4-3.1 General Financial Goals

1. To maintain a financially viable Town that can maintain an adequate level of municipal services.
2. To maintain financial flexibility in order to be able to continually adapt to local and regional economic changes.
3. To maintain and enhance the sound fiscal condition of the Town.

Section 3-4-3.2 Operating Budget Policies

1. The Town will adopt a balanced budget by June 30 of each year.
2. An annual base operating budget will be developed by conservatively projecting revenues and expenditures for the current and forthcoming fiscal year.
3. Current revenues will be sufficient to support current operating expenditures and a budgeted positive operating position will be maintained.
4. Annual operating budgets will provide for adequate design, construction, maintenance and replacement of the Town's capital assets.
5. The purchase of new or replacement capital equipment with a value of \$5,000 or more and with a minimum useful life of two years will require budget approval.
6. The Town will annually project its equipment replacement and maintenance needs for the next five years. A maintenance and replacement schedule will be developed and followed.
7. The Town will annually review the General Fund operating position to determine if funds are available to operate and maintain future capital facilities. If funding is not available for operations and maintenance costs, the Town will delay construction of the new facilities.

Section 3-4-3.3 Revenue Policies

1. The Town will try to maintain a diversified and stable revenue system to shelter it from short-term fluctuations in any one revenue source.
2. The Town will estimate its annual revenues by an objective, analytical process utilizing trend, judgmental, and statistical analysis as appropriate. Revenue estimates adopted by the Town Council must be conservative.
3. User fees will be adjusted as needed to recover the full cost of services provided, except when the Town Council determines that a subsidy from the General Fund is in the public interest.
4. One-time operating, capital and reserve revenues will be used for one-time expenditures only.
5. The Town will identify as needed, developer fees and permit charges received from "non-recurring" services performed in the processing of new development and use those funds to meet peak workload requirements.

Section 3-4-3.4 Expenditure Policies

1. The Town will maintain a level of expenditures which will provide for the public well-being and safety of the residents of the community.
2. The Town will decrease appropriated expenditures as necessary to keep total expenditures in line with projected revenues unless it materially affects the level of service provided to the public.

Section 3-4-3.5 Capital Improvement Budget Policies

1. The Town will make all capital improvements in accordance with an adopted and funded capital improvement program and will include an annual six-year plan for capital improvements (CIP design, development, implementation, and operating and maintenance costs).
2. The Town will use intergovernmental assistance to finance only those capital improvements that are consistent with the Capital Improvement Plan and Town priorities, and whose operating and maintenance costs have been included in the budget.

3. The Town will coordinate development of the capital improvement budget with the development of the operating budget. All costs for internal professional services needed to implement the CIP will be included in the operating budget for the year the CIP is to be implemented.
4. The Parks Fund and other special development impact funds may only be used to fund facilities included in the Town's master plans.

Section 3-4-3.6 Short-Term Debt Policies

1. The Town may use short-term debt to cover temporary or emergency cash flow shortages. All short-term borrowing will be subject to Council approval by ordinance or resolution.
2. The Town may issue interfund loans, rather than outside debt instruments to meet short-term cash flow needs. Interfund loans will be permitted only if an analysis of the affected fund indicates excess funds are available and the use of these funds will not impact the fund's current operations.

Section 3-4-3.7 Long-Term Debt Policies

1. The Town will confine long-term borrowing to capital improvements that cannot be funded from current revenues.
2. Where possible, the Town will use special assessment revenue or other self-supporting bonds instead of general obligation bonds.
3. The Town will establish and maintain a Debt Policy.

Section 3-4-3.8 Reserve Policies

1. The Town will maintain emergency reserves (rainy day fund) in the following amounts:
 - * General Fund - Four (4) months of maintenance and operations expenditures.
 - * HURF Fund - Three (3) months of expenditures.

The primary purpose of these reserves is to protect the Town's essential service programs and funding requirements during periods of economic downturn (defined as a recession lasting two or more years), or other unanticipated or emergency expenditures that could not be reasonably foreseen during preparation of the budget.

2. The Town will establish an account to accumulate funds to be used for payment of accrued employee benefits for terminated employees. The level of this reserve will be maintained as a level at least equal to projected costs for employees who are eligible for retirement.
3. Self-insurance reserves will be maintained at a level which, together with purchased insurance policies, adequately protects the Town. The Town will maintain a reserve of three times its self-insurance retention for those claims covered by the insurance pool (of which the Town is a member). The Town will perform an analysis of past claims not covered by the insurance pool and reserve an appropriate amount for uncovered claims.
4. The Town will establish a Capital Equipment Replacement Reserve and a Facilities/Maintenance Capital Asset Reserve for the accumulation of funds for the replacement of worn and obsolete equipment, other than vehicles, and for costs associated with the maintenance of all Town facilities. These reserves will be maintained at a level at least equal to the projected five-year capital asset replacement and maintenance costs.
5. The Town will establish a Fleet Replacement Reserve for costs associated with the replacement of vehicles and other rolling stock as they become unserviceable, obsolete, or reach a predetermined service life. The reserve will be maintained at a level at least equal to the projected five-year fleet replacement costs.

Section 3-4-3.9 Investment Policies

1. The Finance Director will submit an Investment Policy to the Town Council bi-annually on odd numbered years for review and adoption.
2. The Finance Director will invest the Town's monies in accordance with applicable laws and adopted investment policies and direct the investment of bond or note monies on deposit with a trustee or fiscal agent in accordance with the applicable indentures or issuance document.

Section 3-4-3.10 Accounting, Auditing & Financial Reporting Policies

1. The Town's accounting and financial reporting systems will be maintained in conformance with Generally Accepted Accounting Principles and standards of the Government Accounting Standards Board.
2. An annual audit will be performed by an independent public accounting firm with the subsequent issue of an official Comprehensive Annual Financial Report, including an audit opinion. The term for the external auditor will be no longer than three (3) years; the Town will then go to the RFP process for an independent public accounting firm; the firm currently serving the Town will not be eligible to participate in replying to the RFP.
3. A fixed asset system will be maintained to identify all Town assets, their condition, historical cost, replacement value and useful life.
4. Quarterly financial, Capital Improvement Program and Investment reports will be submitted to the Town Council as soon as practicable following the close of the quarter, and will be made available to the public.

5. Full and continuing disclosure will be provided in the general financial statements and bond representations.
6. Maintain a positive municipal credit rating.

Section 3-4-4 Investment Policy

Section 3-4-4.1 Purpose

The purpose of this policy is to create a guide for the investment of Town of Camp Verde (hereinafter referred to as "the Town") funds. The Town currently has no written guidelines advising how the Town should invest its funds, nor guidelines detailing the desired outcomes and priorities. The Town also desires to take advantage of resources not available to the Town through the Local Government Investment Pool.

Therefore, it is the investment policy of the Town and its designee, the Finance Director (hereinafter referred to as "the Finance Director"), to maintain the safety of principal, maintain liquidity to meet cash flow needs and provide competitive investment returns as identified below. The Finance Director will strive to invest with the judgment and care that prudent individuals would exercise in their own affairs.

Section 3-4-4.2 Governing Authority

The investment program of the Town shall be operated in conformance with Federal, State, and other legal requirements, primarily outlined in A.R.S. §35-323.

Section 3-4-4.3 Approval of the Investment Policy

The investment policy shall be formally approved and adopted by the Town Council and reviewed on or about July 1 of every odd numbered year by the Town Council or their designee.

Section 3-4-4.4 Scope

- * This policy is designed to apply to the investment needs of the Town.
- * The Town will consolidate cash and reserve balances from all funds in order to maximize investment earnings and to increase efficiencies with regard to investment management pricing, safekeeping costs and administration costs, except for cash in certain restriction and/or special funds, which are exempted from this policy.
- * Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.
- * The Finance Director will follow A.R.S. §35-323 and other investment guidelines mandated by statute. Investments that need to restrict yield for purposes of the Internal Revenue Service's Arbitrage Bond Regulations (Treasury Regulation Section 1.148-1 et seq.) will be deposited into a separate account and investment in a manner that meets arbitrage guidelines permitted by the IRS.

Section 3-4-4.5 Investment Policy Objectives

The primary investment objectives of the Town in order of priority are:

1. Safety
2. Liquidity
3. Optimal Yield
4. Collateralization

These objectives are defined below:

1. **Safety** - Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to prudently mitigate credit risk and interest rate risk. It is understood by the Town that no investment is completely free of risk.
 - a. **Credit Risk**
The Town will seek to mitigate credit risk, which is defined as the risk of loss due to the failure of the security issuer or backer. Mitigating credit risk is to be accomplished by:
 - * Limiting investments in the portfolio to the asset classes designated as acceptable in A.R.S. §35-323;
 - * Diversifying the investment portfolio so that the impact of potential losses from any one individual issuer held in the portfolio will be limited. Specific diversification parameters will be noted in Section VIII Portfolio Criteria;
 - * Utilizing external research and advice regarding the current global economic condition and its impact on the outlook for domestic corporate credit quality.
 - b. **Interest Rate Risk**
The Town will seek to mitigate interest rate risk, which is defined as the risk that the market value of securities held in the portfolio will decline due to increases in market interest rates subsequent to their purchase. This mitigation will be accomplished by:

- * Structuring the investment portfolio so that securities mature concurrent with the anticipated cash requirements for ongoing operations, thereby avoiding, as much as possible, the need to sell securities in an adverse market environment prior to maturity;
 - * Investing funds primarily in shorter-term securities or similar investment pools and limiting the average maturity of the portfolio in accordance with the needs of the Town;
 - * Utilizing external research and advice regarding the current interest rate outlook and global economic condition to optimize portfolio duration strategy.
2. **Liquidity** - The investment portfolio shall remain sufficiently liquid to meet anticipated cash flow requirements. This is to be accomplished by structuring the portfolio so that securities mature concurrent with anticipated cash flow needs (static liquidity). Furthermore, because all possible cash demands cannot be anticipated, the portfolio should consist of securities for which there exist active secondary markets (dynamic liquidity). Alternately, a portion of the portfolio may be placed in money market funds or the Local Government Investment Pool which offers same-day liquidity for short-term funds.
 3. **Optimal Yield** - Return on investment is of lesser importance compared to the safety and liquidity objectives described above. The investment portfolio shall be designed to optimize the yield the Town obtains from the portfolio taking into account the criteria of the investment policy, the dynamic liquidity needs of the Town and the current interest rate outlook/economic condition.
 4. **Collateralization** - Securities will be registered in the name of the Town of Camp Verde.

Section 3-4-4.6 Investment Management Authority

Authority to manage internally or to delegate the management of the investment program of the Town to an external manager is granted to the Finance Director. If authority to manage all or a part of the investment program of the Town is delegated to an external manager, the Finance Director is responsible for:

- a. Periodic investment portfolio reporting;
- b. Evaluating the performance of the externally managed portfolio;
- c. Monitoring manager compliance with the investment policy;
- d. Conveying the investment needs of the Town to the external manager;
- e. Developing investment strategy with the external manager.

Section 3-4-4.7 Brokers/Dealers

When the Town is investing directly with Broker/Dealers, investment transactions shall only be conducted with financial institutions that are licensed, as may be required by law, to do business in Arizona. Primary government securities dealers or broker-dealers, engaged in the business of selling government securities, shall be registered in compliance with section 15 or 15C of the Securities Exchange Act of 1934 and registered pursuant to A.R.S. §44-3101, as amended. In addition, investment transactions shall be conducted only with those direct issuers who meet both credit and capital requirements established by the Finance Director. It shall be the responsibility of the broker-dealer to provide the following:

- a. Audited, most recent annual financial statements within six months of the close of the fiscal year;
- b. Unaudited, most recent quarterly financial statements;
- c. Proof of National Association of Security Dealers certification;
- d. Proof of Arizona registration (as needed);
- e. A signed letter acknowledging that they have read and agreed to abide by the investment policy.

Section 3-4-4.8 Portfolio Criteria

1. Acceptable Asset Classes

As of 4/16/2007, A.R.S. §35-323A defines the acceptable asset classes available for the Town to invest in as follows:

1. Certificates of deposit in eligible depositories.
2. Certificates of deposit in one or more Federally insured banks or savings and loan associations in accordance with the procedures prescribed in Section 35-323.01.
3. Interest bearing savings accounts in banks and savings and loan institutions doing business in this state whose accounts are insured by federal deposit insurance for their industry, but only if deposits in excess of the insured amount are secured by the eligible depository to the same extent and in the same manner as required under this article.
4. Repurchase agreements with a maximum maturity of one hundred eighty days.
5. The pooled investment funds established by the state treasurer pursuant to §35-326.
6. Obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations or instrumentalities.
7. Bonds or other evidences of indebtedness of this state or any of its counties, incorporated cities or towns or school districts.
8. Bonds, notes, or evidences of indebtedness of any county, municipal district, municipal utility or special taxing district within this state that are payable from revenues, earnings or a special tax specifically pledged for the payment of the principal and interest on the obligations, and for the payment of which a lawful sinking fund or reserve fund has been established and is being maintained, but only if no default in payment on principal or interest on the obligations to be purchased has

occurred within five years of the date of investment, or, if such obligations were issued less than five years before the date of investment, no default in payment of principal or interest has occurred on the obligations to be purchased nor any other obligations of the issuer within five years of the investment.

9. Bonds, notes, or evidences of indebtedness issued by any county improvement district or municipal improvement district in this state to finance local improvements authorized by law, if the principal and interest of the obligations are payable from assessments on real property within the improvement district. An investment shall not be made if:
 - a. The face value of all such obligations, and similar obligations outstanding, exceeds fifty per cent of the market value of the real property, and if improvements on which the bonds or the assessments for the payment of principal and interest on the bonds are liens inferior only to the liens for general ad valorem taxes.
 - b. A default in payment of principal or interest on the obligations to be purchased has occurred within five years of the date of investment, or, if the obligations were issued less than five years before the date of investment, a default in the payment of principal or interest has occurred on the obligations to be purchased or on any other obligation of the issuer within five years of the investment.
10. Commercial paper of prime quality that is rated "P1" by Moody's Investor Service or rated "A1" or better by Standard and Poor's rating service or their successors. All commercial paper must be issued by corporations organized and doing business in the United States.
11. Bonds, debentures and notes that are issued by corporations organized and doing business in the United States and that are rated "A" or better by Moody's Investor Service or Standard and Poor's rating service or their successors.

All other investments are thereby prohibited from consideration for investment. Furthermore, the Town may desire to be more conservative in its investment portfolio and restrict or prohibit certain of the investments listed above.

Section 3-4-4.9 Benchmark

The performance of an actively managed portfolio on behalf of the Town will be expected to at least match the performance of the Local Government Investment Pool during any one-year period.

Occasionally, based on liquidity needs and the portfolio strategy of the Town it may be reasonable and desirable to measure portfolio performance against a total return benchmark. The Finance Director shall define such a benchmark after consultation with professionals in the field of financial management and the Town Council.

Section 3-4-4.10 Maturity Parameters

Funds Maximum Maturity:	3 Years
Maximum Maturity for Repurchase Agreements:	180 Days
Portfolio Duration Target:	To be defined by the Finance Director in consultation with the Town Council.
Portfolio Duration Range:	+/- 20% of the Portfolio Duration Target

Section 3-4-4.11 Concentration and Diversification

At the time of purchase a maximum of 5% of the market value of the portfolio may be invested in debt issued by any single entity. Debt backed by the United States Treasury or GSE's are exempt from this concentration criterion.

Section 3-4-4.12 Minimum Acceptable Credit Quality

As indicated in the table below, all corporate portfolio holdings at the time of purchase must have a minimum rating (*) by at least one of the Nationally Recognized Statistical Rating Organizations (NRSRO's).

	(i) S & P	(ii) Moody's
Short Term Rating	Not lower than the Town of Camp Verde current G.O. Bond Rating or its commensurate short term rating *	Not lower than the Town of Camp Verde current G.O. Bond Rating or its commensurate short term rating *
Long Term Rating	One grade higher than the Town of Camp Verde current G.O. Bond Rating *	One grade higher than the Town of Camp Verde current G.O. Bond Rating *

*In no case shall the rating be lower than that required by A.R.S. §35-323, as amended.

Section 3-4-4.13 Safekeeping and Custody

- A. **Delivery vs. Payment** - All trades of marketable securities will be executed by delivery vs. payment (DVP) to ensure that securities are deposited in an eligible financial institution prior to the release of funds.
- B. **Safekeeping** - Securities will be held by a custodian selected by the Town and evidenced by custodial reports. The safekeeping institution shall annually provide a copy of their most recent report on internal controls (Statement of Auditing Standards No. 70, or SAS 70).

Section 3-4-4.14 Reporting

The Finance Director shall produce for the governing body of the Town or their designee an investment report at least quarterly. The purpose of the report is to enable the Town to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report should include:

- a. A list of individual securities held at the end of the reporting period;
- b. The realized and unrealized gains or losses in the portfolio;
- c. The duration of the portfolio and of each security held in the portfolio;
- d. The maturity date of each security held in the portfolio;
- e. The book value and market value of each security in the portfolio;
- f. The percentage of the total portfolio market value that each security represents;
- g. The yield to maturity of the portfolio and of each security held in the portfolio;
- h. The periodic interest earnings of each security held in the portfolio;
- i. The credit quality of each security held in the portfolio;
- j. The periodic summary of portfolio transactions, including fees incurred for external management and custody services.

Section 3-4-4.15 Custodian Reconciliation

The report of investment holdings shall be reconciled within 30 days of the close of each month to the Finance Director's custodian bank. Discrepancies shall be reported to the Finance Director.

Section 3-4-4.16 Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activities that could conflict with the proper execution and management of the investment program or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose, within ten (10) days, any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with which business is conducted on behalf of the Town.

Section 3-4-4.17 Policy Considerations

Exemption - Any investment currently held that does not meet the guidelines of this policy shall be exempted from the requirements of this policy. At maturity or liquidation, such monies shall be reinvested only as provided by this policy. Any deviation from the preceding policy shall require the prior specific written authority of the Town Council.

Section 3-4-4.18 Investment Training

Investment officials shall have a finance, accounting or related degree and knowledge of treasury functions. Investment training must take place not less than once in a two year period and receive no less than ten hours of instruction relating to investment responsibilities from an independent source such as Government Finance Officers Association, Municipal Treasurers Association, American Institute of Certified

Public Accountants, Government Finance Officers Association - Arizona, Arizona Society of Public Accounting or other professional organizations.

The Chief Financial Officer and all investment officials of the Town shall attend at least one training session relating to their cash management and investment responsibilities within 12 months of assuming these duties for the Town.

Training must include education in investment controls, security risks, strategy risks, market risks, and compliance with state investment statutes.

A report of the training(s) attended shall be submitted to Council at the time of the bi-annual review of the Investment Policy subject to Section 3-4-4.3.

PASSED AND ADOPTED in open meeting by the Mayor and Common Council of the Town of Camp Verde, Yavapai County, Arizona, on the 15th day of July 2009.

Other Financial Related Policies

Financial Operations Guide

The Town adopted the Financial Operations Guide on October 15, 2008. Town employees were trained on the policies and procedures set forth in the Financial Operations Guide. This Guide sets forth policies for all financial related transactions such as cash collections, purchases, payroll, travel, bank reconciliations, assets, etc. The Financial Operations Guide is currently undergoing revisions to include additional policies and revise those that have been further developed for increased control/efficiency.

Purchasing Policies

The Purchasing Policy as established by Town Code Section 3-3 shall be followed to establish and ensure the integrity and accountability of the Town procurement process.

All procurement of goods and services is to be done with the highest degree of ethical integrity and by selection of the most economical and cost-effective vendors and suppliers. Each procurement shall be treated in a manner that will not be adverse to the Town.

Each purchase shall be made impartially, fairly, and without benefit or hint of personal benefit to the public official who is making the purchase.

No public official of the Town shall demand or accept a gratuity of any kind in return for making purchases for the Town. Gratuities shall mean gifts, money, services, or the promise of any gifts, money or services.

A conflict of interest shall occur any time a public official, making a purchase for any dollar amount, has any type of personal relationship with a vendor. Disclosure of any conflict of interest shall be made prior to any purchase and the public official shall remove themselves from the process.

Fraud Policy

The Town's Fraud Policy formalizes the expectations of personal honesty and integrity required of Town officials and employees. This policy prohibits fraud or misuse of the Town of Camp Verde's assets and sets forth specific guidelines and responsibilities regarding appropriate actions that must be followed for the investigation of fraud and other similar irregularities. The Fraud Policy also requires that all employees are in receipt of a copy of the Fraud Policy and receive mandatory annual training to review the Fraud Policy, provide training on ethics, and address any questions that employees may have.

User Fee Cost Recovery and Indirect Cost Allocations

User fees and charges are payments for voluntarily purchased, publicly provided services that benefit specific individuals. The Town relies on user fees and charges to supplement other revenue sources in order to provide public services.

Indirect cost charges are assessed to recover a portion of the costs for services provided between various funds.

The Town may establish user fees and charges for certain services provided to users receiving a special benefit.

The Town will conduct a cost of service study to identify the full cost of providing a service for which fees are charged. The calculation of full cost will include all reasonable and justifiable direct and indirect cost components. Fees and charges will be established to recover the full cost of service, unless the percentage of full cost recovery has been reduced by specific action of the Town Council. It is recognized that occasionally competing policy objectives may result in reduced user fees and charges that recover only a portion of service costs.

The Town will update the fee schedule annually in connection with the budget process.

Development Fees

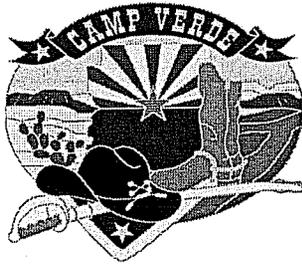

The Council's policy is that growth should pay for itself to the maximum extent possible. As such, the Council has adopted a system of development fees. Development fees are one-time charges assessed against new development to assure that new development contributes its fair share towards the costs of providing public facilities or services reasonably necessitated by such new development. Development fees shall be appropriated only for the particular public facility for which they were imposed, calculated, and collected.

The purposes and intent of the Town's Development Fee Code and procedures are:

- A. To establish uniform procedures for the imposition, calculation, collection, expenditure, and administration of any development fees imposed on new development.

- B. To implement the goals, objectives and policies of the Town of Camp Verde General Plan, as amended from time to time, to assure that new development contributes its fair share towards the costs of providing public facilities or services reasonably necessitated by such new development.
- C. To ensure that new development obtains a reasonable benefit by the public facilities or services provided with the proceeds of development fees.
- D. To ensure that all applicable and appropriate legal standards and criteria relating to the imposition of development fees are properly incorporated into the Town Code.
- E. To ensure that all applicable procedural requirements of A.R.S. §9-463.05 have been met.

At least once every year, the Town Manager or his designee shall coordinate the preparation and submission of an Annual Report to the Mayor and Council on the subject of Development Impact Fees enacted pursuant to Town Code, Section 7-10-3B.

Budget Summary

The Town continues a conservative approach to revenue projection. In the current economic climate, it is difficult to assess the performance of the revenue sources. During the 2009-2010 fiscal year, the Town of Camp Verde has seen long standing businesses close their doors, however, a slight increase in Retail Trade sales tax collections has occurred. A comparison of the total year-to-date Local Sales Tax (Town Sales Tax) collections from April 2009 and April 2010 show an overall increase of sales tax collections. An analysis of individual sales tax categories show that Accommodation taxes are down forty-seven percent (47%) while other categories such as Restaurant & Bar have held fairly steady. The experienced trends and fluctuations in the various categories combined are used to generate the revenue projection for the next fiscal year's budget.

The Town relies heavily on Intergovernmental Revenues to fund its service delivery system. Intergovernmental Revenues consist of State Shared Sales Tax monies, Urban Revenue Sharing (personal and corporate income tax), Vehicle License Tax, Highway User Revenue Funds, monies from the Yavapai County Library District, as well as local government agencies. The majority of these revenue sources will experience declines in FY 2010-2011, the biggest of which is Urban Revenue Sharing. The Town will experience a reduction of \$341,090 in Urban Revenue Sharing.

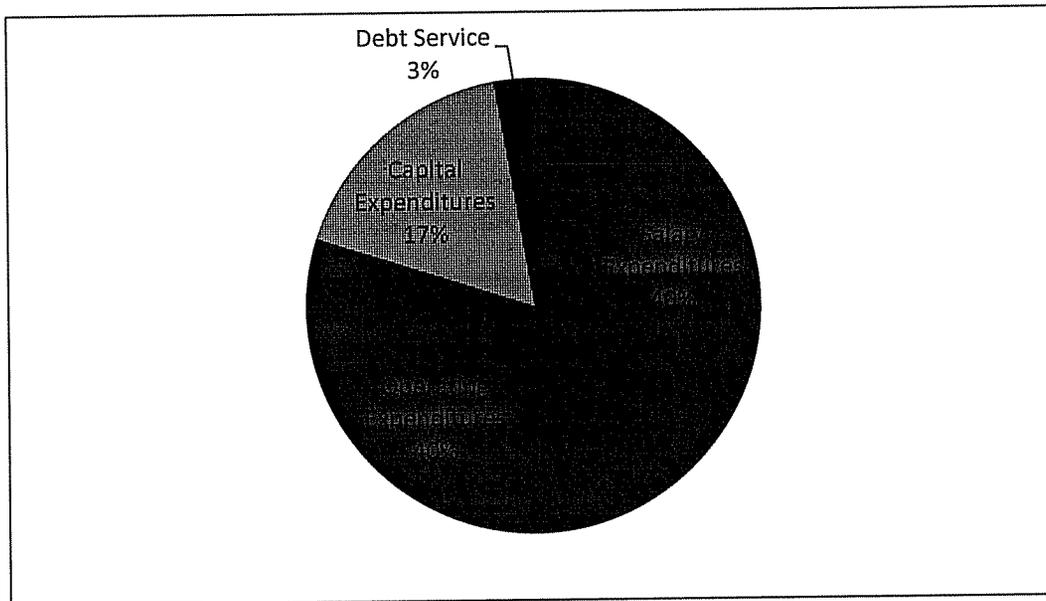

The following chart and table depict where the money comes from to pay for the amount appropriated. In addition to the revenue received, General Fund fund balance in the amount of \$1,179,848 will be utilized.

Revenues	FY07-08 Actual	FY08-09 Actual	FY09-10 Adj Budget	FY10-11 Adopted

The annual budget for the Town is divided into four major components which include all appropriations for the Town. The Salary Expenditures consist of salaries and fringe benefits for all Town employees. The total amount budgeted for Salary Expenditures is \$4,191,773. The Operating Expenditures finance the day-to-day provisions of Town services, grant related activities, and contingency. The total amount budgeted for Operating Expenditures is \$4,136,536. The Capital Expenditures consists of items such as computer equipment, capital leases, as well as construction or improvement of Town facilities and infrastructure, and the purchase of various types of machinery and equipment. Small Capital Expenditure items are budgeted within the various Town accounts. Large capital items are budgeted within the Capital Improvement Projects Fund. The total amount budgeted for Capital Expenditures is \$1,797,581. The Debt Service budget is used to repay money borrowed by the Town, primarily for capital improvements. The amount budgeted for debt service payments in the FY2010-2011 is \$292,621. The total budget, including all four components, is \$10,418,511.

The following chart and table depict the major categories where the monies are appropriated.

Fund Balance Descriptions and Requirements

The Governmental Accounting Standards Board issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions in March 2009 with implementation required for periods beginning after June 15, 2010. "Statement No. 54 will improve the reporting of fund balance by creating fund balance classifications based on the extent to which governments are bound by constraints on resources reported in the funds. This approach is intended to provide users more consistent and understandable information about a fund's net resources."¹ Statement No. 54 breaks fund balance reserves into five classifications: Nonspendable, Restricted, Committed, Assigned, and Unassigned. Requirements for the categories is as follows:

Nonspendable - Items that cannot be spent due to form such as inventories, prepaid amounts, long-term loan and notes receivables, property held for resale, and amounts that must be maintained intact legally or contractually.

Restricted - amounts constrained for a specific purpose by external parties, constitutional provisions or enabling legislation.

Committed - amounts constrained for a specific purpose by a government using its highest level of decision-making authority. It would require action by the same group to remove or change the constraints placed on the resources.

Assigned - for all funds other than the General Fund, any remaining positive amounts not classified as nonspendable, restricted, or committed. For the General Fund, amounts constrained for the intent to be used for a specific purpose by a governing board or a body or official that has been delegated authority to assign amounts.

Unassigned - for the General Fund, amounts not classified as nonspendable, restricted, committed, or assigned. For all other funds, amount expended in excess of resources that are nonspendable, restricted, committed, or assigned.

To implement Statement No. 54, the Town of Camp Verde is developing a Fund Balance Policy that will detail the requirements for fund balance classification, the Town's policy regarding the order of spending of fund balance designations, and reiterate the requirements of Resolution 2001-471 which established minimum levels at which fund balance is to be maintained for the General Fund and HURF Fund.

Resolution 2001-471 states that the General Fund shall maintain a minimum balance of four (4) months of Maintenance and Operations (M&O) expenditures on an annualized basis for contingency purposes. Maintenance and Operations expenditures do not include salary related expenditures. Resolution 2001-471 also states that the HURF Fund shall maintain a minimum balance of three (3) months of HURF expenditures on an annualized basis. The HURF Fund requirements include salary related expenditures.

Using averaged figures from the first ten (10) months of the 2009-2010 Fiscal Year, the amounts required to be maintained in fund balance for contingency purposes should be as follows:

	Reso. 2001-471 Requirements	M&O Only	All Expenses
General Fund	\$ 521,078	\$ 521,078	\$ 1,783,204
HURF Fund	\$ 162,412	\$ 52,918	\$ 162,412

For the Fiscal Year 2010-2011, Council has approved a draw from the General Fund Fund Balance to help fund the service delivery desired by the Town's citizens. The total amount of the draw on General Fund Fund Balance is shown in the General Fund Revenues and Subsidies on page 5-3. \$379,891 will be used to fund General Fund operations. The remaining \$799,957 will be transferred to the Capital Improvement Projects Fund to allow for the completion of projects.

Town Sales Tax Distribution Comparisons

Resolution 2001-471, adopted by Council on June 27, 2001, states that 1% (one percent) of the Town's Sales Tax, except as provided for in Ordinance 99-A148, as may be needed for required M&O expenses, shall be designated for special projects and allocated at forty percent (40%) for Parks and sixty percent (60%) for Capital Improvement Projects.

In the 2010-2011 Fiscal Year, the allocation of Town Sales Tax revenues according to Resolution 2001-471 would be as follows:

Town Sales Tax collections:		\$	1,970,000
LESS: 1 cent of the 3 cent Construction Tax (allocated to fund debt service per the GADA loan agreement)	\$	40,000	
LESS: 100 percent of the Accommodation Tax	\$	110,000	
LESS: Estimated Sales Tax Rebate	\$	60,000	\$ 210,000
Town Sales Tax available for allocation calculation:		\$	1,760,000
One (1) cent of the two (2) cent Town Sales Tax available for allocation:		\$	880,000
Parks Fund Allocation	\$	352,000	
Capital Improvements Fund Allocation	\$	528,000	

Because of the fluctuation in Town Sales Tax revenues combined with the increased demand of services provided by the Town of Camp Verde to its citizens, Council adopted Resolution 2008-749 on June 25, 2008 declaring that the allocations set forth in Resolution 2001-471 shall be goals to pursue dependent on the performance of the economy, that maintaining the quality of services provided to the citizens of Camp Verde is the priority.

For the FY 2010-2011, Staff is recommending the following allocation of Town Sales Tax collections:

- * Staff feels that it is in the Town's best interest to allocate 100% of the 3 cent Construction Sales Tax (a non-recurring revenue), to fund non-recurring expenditures. Therefore, Staff recommends continuing the allocation of 1 cent of the 3 cent Construction Sales Tax to the Debt Service Fund for the GADA loan payment (Marshal's Facility), and allocating the remaining 2 cents of the Construction Sales Tax to the Capital Improvement Projects (CIP) Fund to fund capital projects. In FY 2010-2011, Staff is estimating this amount to be \$80,000.
- * Staff is recommending discontinuing the allocation of \$200,000 to the Parks Fund for the FY 2010-2011. This allocation has been used to cover the Interfund Loan Agreement between the General Fund and the Parks Fund for the purchase of the Community Park land. Discontinuing the allocation will result in a longer pay back period for the Parks Fund to fulfill its obligation to the General Fund. The Amended Interfund Loan Agreement was adopted by Council on May 5, 2010.
- * The remaining Town Sales Tax collections would remain in the General Fund to fund services to the citizens of Camp Verde.

A comparison of the guidelines for Town Sales Tax allocation as set forth in Resolution 2001-741 and Resolution 2008-749 is as follows:

	Resolution 2001-741	Resolution 2008-749	Difference
Total Town Sales Tax Collections	\$ 1,970,000	\$ 1,970,000	\$ -
LESS: Parks Fund Allocation	(352,000)	-	\$ 352,000
LESS: Capital Improvements Fund Allocation	(528,000)	(80,000)	\$ 448,000
LESS: Debt Service Fund Allocation (1 cent Construction Tax)	(40,000)	(40,000)	\$ -
LESS: Additional Operating Transfer to Debt Service Fund	(128,695)	(128,695)	\$ -
Town Sales Tax available for General Fund Subsidies	\$ 921,305	\$ 1,721,305	\$ 800,000

The Town Council has referred the issue of a Town Sales Tax increase from two percent (2%) to three percent (3%) to the voters and directed staff to place the issue on the November 2010 ballot. This increase is needed to fund the service delivery system desired by the Town's residents in the continuing years.

General Fund

The General Fund is the primary operating fund of the Town and is used to account for all financial activity not reflected in another fund. It exists to account for the resources devoted to finance the services traditionally associated with local government. Included in these services are police, parks and recreation, economic development, engineering, library, general administration, and any other activity for which a special fund has not been created. Under Arizona law, each city and town must maintain a General Fund and a Highway User Revenue Fund (see Special Revenue Fund section). The General Fund is the largest fund and typically the fund of most interest and significance to citizens.

General Purpose Revenues

General Purpose Revenues are revenues that are not derived from any specific department and are thus able to be used for funding of all General Fund departments. The General Purpose Revenues are as follows:

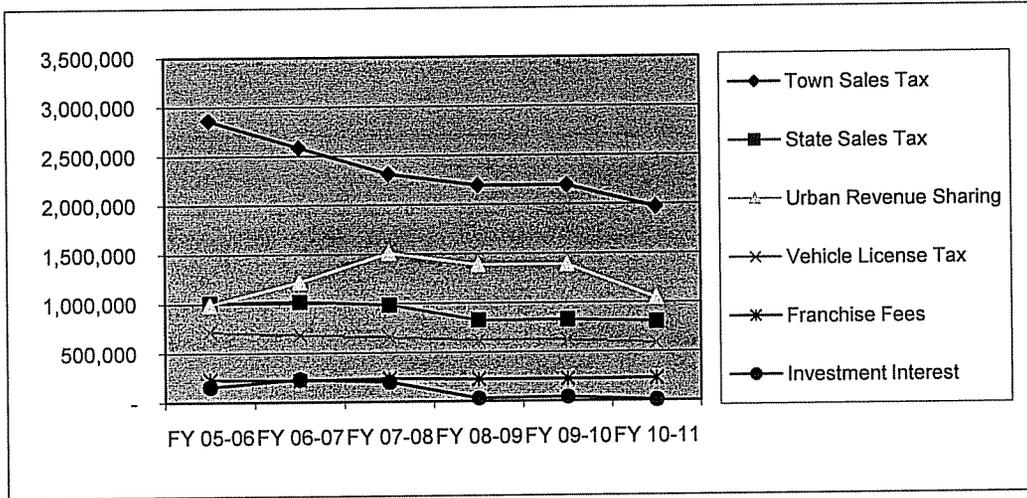

- * **Town Sales Tax** - The Town of Camp Verde's sales tax rate is 2.0%. Combined with the State and County rates, the total tax rate for purchases made in the Town of Camp Verde is 8.35%. Since the Town does not collect a property tax, the Town Sales Tax is the primary revenue source for the Town of Camp Verde.
- * **Accommodation Tax** - Accommodation Tax is 3% plus 1% for Town Sales Tax.
- * **Construction Tax** - Construction Tax is 3% in lieu of the 2% Town Sales Tax.
- * **Franchise Fees**
 - * **APS Franchise** - APS Franchise Fees are charged at a rate of 2% of the gross receipts and are paid to the Town quarterly.
 - * **CV Water System Franchise** - Camp Verde Water System Franchise Fees are charged at a rate of 2% of the gross receipts and are paid to the Town monthly.
 - * **NPG Cable Franchise Fees** - NPG Cable Franchise Fees are charged at a rate of 2% of the gross receipts and are paid to the Town monthly.
 - * **UNS Gas Franchise Fees** - UNS Gas Franchise Fees are charged at a rate of 2% of the gross receipts and are paid to the Town quarterly.
- * **Reimbursement/Restitution** - Monies that are paid to the Town of Camp Verde for restitution for damages, etc. and reimbursements that cannot be directly coded to a department.
- * **Miscellaneous** - Miscellaneous Revenues are revenues that are not allocated to any specific department or are not part of a major revenue category.
- * **Surplus Property Sales - Town** - Surplus Property Sales are monies derived from the sale of town properties (cars, equipment, etc.) that is no longer needed in the course of business. The Town hosts an auction annually.
- * **Investment Interest** - Investment Interest is amounts earned from the Town's funds that are currently deposited with the Local Government Investment Pool (LGIP).
- * **State Sales Tax** - A portion of the total State Sales Tax collected is allocated to cities and towns based on their population.
- * **Urban Revenue Share** - Urban Revenue Share is a portion of the State Income Tax that is shared with cities and towns. The allocations are based on the city or town's population. The total amount distributed is based on income tax collections from two years prior to the fiscal year in which the city or town receives the funds.
- * **Vehicle License Tax** - Approximately 23% of the revenues collected for the licensing of motor vehicles is distributed to incorporated cities and towns. Allocations are based on population.

For the FY2010-2011, the six (6) main General Purpose Revenue categories provide the following amount of funding for the General Fund departments.

Five (5) Year Revenue Comparison

A five year historical comparison of the six (6) main General Purpose Revenues show a decline in all categories over the past three (3) years with Town Sales Tax and Vehicle License Tax declining over the past five (5) years. The continued decline of the Town's main revenue sources places a huge burden on the system to continue to provide the services that the Citizens of Camp Verde desire.

General Fund Subsidies

General Fund Subsidies are the allocations of General Purpose Revenues to each of the General Fund departments to assist in funding the department. Each department's General Fund Subsidy is allocated based on the balance remaining after the total departmentally generated revenues are subtracted from the total departmental expenditures. The excess needed for the department to function is subsidized by the General Purpose Revenues through the Subsidy.

Mayor & Council

Our Mission

The Mayor and Council are elected to serve the citizens of Camp Verde. Our Mission is to provide a natural and social environment suitable for a variety of commercial, recreational, and personal pursuits in which people can live, work, play, grow up and grow old reasonably safe from crime and harm; to reduce the hurt and suffering of the less fortunate; to recognize the worth of all people and the value of all elements of our Town; to elevate the trust and understanding of citizens through informed public consent, irreproachable stewardship of public resources, and the proactive pursuit and protection of shared values, without undue interference in their lives; and to protect and enrich the quality of life for current and future generations of Camp Verde residents, business, and visitors, while preserving the friendliness, historic character, rural western flavor, and small town atmosphere.

Department Duties/Description

- * Advocate and representative for citizens at all levels of government, regardless of candidate or party affiliation.
- * Perform legislative, budgetary, and policy-making functions.
- * Direct the responsible use of Town resources.
- * Establish vision and set directions for department activities to plan for future community challenges and opportunities.

Department Staffing:

All positions are elected by the citizens of the Town of Camp Verde
Mayor (1)
Vice Mayor (1) - Annual appointment by the Council
Councilors (5)

Accomplishments for the Fiscal Year 2009/2010:

1. Approved a balanced budget for FY2009-2010.
2. Adopted the 2009 Privilege License Tax amendments to the Tax Code.
3. Began a comprehensive update of the Town's Planning and Zoning Ordinance with emphasis on public participation.
4. Implemented a four-day, ten-hour work schedule to save utility costs while maintaining customer convenience.
5. Approved an IGA with Arizona State Parks in an effort to keep Fort Verde State Park open through March 2011.

Performance Objectives for Fiscal Year 2010/2011:

1. Continue our commitment to fiscal responsibility in the economic downturn. We will strive to develop and maintain a balanced budget to the extent possible without eliminating essential services.
2. Continue our strong commitment to citizen satisfaction.
3. Keep an active watch on legislative issues that impact the Town.
4. Work with other government agencies and the Yavapai-Apache Nation to develop a regional approach to economic issues.
5. Work with local businesses to develop and maintain a sustainable and healthy economy.

Town Manager

Our Mission

To serve the citizens of the Town of Camp Verde in ways that will demonstrate our commitment to excellence and to insure that the day to day operations of the Town Government are carried out in an efficient and effective manner.

Department Duties/Description

To build partnerships with Council, staff and citizens that fosters the efficient administration of all the Town affairs, which are under the Town Manager's control.

Department Staffing:

Town Manager (1)
Assistant to the Town Manager (0.95)

Accomplishments for the Fiscal Year 2009/2010:

1. Restructured Public Works and Parks & Recreation Departments to streamline the Town's management system.
2. Worked with the Business Manager from the Center for Family Medicine to utilize Camp Verde facilities.
3. Worked with the Tax Auditor to recapture construction, sales, and rental transaction privilege tax collections with a yield of over \$70,000. This is a seven (7) time return in the investment in the Tax Auditor's contract.
4. Negotiated a viable solution for the Town to partner with the Arizona State Parks to maintain the operations of Fort Verde State Park.
5. Initiated Rio Verde Plaza re-design.
6. Initiated the process to obtain an Energy Efficiency and Conservation Block Grant (EECBG).
7. Reduced energy utilization by implementing a 4/10 work schedule for all non-public safety offices.
8. Continued to support implementation of state-of-the-art software in order to improve the efficiency of the workforce.
9. Represented the Town in the negotiation process relative to water rights.
10. Initiated discussion and negotiations relative to the purchase of the Public Works Yard on Industrial Drive.

Performance Objectives for Fiscal Year 2010/2011:

1. Continue to support implementation of state-of-the-art software in order to improve the efficiency of the workforce.
2. Continue to represent the Town in the negotiation process relative to water rights.
3. Ensure the Land Use Code Re-Write, via a vis the Special Projects Administrator, is on track and is meeting milestones.
4. Continue to represent the Town in negotiation of the purchase of the Public Works Yard on Industrial Drive.
5. Develop a Master Plan/Rio Verde Plaza design for Council's consideration.
6. Develop a plan, for Council's consideration, for the construction of an Animal Shelter in Camp Verde.
7. Pursue economic development initiatives with the development community.

Significant Expenditure Changes:

- * Increase in Cell Phone (7066) due to the reallocation of a primary phone designation from HURF/Streets Department to the Town Manager's department as the Town Manager typically uses more minutes than other departments. A review of the Town's cell phone invoices indicated that the HURF/Streets Department was being charged for all three (3) of the primary phone designations. Beginning with the first billing in the FY 2010-2011, the primary designations will be redistributed to the Town Manager, Public Works, and the Marshal's Office.
- * Increase in Water (7062) due to the bottled water now being expensed in a prorated manner to each department.

Town Clerk

Our Mission

We succeed only when we meet or exceed the expectations of our citizens. We have a passion for excellence and endeavor to set and deliver the highest standards of service, value, integrity, and fairness. We celebrate the diversity and power of our democracy through its people, ideas, and cultures. We feel a sense of responsibility to lead by examples of creativity, enthusiasm, and loyalty in our community in which we are proud to serve.

Department Duties/Description

The Clerk's function is very much entwined with the basic tenets of democracy. Some key attributes of these tenets include balance of power/ separation of powers; open access to information; open decision-making; fair elections; accountability for decision-making; and due process or rule of law. As administrators of the legislative process, a Clerk's purpose is to ensure that these basic principles are upheld throughout the process of governing. While other employees and elected officials must comply with democratic procedural requirements, the Clerk is accountable for the legislative procedures including maintaining open and fair processes for citizen access to information and the public record. The Clerk also helps to clarify procedures and processes in dialogues that continually occur between administration, the Council, and the public. As such, the Clerk is responsible for the following:

- * The Clerk is the Election Official and performs those duties required by state statute.
- * Maintains a true and accurate record of all business transactions by the Council and all other records that pertain to the business of the Town or that Council directs.
- * Serves as the Records Manager.
- * Issues all licenses and permits that may be prescribed by State Statute, Town Ordinance, or the Town Code.
- * Provides administrative support to the Mayor and Council.
- * Prepares all agendas and agenda packets.
- * Updates Clerk's Office web page with current information and meeting audio.
- * CDBG Program Management
- * Provides receptionist and IT services for the Administrative offices.

Department Staffing:

Town Clerk (1)	Administrative Assistant (0.90)
Deputy Town Clerk (1)	Transcriptionist (contract)

Accomplishments for the Fiscal Year 2009/2010:

1. Completed the Special Events Permitting Process and Handbook to centralize and streamline permitting.
2. Implemented energy conservation measures and reduced use of paper.
3. Met customer service objectives through continuous improvement strategies and streamlining the complaint process.
4. Completed the Public Participation Process and the SSP and CDBG applications (see CDBG Fund).
5. Clerk attended training to recertify as a State of Arizona Certified Election Official in addition to the League's Municipal Certification.
6. All Clerk's Office staff attended CPR and AED training and are now certified on both.
7. Sharon McCormick received her Municipal Election Officer certification.

Performance Objectives for Fiscal Year 2010/2011:

1. Complete the 2011 Election Cycle. This task consumes the majority of 8 months of staff time.
2. Focus on service delivery while monitoring the budget.
3. Improve accessibility and ease of use on Clerk's web page.
4. Complete the Agenda Handbook and train relative Town staff.
5. Update Records Management Manual and train all Town staff.
6. Continue to move towards digitizing records as budget allows.
7. Begin the CDBG projects, as approved by Council.

Significant Expenditure Changes:

- * Business License revenue (01-40-12-4120) has been reduced due to a 50% reduction in the Business License Fee.
- * Election (7580) expenditure increase due to the 2011 Election Cycle.

Finance Department

Our Mission

The Town of Camp Verde Finance Department's mission is to administer the Town of Camp Verde's financial affairs in a manner which comports with all Governmental Accounting and Auditing Standards; and to provide a broad array of financial services to the departments which make up the Town of Camp Verde's service delivery system in the areas of accounting, budget development and execution, financial reporting and management, and payroll processing.

Department Duties/Description

The Finance Department is responsible for all financial aspects of the Town. Some of these services include:

- * Creating and monitoring the budget.
- * Creating monthly financial reports to monitor department's compliance with the budget.
- * Maintaining the Town's bank accounts and investments.
- * Accounts Payable
- * Payroll
- * Assisting the auditing firm with the Town's annual financial audit.
- * Many other financial type duties.

The Finance Department exists to manage the funds provided to the Town through services provided and tax payer dollars.

Department Staffing:

Finance Director (1) currently vacant

Senior Accountant (1)

Accountant (0.75)

Finance Clerk (0.50)

Accomplishments for the Fiscal Year 2009/2010:

1. Completed the Town's first CAFR (Comprehensive Annual Financial Report) and submitted said report to the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting program.
2. Provided financial updates to Council and departments.
3. Established a Whistleblower Hotline for confidential reporting of fraudulent activities.
4. Developed and implemented a Fraud Policy.
5. Coordinated mandatory Ethics Trainings for employees in connection with the adoption of the Fraud Policy. This task will be coordinated by Human Resources in the subsequent fiscal years.
6. Made revisions to the Town's Financial Policies to implement GASB 54 fund balance reporting requirements.
7. Continued to streamline the Town's budget process with an eye towards improving accountability and transparency.
8. Informed Council and departments of the 2009-2010 budget shortfalls, took corrective action to mitigate the deficiencies and kept Council and departments informed of the Town's financial position for the 2009-2010 fiscal year.
9. Continued to pursue professional growth and development opportunities in the fields of accounting and finance.
10. Re-allocated a full time Court Clerk to assist the Finance Department 20 hours per week. This employee will help alleviate problems with segregation of duties and allow for increased productivity in the department. This allocation will cease on June 30, 2010 due to the retirement of a full time Court Clerk and the need for this position to resume full time at the Court. Finance will evaluate other Town employees for the possibility of re-allocation or request from Council approval to hire a new employee.

Performance Objectives for Fiscal Year 2010/2011:

1. To oversee the compilation of the Town's 2010-2011 budget document.
2. Insure that the execution of the Town's 2010-2011 budget comports with the vision of the Town Council.
3. To acquire and implement a state of the art financial software system.
4. To complete the 2009-2010 audit of the Town's Comprehensive Annual Financial Report.
5. Submit the Town's Comprehensive Annual Financial Report to the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting program.
6. Continue the improvements to the budget process and budget document with the objective of submitting the Town's budget document to the Government Finance Officers Association's Distinguished Budget Presentation Award Program.
7. Update the Financial Operations Guide upon implementation of the new financial software system.
8. Continue training and professional development.
9. Ladder the Town's monies in approved investments in order to increase the interest earnings received by the Town.

Significant Expenditure Changes:

- * Increase in salary related items in anticipation of hiring a Finance Director as well as a part time Finance Clerk. If another Town employee can be allocated part time to the Finance Clerk position from another Town department, the salary related amount for this position will be unnecessary.

Fiscal Notes

- * Upon departure of the Finance Director, the Town contracted with an outside CPA firm to provide consulting services for duties normally provided by the Finance Director as well as assistance in the preparation of the financial statements for audit. Staff feels that this agreement has served the Town very well. Due to the continued economic difficulties of the Town, rather than hiring a full-time Finance Director, Staff recommends continuing to utilize an outside CPA firm to provide financial consulting services. This option is beneficial to the Town in that the Town receives the services needed and incurs a decreased amount of overall expenditures. The appropriation for this contract is included in the Consulting Services (7100) in the amount of \$50,000.
- * Consulting Services (7100) also contains \$19,400 for the Sales Tax Auditing Program and \$2,073 for the Whistleblower Hotline services.
- * Contract Labor/Services (7120) consists of \$30,000 budgeted for the annual audit of the Town's Comprehensive Annual Financial Report (CAFR).

Human Resources

Our Mission

The Town of Camp Verde's Human Resource Department's mission is to be a strategic partner in the development and accomplishment of the organization's objectives through training management, compensation management, and organizational development.

Department Duties/Description

The Human Resource Department is responsible for the overall administration of all human resource related functions to include: compensation issues, interpretation and development of personnel policies, staff development, the employment process which includes recruitment and retention as well as benefits administration.

Department Staffing:

Town Marshal/Human Resource Director (0.20)

Marshal's Department/Human Resources Administrative Assistant (0.20)

Accomplishments for the Fiscal Year 2009/2010:

1. Centralized all Town employees' training records.
2. Updated and obtained Council approval on revisions to the Town's Personnel Manual.
3. Established a Human Resources Office where the Human Resources Administrative Assistant is available to meet with employees away from the Marshal's Office facility.

Performance Objectives for Fiscal Year 2010/2011:

1. Continue to assist all departments with Human Resource issues.
2. Coordinate training on various topics for all employees.
3. Assist in recruiting and hiring a new Town Manager.

Significant Expenditure Changes:

- * Increase in the Department Request for Training (7010) is due to requests from employees for educational reimbursements and the annual ethics training. These amounts are broken out as follows:
 - Ethics training - \$2,400
 - Educational reimbursement requests - \$24,660The Town Manager's Recommendation provides for a limit of \$2,500 per employee for the FY2010-2011 for tuition reimbursements and \$2,400 for the ethics training. Three (3) employees submitted requests to participate in the tuition reimbursement program in the FY2010-2011.
- * Increase in Recruitment Expenses (7522) of \$8,000 is requested for the recruitment expenses for a new Town Manager. The Town has contracted with the League of Arizona Cities and Towns for assistance in the recruitment of the Town Manager.

Fiscal Notes

- * Advertising (7038) covers expenditures for advertising for open positions.
- * Personnel (7520) covers expenditures for a Personnel Hearing Officer (if needed).
- * Employee Safety Program (7521) covers expenditures for the Safety Committee to use for Town safety issues.
- * Recruitment Expenses (7522) covers expenditures associated with recruiting and processing new and current employees and volunteers to include: fingerprinting, drug screening, DOT drug testing, polygraphs, psychological testing, and medicals.
- * Employee Recognition Program (7523) covers expenditures for employee morale and recognition programs.

Legal

Department Duties/Description

The Legal expense account is used to track the payments on the contract for the Town's Prosecution Contract for the Camp Verde Municipal Court, the costs associated with the Civil Hearing Officer, and litigation expenditures. The prosecution contract is not coded to the Camp Verde Municipal Court's budget as it is a conflict of interest for the Court to manage the prosecutor's contract.

Department Staffing:

Town Prosecutor (Contract)
Civil Hearing Officer

Fiscal Notes

- * The Prosecution Contract (7120) covers the Town's Prosecuting Attorney for the Municipal Court.
- * The Civil Hearing Officer provides services for the Community Development Department regarding issues of code non-compliance and discrepancies
- * Legal Services (7110) of \$50,000 were included to cover litigation expenses.

Non-Department Expenditures

Departmental Duties/Description

Non-Departmental Expenditures are those expenditures not allocated to any one Town department.

Significant Expenditure Changes:

- * Consultant Services (7100) was previously used to fund the Technology Services Contract with Four-D LLC. This appropriation has been transferred to the newly created Information Technology Services budgetary unit (01-20-18).
- * LTAF Cultural Expenses (7820) has been eliminated as the funds previously apportioned to municipalities from the Arizona Lottery have been permanently swept by the State of Arizona. These funds were previously used to fund cultural, educational, historical, recreational, or scientific facilities or programs.
- * LTAF II Grant Match (7821) has been eliminated as the funds previously apportioned to municipalities from the Arizona Lottery have been permanently swept by the State of Arizona. These funds were previously used to fund the Transit Voucher Program.
- * Organizational Donations (7900) has been eliminated due to the economic constraints that the Town is currently facing.
- * Youth Count (7950) has been eliminated as a result of the closure of the Town's Teen Center. These funds were previously used to help fund the operations of the Teen Center.

Fiscal Notes

- * Subscriptions/Memberships (7035) consists of \$2,000 for NACOG's portion of the Rural Transportation Liaison and Economic Development Administration for the regional planning grant and \$6,992 for the Town's annual dues to the League of Arizona Cities and Towns.
- * Postage (7039) has been allocated out to the various Town departments as based on usage as recorded by the Town Clerk's Department.
- * Utility Expenditures are for those buildings/services that are not allocable to any one department.
- * Internet Wireless Access (7041) has been moved to the Information Technology Services departmental budget unit in the FY2010-2011.
- * IT System Maintenance/Anti-Virus (7042) has been moved to the Information Technology Services departmental budget unit in the FY2010-2011.
- * Consulting Services (7100) has been moved to the Information Technology Services departmental budget unit in the FY2010-2011.
- * Camp Verde Visitors Center (7800) has been revised to a performance based contract rather than a set amount being given to the Chamber of Commerce annually. In the fiscal year 2010-2011, the Town will support the Chamber of Commerce with \$35,000.
- * Tourism Marketing (7801) was previously monies for the match portion of the grant. Due to the cancellation of the grant program by the Arizona Office of Tourism, the grant matching funds are not required. The funds budgeted in the FY2010-2011 are to continue tourism marketing.
- * Fort Verde State Park IGA (7810) provides for the monies pledged in the Intergovernmental Agreement (IGA) with Arizona State Parks Board to provide funding to maintain the operations of Fort Verde State Park from March 30, 2010 to March 20, 2011. The amount listed in the Manager's Recommendation column is for the period of July 1, 2010 through March 20, 2011. This provides for the current IGA that expires on March 20, 2011. The Council's Adoption amount shows an additional appropriation to continue the IGA through the remainder of the FY2010-2011.
- * LTAF II Grant Match-Transit Voucher Program (7821) has been eliminated due to the cancellation of the funding program by the State of Arizona.
- * Recycling (7840) is the monies allocated to fund the community recycling centers currently located in the front parking lot of the Outpost Mall Shopping Center and at the Camp Verde Heritage Pool.
- * Emergency Services Agreement (7850) is an Inter-Governmental Agreement with Yavapai County for coordination of emergency services in the event of a large emergency.
- * Camp Verde Sanitary District IGA Ground Lease (7860) provides for the annual lease payment of the 15 acres leased by the Town from the Camp Verde Sanitary District in accordance with the Intergovernmental Agreement (IGA).
- * Stewards of Public Lands (7910) are monies allocated to assist the Stewards of Public Lands volunteer group with their public land clean-up projects for needed supplies, dump fees, etc.
- * Verde Valley Senior Center (7930) are monies to help fund the Verde Valley Senior Center's operations including the Meals-On-Wheels program that services residents of Camp Verde.
- * Water Adjudication (7940) is an appropriation for water right acquisition. Expenses would include items such as legal, hydrologist and engineer studies, etc.
- * Yavapai County Water Advisory Committee (7960) is a committee of local communities and stakeholders committed to preserving sustainable water resources within Yavapai County by developing and enacting a total water management strategy. Monies provided to this committee are used to fund studies used in developing the management strategy.
- * Yavapai County - Fort Verde State Park IGA Assistance (43-17-4350) are monies contributed by Yavapai County to assist the Town of Camp Verde in maintaining the operations of Fort Verde State Park. The Town of Camp Verde entered into an Intergovernmental Agreement (IGA) with Arizona State Parks Board to provide funding to maintain the operations of Fort Verde State Park from March 30, 2010 to March 20, 2011 as the park was scheduled for closure due to drastic budget cuts to the State Parks from the State of Arizona.

Information Technology Services

Department Duties/Description

The Town of Camp Verde's Information Technology Services Department's exists to coordinate strategic plans for Town telecommunications and e-government; to assist Town employees in effective utilization of Town information and telecommunications technology; to design and implement tools that support Town goals; and to provide effective, economical, friendly, and courteous support to our customers in a timely manner.

Department Staffing:

- Special Projects Director (0.05)
- Administrative Assistant, shared position with Town Clerk's Office (0.10)
- Assistant to the Town Manager (0.05)

Accomplishments for the Fiscal Year 2009/2010:

1. IT licensing current and up to date.
2. Established improved internet access, via Qwest T-1 line and DSL line, at a lower total monthly cost (reduced by 24%).
3. Computer hardware replacement plan initiated with 25 of the Town's computers replaced.
4. Microsoft Office 2007 installed on all Town computers so all employees are using the same software. This enables increased efficiency via shared work environment capabilities (e.g. calendars, contact lists, project tracking, etc.).
5. Design and establishment of new Town website.
6. Utilization of Town staff to reduce number of billable hours with IT consultant.

Performance Objectives for Fiscal Year 2010/2011:

1. Continue with computer hardware replacement plan by replacing 25 Town computers.
2. Improve shared work environment by setting up SharePoint and Communicator applications for improved communication and productivity.
3. Implement System Center, which will allow all computers to be updated automatically with security patches and system inventory management.
4. Develop, implement, and test a comprehensive Disaster Recovery Plan.
5. Utilize Town staff to reduce the number of billable hours with IT consultant.

Fiscal Notes

- * Information Technology Services is a new department in the 2010-2011 fiscal year. Prior year expenditures were tracked in the Non-Departmental budgetary unit.
- * Consulting Services (7100) was previously tracked in the Non-Departmental (01-20-17-7100) budget unit.
- * Staff salary related expenditures are based on the amount of time that in-house staff members spend working on IT related tasks rather than utilizing the outside consultants.
- * Software Reoccurring Fees (7042) consists of annual Symantec Anti-Virus and Microsoft Office Professional software maintenance fees.

Maintenance

Our Mission

The Town of Camp Verde Maintenance Department maintains and preserves the Town of Camp Verde's facilities, parks, landscape and outdoor recreational facilities in a cost effective, safe and aesthetic manner for current residents, visitors and future generations. We strive to make your children's play environment as safe as possible by taking parks and playgrounds from reactive maintenance and repair, to proactive inspection, maintenance and repair.

Department Duties/Description

The Maintenance Department consists of six full time employees. It is the department's responsibility to maintain Town owned buildings, parks, Main Street landscape, pool and skate park. The Maintenance Department is responsible for the following:

- * Maintain all Town owned buildings, which include, the Community Center, Rio Verde Plaza, old and new Marshal's Office, Library, Chamber of Commerce and all buildings located at our recreational sites.
- * Maintain parks and landscape, which include mowing, weed eating, watering, fertilizing, tree trimming, blowing, re-seeding, litter control and spraying for weed control.
- * Maintain Main Street landscaping and trash removal.
- * Banners and flags on Main Street and at two banner locations.
- * Supervise community service workers and adult probation.
- * Make sure fire extinguishers are charged, in good working order and in proper locations at each Town facility.
- * Assist with special events and programs.
- * See that department vehicles and equipment are maintained on a regular basis.
- * Pursue methods that enhance facility operations in terms of safety and energy efficiency.
- * Maintain the Heritage Pool, which includes facility, chemicals and heating system.
- * Ensure outdoor recreational facilities and parks are safe for the community.
- * Meet the needs and requests of the citizens and staff in a professional manner.
- * Maintain the recycle center and the Town's recycle bins.
- * Work on the establishment of new park development.

Department Staffing:

Public Works Director/Engineer (0.10)	Maintenance Worker 2 (0.97) * 2 vacant positions
Maintenance Foreman (0.97)	Janitor 1 (0.99)
Parks Lead Worker (0.99)	Janitor 2 (0.99)

Municipal Court

Our Mission

The Town of Camp Verde's Municipal Court's mission is to contribute to the quality of life in our community by fairly and impartially administering justice in the most effective, efficient, and professional manner possible.

Department Duties/Description

The Camp Verde Municipal Court is responsible for misdemeanor and civil traffic complaints filed by multiple law enforcement agencies for the matters occurring within the Town of Camp Verde's jurisdiction. The Court also provides protective orders. The Court also provides, to all individuals, equal access, professional and impartial treatment, and just resolution of all court matters.

The Municipal Court's duties include:

- * Maintaining a complete docket from the time of filing through the time of purging of each filing.
- * Calendaring matters to comply with Rules of Court and availability of the Judge.
- * Preparation of monthly, quarterly, and annual reports to Council, Supreme Court, State Treasurer and Yavapai County Presiding Judge.
- * Monitoring Judge's Orders in regards to monies owed, community restitution, probation, counseling, etc.
- * Reconciling monies due from diversion programs, fines and fees, cash bonds, court bank account and disbursement of overpayments, victim restitution and bonds refunds.
- * Internal monetary controls as per Supreme Courts Minimum Accounting Standards to include a Triennial Review.
- * When new Legislation or new Rules of Court are updated, we are responsible for implementing these into court procedures and forms.
- * Policy and procedures to insure all matters are processed timely, within authority of the law and consistent.
- * Make the court accessible to the public.
- * Protect victims rights.
- * Presiding Judge sets and posts a Bond Schedule for the Court.

Department Staffing:

- Magistrate (1)
- Assistant Magistrates (2-PT)
- Court Supervisor (1)
- Court Clerks (3)

Accomplishments for the Fiscal Year 2009/2010:

1. Secured a Fill the Gap Grant to install and maintain audio/visual abilities to see in-custody defendants. The objective was to reduce security issues with transportation and securing defendant's held in custody appearing for court appearances.
2. Secured a second Fill the Gap Grant to pay for the maintenance and DSL line for same audio/visual equipment for the FY 2010-2011.
3. Transferred expenditures for the security system, digital recording maintenance, and legal research abilities from the Magistrate's Special Revenue Fund (05) while contributing to the Court Enhancement Account's fund balance.
4. Purchased a new HVAC unit with Court Enhancement Funds, as per court operations in ordinance. Without this funding, Maintenance would not be able to complete other scheduled projects in order to replace the Court's HVAC unit.

Performance Objectives for Fiscal Year 2010/2011:

1. Work on FARE Collections Disqualified back logs in the amount of \$50,000 to improve collection amounts.
2. Utilize ACCURINT skip tracing to assist in finding current addresses to improve collection abilities.
3. Successfully complete Triennial audit review.
4. Order more defendants to pay back attorney fees, if qualified.

Significant Expenditure Changes:

- * Salary related expenditures have been reduced due to the retirement of a Court Clerk and the position being held vacant.

Fiscal Notes

- * Contract Labor/Services (7120) consists of \$3,500 for the Court's annual financial audit and \$500 for interpreters.

Public Works Department

Our Mission

The Town of Camp Verde's Public Works Department's mission is to develop and maintain the Town's infrastructure of streets, storm water utilities, facilities and parks while supporting the economic growth of the Town. The Department provides effective street, facilities and parks maintenance, environmental services and project management for Town projects.

Department Duties/Description

The Public Works Department includes five divisions: Engineering, Streets, Storm Water, Facilities Maintenance and Janitorial, and Parks & Recreation Divisions. Future growth may increase the Department with the addition of a Utilities Division. The Public Works Director oversees Engineering, Storm Water, Streets, Facilities Maintenance and Janitorial, and Parks and Recreation. The Engineering Division works closely with Community Development to provide Plan and Engineering Design Review for public improvements and Town projects along with maintaining the Standards, Codes, and Ordinances to use as a guide for current and future development. It is anticipated that the design work for Finnie Flat Sidewalk Improvement Grant will be completed and ready to move to construction in 2011. This project is funded in part through an ADOT Transportation Enhancement Grant. Construction is being bid and supervised by ADOT in order to coordinate ADOT's project along HWY 260.

Department Staffing:

Public Works Director/Engineer (0.50)

Special Projects Coordinator (0.10)

Public Works Administrative Assistant (0.35)

Public Works Project Manager (0.10) - currently vacant

Accomplishments for the Fiscal Year 2009/2010:

1. Completed the Small Area Transportation Study.
2. Participated with regional technical and transportation planning organizations (NACOG and VVTPO).
3. Applied for and received an Energy Efficiency and Conservation Block Grant (EECBG) for the retrofit of nine (9) HVAC units on the Public Works building.
4. Completion of the Environmental Study and 30 percent Design Plans for the Finnie Flat Road Sidewalk Project.
5. Public Improvement Plan Review Fees adopted by Council.

Performance Objectives for Fiscal Year 2010/2011:

1. Fill the vacant Street Inspector position shared between Public Works and Streets with a Public Works Project Manager. This position will be technical in nature and provide assistance in several divisions within the Department including Streets, Storm Water, and Engineering.
2. Complete the Energy Efficiency and Conservation Block Grant (EECBG) retrofit project.
3. Complete the design work, obtain right-of-way, and work with ADOT to obtain bids for the Finnie Flat Road Sidewalk Project.
4. Continue participation in local and regional technical and transportation planning organizations (NACOG and VVTPO).
5. Work with Yavapai County to increase the Intergovernmental Agreement (IGA) funding for Cliffs Parkway/Finnie Flat Road Drainage Project.
6. Complete the removal of the old Marshals Office trailer and make the repairs to the Library Building.
7. Management of the Rio Verde Plaza remodel design and construction project.
8. Complete the purchase of the Industrial Drive property for a Public Works Yard or follow Council Direction for the relocation of the Public Works Yard to another location.
9. Continue to work with SRP and/or engineers to develop the Community Park water source and possible additional infrastructure.
10. Follow the direction of Council with respect to a possible Transit Study in order to determine the transit needs and the ability of Camp Verde to provide transit service.
11. Provide engineering support to Community Development.

Significant Expenditure Changes:

- * The cancellation of LTAF and LTAF II revenues by the State of Arizona has resulted in reduced operating budgets that will adversely affect the ability to maintain our infrastructure and provide basic services that the citizens have come to expect and call for. Request that Council consider supplementing the HURF Fund with a percentage of sales tax revenue.
- * Establishing a Public Works Yard will require a Capital Improvement Projects (CIP) request for any position that the Council takes on this project.

Fiscal Notes

- * Consulting Services (7100) in the amount of \$10,500 is requested to provide language and drawings for the Engineering and Construction Standards, Engineering Plan Review Fees, and the Adequate Public Improvement Ordinance. Also, to provide any engineering or other professional services that may be needed such as structural plan reviews, design work and specifications.
- * Main Street Encroachments (8712) in the amount of \$23,000 is requested to fulfill the requirements set forth in Ordinance 2002-A226 adopted by Council in 2003 which requires the Town to issue encroachment permits to fifteen (15) parcels that were effected in the Main Street Improvements Program. Portions of each parcel lay in the Town's right-of-way (ROW). Surveys of each parcel and recording fees will be incurred.
- * Engineering Plan Review Fees (4140). The preparation of the Engineering Plan Review Fees includes researching other communities' plan review fees throughout the State. The Public Works Department has compiled all of the information and is currently reviewing the fees and adjusting them to be appropriate for Camp Verde. The other consideration prior to seeking Council approval for the fees is the ongoing preparation of the Engineering Construction Standards and an Adequate Public Improvements Ordinance. Because of the inter-relationship between these three documents (which all require Council approval and adoption), the Public Works Department plans to submit all three together for approval assuring that they work in concert with each other. The Public Works Department is scheduling to have all three documents ready for Council review by April 2010.
- * The vacant Streets Inspector position provides the opportunity for the Town to replace this position with a Public Works Project Manager. This title change better defines the position objective which will be more technical in nature; providing much needed practical assistance in the HURF/Streets Division, professional and technical guidance for the Storm Water Division, and to a lesser extent, over flow plan reviews and inter-departmental support for the Engineering Division. This salary and related expenditures for this position are shared between the Public Works Department, Storm Water Management, and HURF/Streets.

Storm Water Management

Our Mission

The mission of the Storm Water Management Division is to provide environmental protection, minimize the impacts to public and private property due to flooding and to promote public health and safety through the implementation of storm water regulations, policies and engineering.

Department Duties/Description

The Storm Water Management Division is a division of the Public Works Department. It is the responsibility of Storm Water Management to ensure that the public and private facilities within the Town's corporate boundary are compliant with all applicable floodplain and storm water regulations, policies and design criteria. Storm Water Management works closely with Yavapai County Flood Control District to establish and maintain consistent policies and criteria that ensures the uniform construction of all drainage infrastructure within the Town of Camp Verde.

Department Staffing:

Public Works Director/Engineer (0.10)	Medium Equipment Operator 2 (0.04)
Public Works Project Manager (0.10) - currently vacant	Heavy Equipment Operator (vacant)
Streets Foreman (0.04)	Special Projects Coordinator (0.10)
Medium Equipment Operator 1 (0.04)	

Accomplishments for the Fiscal Year 2009/2010:

1. Completed the design work for the Cliffs Parkway/Finnie Flats Road Drainage Project.
2. Maintenance of, including some upgrades to, drainage basins and storm water structures in the Town's right-of-ways.
3. Attendance of Northern Arizona Storm Water Pollution Alliance meetings in order to represent Camp Verde in matters of permitting and changes to ADEQ regulations.
4. Submitted the annual MS4 report to ADEQ and completed required street sweeping.
5. Continued support of the Stewards of Public Lands in clean-up events.

Performance Objectives for Fiscal Year 2010/2011:

1. Hire a Project Manager for Public Works. This new position will spend some time in Storm Water to further develop this division.
2. Work with Yavapai County Flood Control to obtain necessary additional funding to complete the Cliffs Drainage Project.
3. Work with Yavapai County Flood Control and FEMA to develop and establish flood plain records for new and existing structures.
4. Complete several minor drainage projects in critical neighborhood areas in Camp Verde.
5. Develop a master list of all Town owned storm water structures.
6. Develop a maintenance schedule for all Town owned storm water structures.

Significant Expenditure Changes:

*

Fiscal Notes

- * The Town is requesting from Yavapai County to rollover \$314,529.53 for the construction of the Cliffs Parkway/Finnie Flat Road Drainage work. The Town will also request additional funds from Yavapai County so that the entire drainage project may be completed.
- * The Public Works Department requires that a crucial staffing position be filled. The person hired will fill important gaps in the Streets and Storm Water Divisions. While the new hire will initially and primarily be responsible for critical organization and technical work in the Streets Division, the position will also be devoting a portion of their time to the Storm Water Division and Engineering.
- * In 1972, the Federal Clean Water Act was passed. As stewards of approximately 18.5 miles of the Verde River (listed as an impaired waterway) we can expect growing scrutiny from Federal and State agencies. Current staff has been cut so that there is only time for the most basic duties to maintain minimal responsibilities. There is not the time, the staff, nor the expertise to develop a functioning Storm Water Management Plan as mandated under the Clean Water Act. Street Crew time is required to maintain tasks specific to Storm Water construction and management. General Funds are critical to provide and cover these needs. The very minimal staff time is included in salary expenditures.
- * Consulting Services (7100) in the amount of \$1,440 is requested to provide engineering, hydrologic and other professional consulting services necessary to correct the Storm Water problems and maintain the infrastructure to meet regulatory requirements as well as the annual ADEQ report.
- * Yavapai County Flood Control (7590 and 4320) are comprised of monies provided by Yavapai County for the first portion of the Cliffs Parkway Drainage Channel. This amount does not contain sufficient funds to fully mitigate the storm water/drainage flows in the Cliffs Subdivision, Outpost Mall, and Town Homes. Staff will be working with Yavapai County to increase the funding to complete the design. Funds from the grant may not be used to support departmental needs. All reimbursements must be for actual scoping, design, and construction of the channel.
- * The vacant Streets Inspector position provides the opportunity for the Town to replace this position with a Public Works Project Manager. This title change better defines the position objective which will be more technical in nature; providing much needed practical assistance in the HURF/Streets Division, professional and technical guidance for the Storm Water Division, and to a lesser extent, over flow plan reviews and inter-departmental support for the Engineering Division. This salary and related expenditures for this position are shared between the Public Works Department, Storm Water Management, and HURF/Streets.

Community Development

Our Mission

The Town of Camp Verde's Community Development Department strives to manage growth through planning, zoning and building services while providing professional, competent, and consistent service to the public in order to enhance the community and the lives of the residents while protecting our heritage and natural surroundings in a manner that will maintain a balance between the quality of life and the economic stability of the Town.

Department Duties/Description

The Community Development Department oversees and prepares department procedures for the development process within the Town of Camp Verde. This division of the Department performs the management activities and is the direct contact to the Town Council and Town Manager. This division provides for and facilitates the activities and functions of Planning & Zoning Commission and the Board of Adjustments for the public hearing process to include the following:

- * Scheduling of Public Hearings once the applicant has made a complete submittal and received all staff approvals to be heard.
- * Posting of all Public Hearings and sending out the 300 foot contact letters as required by State Law.
- * Preparing all staff reports to the Council, Commission, and the Board of Adjustments.

Department Staffing:

Community Development Director (vacant)
Senior Planner/Acting Community Development Director (0.40)
Assistant Planner/Administrative Assistant (0.10)

Accomplishments for the Fiscal Year 2009/2010:

1. Participated in Management Team review of the following:
 - * Prepared a comprehensive code issue matrix for the re-write consultants and participated in all ZORC-ZTAC and neighborhood meetings to provide technical input.
 - * Developed innovative methods to reduce the Department's budgets to meet the fiscal year 2009-2010 budget shortfalls.
 - * State Historic Preservation Office charrette program.
 - * Participated with the Public Works Department in revising and simplifying the Design Review process.
 - * Educate the public via public service announcements on air quality for fireplaces and woodstoves.
 - * Continued education for Boards and Commissions on aspects of their responsibility.
2. As a part of developing innovative strategies to reduce the Department's budget, we have implemented basic cross training of Department employees. This covers certain aspects of each individual employee's responsibilities to insure good customer service during absences.
3. Intergovernmental Agreement with Yavapai County Building Department for Building Official services.
4. Meetings Attended (includes meetings with the public and other departments):
 - * Acting Community Development Director - 92
 - * Assistant Planner/Administrative Assistant - 53
5. Customer Service (includes the Planning & Zoning Department only):
 - * Phone calls taken - 3,498
 - * Customers assisted at the counter - 541
6. Acting Community Development Director also participated in the Zellner-California Hotwood mediation and the Montezuma Heights Airpark Use Permit conflict with violations.

Performance Objectives for Fiscal Year 2010/2011:

1. Management of Building Department, Current Planning, Long Range Planning, and Code Enforcement Divisions.
2. Continued participation in the ZORC and ZTAC code re-write.
3. Continued participation in the Development Review Team with Public Works.
4. Continue to provide educational presentations for the Planning & Zoning Commission, the Board of Adjustment and Appeals, with Mayor and Council participating. These presentations to the Boards and Commissions will cover responsibilities under the Planning & Zoning Ordinance.

Significant Expenditure Changes:

- * If a Community Development Director is appointed during the fiscal year, an increase in salary related expenditures is probable. No amounts are budgeted at this time for a Community Development Director.

Fiscal Notes

Building Department

Our Mission

The Town of Camp Verde's Building Department's mission is to provide the public with excellent customer service through our professionalism, dedication, and commitment to excellence. We are committed to providing our customers the most successful permitting experience possible before, during and after construction with expedient permit processing and inspection services.

Department Duties/Description

The Building Department is responsible for enforcing all building codes and other applicable codes adopted by the Town of Camp Verde and to establish the minimum requirement to safeguard the public health, safety and general welfare through means of egress facilities, strength, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide safety to firefighters and emergency responders during emergency operations. Duties include:

- * Review, document, record and maintain the records of all permit submittals, inspection records and historical information.
- * Provide plan review to ensure that the plans submitted are designed to meet the requirements of the adopted building codes.
- * Provide inspections during each phase of construction, checking for structural strength, adequate sanitation and water, ventilation, stability, egress/ingress and safety from fire and other hazards.
- * Provide monthly building information to the Department of Commerce, ASU Realty Studies Division and the Building Statistics Department.
- * Research permit history for Realtors, lending companies and prospective property owners.
- * Verify all contractors are licensed through the Arizona Registrar of Contractors (ROC) and that their license covers the scope of work to be performed.
- * Provide information for the Office of Manufactured Housing yearly audit.
- * Correspond with several departments and governmental agencies to obtain approvals of submitted documents for construction.

Department Staffing:

2. CVMO employees received 910 hours of training.
3. Conducted 11 narcotic related search warrants that resulted in 14 arrests.
4. Conducted an annual Safety Fair at Bashas.
5. Conducted an annual National Night Out event.

Performance Objectives for Fiscal Year 2010/2011:

1. Continue to be responsive to requests from citizens in matters dealing with crime and public safety.
2. Ensure all members of the Marshal's Office receive required training to maintain certifications and level of proficiency.
3. Continue to support the Marshal's Office Volunteer Program (VIPs).

Significant Expenditure Changes:

*

Fiscal Notes

- * Workman's Compensation calculations include 27 volunteers per month calculated at a \$400 value per volunteer per month. This value is then multiplied by the rates set by the worker's compensation provider to find the actual premium paid. The volunteers include the Volunteers in Police Services (VIPs) members.
- * Expenditures for the officer assigned to PANT are budgeted in the Federal Grants Fund as they are reimbursable through the grant received by the City of Sedona.
- * Expenditures for the officer assigned to School Resource Officer are budgeted in the State Grants Fund as they are reimbursable through the grant received by Camp Verde Unified School District. The School Resource Officer funding provides for ten (10) months of expenditures. The remaining two (2) months are funded through the Marshal's Department budgetary unit in the General Fund.
- * Computer Services/Software (7040) includes the costs associated with maintaining the Records Management System and Computer Aided Dispatch "SPILLMAN" and the office computers.
- * Patrol/Investigation Equipment/Supplies (7540) includes costs for drug test kits, crime scene supplies, evidence collection, flares, ammunition, batteries, intoxilyzer supplies, latex gloves, ballistic vests, etc.
- * Equipment Lease (8020) is allocated for the lease of a copy machine.

Camp Verde Community Library

Our Mission

The Town of Camp Verde Community Library strives to be the information center for the Camp Verde, Lake Montezuma and Rimrock areas. The Library will endeavor to provide a user-friendly place for people to gather and exchange ideas along with enabling people to access needed agencies and resources through community referrals. The Library also strives to be a cultural center for the community, reflecting the rich cultural diversity of the area.

Department Duties/Description

The Camp Verde Community Library is the information center for Camp Verde, Lake Montezuma, Rimrock and the surrounding areas. Information is available in many formats to our patrons in a friendly, non-discriminating, efficient atmosphere. The Library provides a user-friendly place for people to gather and exchange ideas. The Library also enables people to access agencies and resources through community referral. The Library also is a cultural center for the community, bringing in speakers, exhibits, and programs of interest as well as providing a collection of materials reflecting the rich cultural diversity of the area.

Beaver Creek Library

Our Mission

The Beaver Creek Library will provide for the informational needs of the Beaver Creek area.

Department Duties/Description

The Beaver Creek Library operates as a branch of the Camp Verde Community Library. It is in partnership with the Yavapai County Library District and the Beaver Creek Community. At this point in time, the branch operates as a pickup and drop off location where patrons return checked out items and pick up library items they've previously requested. Library patrons may also sign up for library cards and place holds on any item held by the Yavapai Library Network. As the project grows, we will be adding other services.

Department Staffing:

Library Director (0.10)

Library Assistant (0.40)

Accomplishments for the Fiscal Year 2009/2010:

1. A friends group is being formed and incorporated to help support this operation.

Performance Objectives for Fiscal Year 2010/2011:

1. Increase community support for this operation.
2. Increase services offered at this branch.

Significant Expenditure Changes:

*

Fiscal Notes

- * Yavapai County Library District funds a majority of the expenditures for the Beaver Creek Library Site. The revenue line item titled "IGA with Yavapai County Library District" (4350) is the funding from Yavapai County Library District.

Maintenance Worker (.08) + 3 Workers at 40 hours for initial pool opening preparation (.02 each)	

Accomplishments for the Fiscal Year 2009/2010:

1. Provided recreational opportunities to the community.
2. Provided swim lessons to the community.

Performance Objectives for Fiscal Year 2010/2011:

1. Continue to offer recreational opportunities for the community.
2. Provide swim lessons to the community.
3. Open the pool on Sundays for additional recreational opportunities for the community.

Significant Expenditure Changes:

- * Operating Transfer In - Yavapai-Apache Gaming Compact revenue line item is the allocation of the monies received by the Town from the Yavapai-Apache Nation through Proposition 200 to help fund the operations of the Heritage Pool in the 2010 season. Without the funds received from the Yavapai-Apache Nation, the Town would be unable to open the Pool for the duration of the season.

Fiscal Notes

- * The "Department Requested" column projects the pool opening for the regular season of Memorial Day weekend through Labor Day weekend in both the 2010 and 2011 seasons with the regular operating hours of:

Children's Recreational Programs

Our Mission

The Town of Camp Verde Parks & Recreation Department strives to provide positive programs for our youth and to give them the opportunity to have fun, while developing physically, emotionally, and socially.

Department Duties/Description

The Parks & Recreation Department is responsible for providing recreational and social activities and events for the youth in the community. Children's Recreational Programs include:

- | | |
|--------------------------|------------------------------|
| * Grasshopper Basketball | * Soccer Camp |
| * Summer Activities | * Trick or Treat Main Street |

Department Staffing:

- Recreation Supervisor (0.11)
- Special Projects Coordinator (0.08)
- Medium Equipment Operator 1 (0.02)
- Medium Equipment Operator 2 (0.02)
- Scorekeepers (2)
- Receptionist - part time position only during summer activities

Accomplishments for the Fiscal Year 2009/2010:

1. Provided a successful Summer Program for 35 children.
2. Provided a successful basketball program for 200 children.
3. Provided a safe place for children to trick or treat.

Performance Objectives for Fiscal Year 2010/2011:

1. Make Grasshopper Basketball more cost effective without prohibiting individual's ability to participate.
 - Possibly increase registration fee from \$35 to \$40.
 - Decrease referee pay per game.
 - Lower all scorekeepers to minimum wage.
2. Secure more donations for Trick or Treat Main Street to make the event more cost effective.
3. Provide summer activities for the youth using two staff members and volunteers.
4. Provide summer activities that are free or low cost to the youth in our community.

Significant Expenditure Changes:

- * Expenditure reductions are due to a decrease in programs offered as well as developing more cost effective ways to offer programs.

Fiscal Notes:

- * The Yavapai-Apache Nation has provided funding for the Children's Programs through Proposition 202, Gaming Compact revenue distributions. These funds are tracked in the Yavapai-Apache Gaming Compact Fund (fund 07). When monies are needed to support Children's Recreation programs, an operating transfer is made from the Yavapai-Apache Gaming Compact Fund to the General Fund's Children's Recreational Programs budgetary unit.

Capital Improvement Funds

Capital Improvement Funds consists of the Capital Improvement Projects Fund and the Parks Fund. These funds are used for expenditures that are a structure, improvement, piece of equipment or other major asset having a useful life of at least two years.

The Town Code, Section 3-4-3.5 Capital Improvement Budget Policies dictates the following criteria for the Capital Improvement Funds:

1. The Town will make all capital improvements in accordance with an adopted and funded capital improvement program and will include an annual six-year plan for capital improvements (CIP design, development, implementation, and operating and maintenance costs).
2. The Town will use intergovernmental assistance to finance only those capital improvements that are consistent with the Capital Improvement Plan and Town priorities, and whose operating and maintenance costs have been included in the budget.
3. The Town will coordinate development of the capital improvement budget with the development of the operating budget. All costs for internal professional services needed to implement the CIP will be included in the operating budget for the year the CIP is to be implemented.
4. The Parks Fund and other special development impact funds may only be used to fund facilities included in the Town's master plans.

The Capital Improvements Plan (CIP) is a critical piece in the Town's overall planning. It is the most important implementation tool of the General Plan. Development of the community's facilities and services is one of the primary functions of municipal government. Without a functional transportation system, water and wastewater facilities, public safety services, drainage systems, parks and recreation facilities, and other public facilities, a community cannot reach its potential as a quality place to live. While the Town does not currently provide all of these services to the entire community, it still must plan for them as development occurs.

The CIP is a multi-year plan that outlines current capital and infrastructure needs, future anticipated needs, current projects, and future costs to the community. It addresses both repair and replacement of existing infrastructure as well as the development of new facilities to accommodate future growth and/or improve services. The CIP links the Town's planning and budgeting functions. The CIP is to be used as a guide in decision making.

The process for the CIP's development is divided into six key phases, culminating in the presentation of a Capital Improvement Plan (CIP) to the Town Council for approval. The phases are:

- * Development of CIP Evaluation Criteria. This process defines how CIP projects will be evaluated and prioritized.
- * Public Participation. A resident survey is developed, distributed, and analyzed.
- * Needs Assessment. Future needs are outlined utilizing the General Plan and taking growth patterns into consideration.
- * Financial Analysis. Examining of the Town's recent revenues, expenditures, current debt, and bond capacity.
- * Capital Projects Evaluation. CIP projects are evaluated and prioritized utilizing the developed Evaluation Criteria.
- * Development of CIP Document. All of the preceding steps culminate in the development of the CIP Document which includes an implementation section, outlines how the CIP will be updated on an annual basis.

The planning period for a CIP is five years. The expenditures proposed for the first year of the program are incorporated into the annual budget as the capital budget.

One of the most important aspects of the CIP process is it is not a once a year effort, but an important ongoing part of the Town's overall management process. New information and evolving priorities require continual review.

It is important to note that the Town's most recent Capital Improvements Plan document expired at the end of the 2006-2007 fiscal year. The Town is researching options relative to updating the CIP and maintaining it on an annual basis as is required.

Capital Improvement Projects

Department Duties/Description

The Town of Camp Verde's Capital Improvement Projects Fund was established to provide for the infrastructure and capital needs of the departments of the Town of Camp Verde. The Capital Improvement Projects Fund is funded by allocating 2 cents of the 3 cent Construction Tax received by the Town. Construction Tax is a non-recurring revenue, thus it is proper to use these revenues solely for non-recurring (non-operating) expenditures such as capital projects. The remaining 1 cent of the Construction Tax is allocated to the Debt Service Fund to fund the GADA loan payment.

Accomplishments for the Fiscal Year 2009/2010:

1. Purchased three (3) new patrol vehicles with emergency equipment for the Marshal's Department.
2. Completed Phase I of the Computer Infrastructure/Networking Upgrades. Phase I included the purchase of 25 desktop computers, 5 laptops, 3 servers, Microsoft 2007 Enterprise Edition, and various parts and equipment.
3. Contracted with a local architect for the redesign of Rio Verde Plaza. Drawings are approximately 45% complete at June 30, 2010. The remaining funds will be rolled over to FY2010-2011 for the completion of the project.
4. Froze the remaining CIP expenditures.

Performance Objectives for Fiscal Year 2010/2011:

1. Please see page 6-3 and 6-4 for a listing of projects to be completed in the FY2010-2011.

Significant Expenditure Changes:

- * Capital Improvements Projects vary from year to year, therefore, the majority of the expenditure changes are significant.

Fiscal Notes

- * To complete the projects approved in the FY 2010-2011 Budget, the Town Council has approved the transfer of \$799,957 from the General Fund fund balance to the Capital Improvement Projects Fund in order to fund the projects. Only the actual amount needed to fund the projects completed in the FY2010-2011 will be transferred. Any amounts unused/unspent will not be transferred from the General Fund fund balance.

Parks Fund

Our Mission

The mission of the Camp Verde Parks & Recreation Department is to provide the best possible recreational facilities for its citizens. We are dedicated to maintaining and creating quality parks and outdoor recreational facilities.

Department Duties/Description

- * Maintain current parks and outdoor recreational facilities.
- * Establishment of new park development.

Accomplishments for the Fiscal Year 2009/2010:

1. The Parks Fund currently has a negative fund balance. This means that the Parks Fund has no cash with which to fund its operations. In light of this predicament, the Parks Fund was authorized to fund basic operations such as port-a-jons at the parks and the Operating Transfer Out to the Debt Service Fund for the payments on Butler Park Soccer Field.

Performance Objectives for Fiscal Year 2010/2011:

1. Maintain port-a-jons at the parks.
2. Provide funding for the Butler Park Soccer Field payments to the Debt Service Fund.

Significant Expenditure Changes:

*

Fiscal Notes

- * Due to the financial constraints that the Town is experiencing, no monies have been allocated to the Parks Fund in the 2010-2011 fiscal year.
- * Community Park Improvements (5120) provides monies for survey work that may be required to begin work on the access easement to the property.
- * Local Park Improvements (5130) provides for port-a-jons at the parks as well as minor park repairs/maintenance.
- * Rezzonico Park (5160) provides for port-a-jons at Rezzonico Park.
- * Interfund Loan Repayment (8801) will not be made in the 2010-2011 fiscal year due to monetary constraints.

Refunding Agreement

- * Staff is recommending discontinuing the allocation of \$200,000 to the Parks Fund for the FY 2010-2011. This allocation has been used to cover the Interfund Loan Agreement between the General Fund and the Parks Fund for the purchase of the Community Park land. Discontinuing the allocation will result in a longer pay back period for the Parks Fund to fulfill its obligation to the General Fund. The Amended Interfund Loan Agreement was adopted by Council on May 5, 2010.

Refunding Agreement

The Refunding Agreement shown below was established between the General Fund and the Parks Fund to memorialize the repayment of \$832,000 transferred from the General Fund to the Parks Fund for the purchase of the 118 acres for the building of a Community Park.

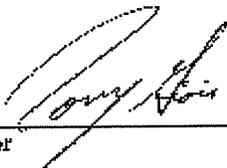

This Refunding Agreement was revised on May 5, 2010. The Revised Refunding Agreement is shown on page 6-8.

REFUNDING AGREEMENT

The aggregate sum of Eight Hundred Thirty-Two Thousand Dollars (\$832,000) shall be transferred from the Town Parkland Acquisition Fund to the Town of Camp Verde General Fund, Local Government Investment Pool Account pursuant to the payment terms set forth below:

Terms of Repayment: Payable on a Quarterly basis with fifty thousand dollars being tendered each quarter beginning on October 1, 2008 and continuing on a quarterly basis thereafter until the full amount of the funds borrowed, that being Eight Hundred Thirty-Two Thousand Dollars (\$832,000), is repaid in full.

Revised Refunding Agreement

The Refunding Agreement shown on page 6-7 was established between the General Fund and the Parks Fund to memorialize the repayment of \$832,000 transferred from the General Fund to the Parks Fund for the purchase of the 118 acres for the building of a Community Park. Due to the austerity of the economy, it was necessary to postpone the repayment agreement until the time in which the Parks Fund has adequate cash with which to make the repayment. The ability of the Parks Fund to repay the General Fund will be assessed each year during the budget process.

REVISED REFUNDING AGREEMENT

This Revised Refunding Agreement is to modify the Refunding Agreement adopted by Council on March 5, 2008 that stated as follows:

The aggregate sum of eight hundred thirty-two thousand dollars (\$832,000) shall be transferred from the Town Parkland Acquisition Fund to the Town of Camp Verde General Fund, Local Government Investment Pool Account pursuant to the payment terms set forth below:

Terms of Repayment: Payable on a quarterly basis with fifty thousand dollars being tendered each quarter beginning on October 1, 2008 and continuing on a quarterly basis thereafter until the full amount of the funds borrowed, that being eight hundred thirty-two thousand dollars (\$832,000), is repaid in full.

This revision serves to include the provision that the Parks Fund shall make payments to the General Fund when cash resources are available for repayment. In times when the cash resources are not available for repayment, the repayment period will be extended until a time in which cash resources are available for repayment.

Magistrate Special Revenue Fund

Department Duties/Description

The purpose of the Magistrate Special Revenue Fund is to help the Court finance and achieve some needs that might not be possible without them. They are placed in individual numbered account for tracking the funds. Each fund is authorized by State or local law.

Local (Municipal) Court Enhancement Funds are collected by the Court as per Ordinance No. 2001-A182 (3). It states that the funds shall be used exclusively to enhance the technological, operational and security capabilities of the Court.

Local Judicial Collections Enhancement Fund (JCEF) is collected by the Court as per ARS 12.113 for the purpose of improving, maintaining and enhancing the ability to collect and manage monies assessed or received by the Courts including restitution, child support, fines and civil penalties; and to improve court automation projects likely to improve case processing or the administration of justice.

Fill the Gap Fund is collected by the Court as per ARS 12-102.102 to allocate funds to counties for the purpose of planning and implementing collaborative projects that are designed to improve the processing of criminal cases.

Fill the Gap and JCEF funds must be requested through a "grant process" to the Supreme Court for approval of how the Court wishes to spend the funds. There are no match funds. Spending must meet the criteria of the legislative intent.

Fiscal Notes:

- * Fill the Gap funds are being utilized to pay for annual audio/visual maintenance fees, monthly DSL fees, and coax repairs.
- * The Court Enhancement Fund is being utilized to pay for the copier lease and maintenance (\$3,500), printers (\$8,250), West Legal Research (\$2,640), digital recording maintenance (\$500), security maintenance (\$350), and other miscellaneous expenditures (\$1,200). All of these expenditures are appropriate for this fund and the fund should be able to tolerate these amounts.
- * Security maintenance and monitoring will go down this year as the Council Chambers security was removed.

Non-Federal Grants

Department Duties/Description

The Non-Federal Grants Fund tracks expenditures and revenues for grants not issued by the Federal Government. The current grant items are the School Resource Officer Grant, LTAF II Grant, Yavapai County Anti-Racketeering (RICO) Funds, Governor's Office of Highway Safety, and Library Services and Technology Act (LSTA) Grant. The Town of Camp Verde is not the direct grant recipient of the School Resource Officer Grant, but rather a sub-recipient as the funds are distributed to the Town of Camp Verde from the main grant recipient to reimburse the Town for actual expenditures of the Town's employee that participates in the grant.

Department Staffing:

School Resource Officer (0.84) - Ten months of the year only, the remaining two months is budgeted in the General Fund Marshal's Department

Fiscal Notes

- * LTAF II Grant funding has been eliminated as the funding from the Arizona Lottery has been permanently swept by the State of Arizona. The monies have been used to fund the Transit Voucher Program. Funds not expended in prior years have been allocated to fund the expenses of continuing this program until funds are depleted. NACOG administers the transit portion of the program.
- * School Resource Officer Grant provides funding through the Camp Verde Unified School District that covers the expenditures of one Deputy for the months of August through May (school year) to provide services to the School and have a presence at the School.
- * Yavapai County Anti-Racketeering (RICO) is monies received from Yavapai County that may be used to fund items such as (list is not all inclusive):
 - * Gang prevention programs
 - * Substance abuse prevention programs
 - * Substance abuse education programs
 - * Witness protection
 - * Investigation and prosecution of case
 - * Payment of compensation to "injured persons"
 - * Law enforcement equipment and operations
 - * Many other uses as defined in the grant paperwork.

The proposed uses of the Yavapai County Anti-Racketeering (RICO) monies in the FY2010-2011 include the purchase of needed law enforcement equipment.

- * Governor's Office of Highway Safety Grant has been applied for to purchase a new AIMS unit. This unit is an electronic measuring device used for the accurate measuring in traffic accident investigations.
- * Library Services and Technology Act (LSTA) Grant was obtained with the objective of creating and presenting Library programs either in-house or off-site. The programs will target three groups: homeschool mothers, parents with young children, and senior citizens. These programs will inform these groups of the services that the Library provides as well as instruction on how to use the Library's various services.

Yavapai-Apache Gaming Compact

Department Duties/Description

The Yavapai-Apache Gaming Compact Fund tracks the monies given to the Town of Camp Verde by the Yavapai-Apache Nation through the State's Gaming Compact. These monies are given to the Town with a designation for certain usage by the Nation. Some of the funds are passed through to other agencies and some funds are retained by the Town of Camp Verde. The Yavapai-Apache Gaming Compact Fund allows for the tracking of monies received and to ensure the proper usage of the funds based on the Nation's designation.

Accomplishments for the Fiscal Year 2009/2010:

1. Provided funding for the Grasshopper Basketball program and other recreational opportunities for youth.
2. Established an account to track the payments of monies allocated to the Camp Verde School District for tutor services in accordance with the request of the Yavapai-Apache Nation.
3. Established an account to track the payments of monies allocated to the Mingus Union High School District for tutor services in accordance with the request of the Yavapai-Apache Nation.

Performance Objectives for Fiscal Year 2010/2011:

1. Provide funding to support the Children's Recreational Programs division of Parks & Recreation. This division provides activities such as Grasshopper Basketball and other recreational opportunities for youth.
2. Provide funding to support the operation of the Heritage Pool for the 2010 swim season.
3. Provide funding to support the building of a new Library.

Fiscal Notes:

- * Projected designated fund balance amounts for the 2010-2011 fiscal year are estimated on the same percentage breakout as the allocations stated in the contribution letter from the Yavapai-Apache Nation for the funds received in the 2009-2010 fiscal year.
- * Camp Verde School District Tutor Expenditures was established to track the reimbursement requests from the Camp Verde Unified School District for tutor services pursuant to the distribution request by the Yavapai-Apache Nation.
- * Mingus Union High School District Tutor Expenditures was established to track the reimbursement requests from Mingus Union High School for tutor services pursuant to the distribution request by the Yavapai-Apache Nation.

Federal Grants

Department Duties/Description

The Federal Grants Fund tracks expenditures and revenues for grants issued by the Federal Government.

Department Staffing:

COPS Officer (2) *If grant awarded

PANT Officer (1)

Fiscal Notes

- * Energy Efficiency & Conservation Block Grant was awarded to the Town of Camp Verde through the American Recovery and Reinvestment Act. This grant will be used to replace the air conditioning units on the Public Works/Parks & Recreation Building and complete energy efficiency modifications.
- * The COPS Grant was applied for by the Marshal's Department to fund two (2) Deputy positions prior to the 2009-2010 fiscal year. The Town of Camp Verde was not awarded funding through the original grant cycle. Applications that were not funded in the original round are being considered for funding in the current round. If the grant is received, the funding provides for the base salary for the officers along with benefits. It does not cover overtime or holiday pay.
- * PANT (Partners Against Narcotics Trafficking) Grant is a regional grant, currently administered through the Town of Prescott Valley, that provides funding for one Deputy. The officers receive specialized training and work in conjunction with other departments around the Verde Valley in narcotics related activities.

9-1-1 Fund

Department Duties/Description

The 9-1-1 Fund was established to track the monies received from the State of Arizona that are designated to be used solely for the purpose of 9-1-1 dispatch related expenditures. In the past, these funds have been used for 9-1-1 training costs.

The 9-1-1 Funds distributed are calculated using a percentage allocation of the 1% of the 9-1-1 funds collected annually by the State 9-1-1 Office within the Arizona Department of Administration.

Accomplishments for the Fiscal Year 2009/2010:

1. No monies have been spent from the 9-1-1 Fund to date.

Performance Objectives for Fiscal Year 2010/2011:

1. No monies are anticipated to be spent in the 2010-2011 fiscal year.

Significant Expenditure Changes:

- * 9-1-1 Expenditures (7010) is allocated to allow for 9-1-1 training or other related expenditures that may arise in the 2010-2011 fiscal year.

Fiscal Notes:

- * Due to the State's 9-1-1 budget being drastically reduced, it is unknown at the time of preparing the budget as to whether or not the municipalities will receive distributions in the 2010-2011 fiscal year. The amounts budgeted are in anticipation of the Town receiving the funds as experienced in prior fiscal years.

Library Building Fund

Department Duties/Description

The Library Building Fund is comprised of monies donated to the Town of Camp Verde with the express intention of being used to fund the construction of a new library facility. The majority of these monies were received as the result of the Camp Verde Public Library being named as the beneficiary of an estate. The Town received quarterly distributions from the trust that is currently managing the estate. In addition to the monies received from the estate, other donations received from the public with the intent of being used for the construction of a new library are also included in this fund.

Fiscal Note

- * Due to the decline in interest rates nationwide, the projected amount of interest revenues have been decreased accordingly.
- * The Council has approved an Operating Transfer from the General Fund to support the fundraising efforts for the building of a new library.
- * The Library Building Fund was designated as a recipient of the funds received from the Yavapai-Apache Nation through the Proposition 200 Gaming Compact. The Council has allocated \$14,258 of the funds received from the Yavapai-Apache Nation towards the Library Building Fund.

Impact Fees

Department Duties/Description

The voters of the Town of Camp Verde approved Development Impact Fees in March 2006. The purposes and intent of the Town's Development Fee Code are:

- A. To establish uniform procedures for the imposition, calculation, collection, expenditure and administration of any development fees imposed on New Development;
- B. To implement the goals, objectives and policies of the Town of Camp Verde General Plan, as amended from time to time, to assure that New Development contributes its fair share towards the costs of providing Public Facilities or Services reasonably necessitated by such New Development;
- C. To ensure that New Development obtains a reasonable benefit by the Public Facilities or Services provided with the proceeds of Development Fees;
- D. To ensure that all applicable and appropriate legal standards and criteria relating to the imposition of Development Fees are properly incorporated into the Town Code; and
- E. To ensure that all applicable procedural requirements of A.R.S. § 9-463.05 have been met.

The Town Code Article 7-10, Municipal Development Fees, details the purpose and intent of establishing and collecting Development Fees as well as defining under what types of development the fees are assessed, procedures for imposition, calculation, and collection of the Development Fees, annual reporting requirements, and tracking of funds collected.

Development Fees are assessed to provide for the development of Public Facilities and Services required by the new development. The Town Code defines "Public Facility or Service" as public improvements, facilities or services, including police facilities, municipal facilities, open space, parks and library facilities necessitated by New Development. "Public Facility Expenditures" is defined as an appropriation or expenditure of public funds incurred in connection with the provision of a Public Facility or Service, including but not limited to:

- a. planning, legal, appraisal, financing, development, and other costs related to the acquisition of, or use rights on, land;
- b. the costs of compliance with bidding procedures and applicable administrative and legal requirements; and
- c. all other costs necessarily incident to provision of the Public Facility.

Department Duties/Description

The Donation Fund was established to accurately track donations given to the departments of the Town of Camp Verde that are designated for a specific purpose.

Fiscal Notes

- * In the 2010-2011 fiscal year, the Town Manager's Recommendation allows for the Departments to expend the prior year's fund balances along with the anticipated donation revenues in the 2010-2011 fiscal year to offset the decrease in their General Fund budgets.

Highway User's Revenue Fund (HURF/Streets)

Our Mission

The Town of Camp Verde's HURF Department's mission is to provide and maintain, within the Town's available resources, adequate and safe transportation infrastructure, effective street maintenance, and promotion of safety.

Department Duties/Description

The HURF Department is a division of the Public Works Department. With a crew of three, the HURF Department maintains over 110 miles of paved roads, as well as blading and maintaining the numerous dirt roads. Each year the Crew performs crack-seal, chip-seal, patch and pavement projects. The Crew inspects, installs and updates traffic and informational signs. The Crew also keeps the Town's Right of Way clear from tree/brush and trash; each year over 7,000 cubic yards of trimmings are cleared. On an average year, the Department issues between 25-30 Road Cut Permits and 70-80 Culvert Permits which require at least one inspection from a Crew member. The HURF Department is also responsible for street sweeping, dead animal pick up and removal of trash for Adopt-a-Road Volunteer Groups.

Department Staffing:

Public Works Director/Engineer (0.20)	Medium Equipment Operator (1.92)
Streets Foreman (0.96)	Streets Laborer (vacant)
Public Works Project Manager (0.80) - currently vacant	Public Works Administrative Assistant (0.45)
Heavy Equipment Operator (vacant)	Special Projects Coordinator (0.05)

Accomplishments for the Fiscal Year 2009/2010:

1. Completed the overlay asphalt paving of Industrial Drive.
2. Kept Right-of-Way clear of weeds, bushes, and trees and assisted Stewards of Public Lands with trash removal after large clean-ups.
3. Completed over 65,000 linear feet of crack seal preventative maintenance.
4. Stripping project, sweeping of Town streets, patch and repair of paved roads, began replacement of signs to meet MUTCD retro reflectivity requirements.
5. Provided inspections for road cut and culvert permits.
6. Coordinated the transfer of 7,500 tons of asphalt millings from ADOT to the Town.
7. Incorporated I-WORKS Pavement Management Software to provide better street work and work order tracking.

Performance Objectives for Fiscal Year 2010/2011:

1. Work with the Town Clerk's Office to obtain CDBG funding for Hollamon Street Sidewalk Project.
2. Upgrade culverts in Verde Lakes Drive to carry higher water flows.
3. Plan and schedule annual road maintenance, crack seal, stripping, and repairs.
4. Keep Right-of-Ways clear of weeds, bushes, and trees and assist with Adopt-a-Road to remove collected trash.
5. Provide inspections as required for street work permits.
6. Clear, grub, and grade as needed to establish new Public Works Yard.

Significant Expenditure Changes:

- * The HURF/Streets operational budget has been significantly reduced due to cuts in HURF Revenues and the cancellation of LTAF Revenues by the State.
- * Contract Labor/Services (7120) in the amount of \$3,000 allows for temporary labor to be utilized in the event that unskilled labor is needed.

Fiscal Notes

- * Seasonal Labor is included in the salary related calculations. Amounts included are 1,440 hours at \$12.00 per hour of rework such as mowing/trimming, flagging, and chip seal, and 240 hours at \$20.00 for blading work plus all applicable taxes and benefits.
- * HURF Revenues and LTAF Revenues are restricted monies received from the State that can only be used for transportation related expenditures. The State provides annual estimates of the amounts that each municipality will receive during the fiscal year.
HURF Revenues are derived from gasoline tax and a number of additional transportation related fees. One-half of monies received are distributed based on the population, the other half are allocated based on "county of origin" of gasoline sales.
LTAF Revenues are derived from the State lottery. Distribution is based on population.
- * Transportation Management Plan:
The Town of Camp Verde has over 110 miles of paved roadways, valued in excess of \$16,800,000. With proper maintenance and preservation work, this valuable asset has a life of 15 to 20 years. Every \$1.00 spent in the first 15 years of the service life of a paved road, saves the Town \$5.00 in future rehabilitation costs. This is based on today's costs; as fuel/oil costs increase, rehabilitation costs will increase, making maintenance even more critical. Any Transportation Maintenance Program will address each of the following:
 - * Routine maintenance such as street sweeping, clearing roadside ditches/structures, maintenance of markings and signage, crack fill, and pothole patching.
 - * Preventative maintenance is the most cost effective. It is one tenth the cost of reconstruction. Preventative maintenance includes fog seal, crack seal, chip seal, and hot mix overlay.
 - * Rehabilitation is the structural enhancement that extends the service life of existing pavement by increasing the thickness to accommodate existing and projected traffic conditions.
 - * Establishing a chip seal program wherein the Town would chip seal 7.5 miles of road each year on a 15 year rotation would cost approximately \$750,000 per year. This program would allow for the proper preventative maintenance for the Town's current paved roadways.
- * The vacant Streets Inspector position provides the opportunity for the Town to replace this position with a Public Works Project Manager. This title change better defines the position objective which will be more technical in nature; providing much needed practical assistance in the HURF/Streets Division, professional and technical guidance for the Storm Water Division, and to a lesser extent, over flow plan reviews and inter-departmental support for the Engineering Division. This salary and related expenditures for this position are shared between the Public Works Department, Storm Water Management, and HURF/Streets.

Debt Policy

Ordinance 2009-A366
An Ordinance of the Mayor and Common Council
Of the Town of Camp Verde,
Yavapai County, Arizona
Amending Town Code Chapter 3, Administration,
Adding Section 3-4 Financial Policies

Chapter 3
Administration

Section 3-4-2 Debt Policy

The Town utilizes long-term debt to finance capital projects with long useful lives. Financing capital projects with debt provides for an "intergenerational equity", as the actual users of the capital asset pay for its cost over time, rather than one group of users paying in advance for the cost of the asset.

The purpose of this debt management policy is to provide for the preservation and eventual enhancement of the Town's bond ratings, the maintenance of adequate debt service reserves, compliance with debt instrument covenants and provisions and required disclosures to investors, underwriters, and rating agencies. These policy guidelines will also be used when evaluating the purpose, necessity, and condition under which debt will be issued. These policies are meant to supplement the legal framework of public debt laws provided by the Arizona Constitution, State Statutes, City Charter, federal tax laws, and the Town's current bond resolutions and covenants.

All projects funded with General Obligation Bonds or Revenue Bonds can only be undertaken after voter approval through a town-wide bond election.

Section 3-4-2.1

1. The overall debt management policy of the Town is to ensure that financial resources of Town are adequate in any general economic situation to not preclude the Town's ability to pay its debt when due.
2. The Town will not use long-term debt to fund current operations or projects that can be financed from current revenues or resources. The Town will first attempt "pay as you go" capital financing.
3. The Town does not intend to issue commercial paper (CP) or bond anticipation notes (BANs) for periods longer than two years or for the term of a construction project. If CP or a BAN is issued for a capital project, it will be converted to a long-term bond or redeemed at its maturity.
4. The issuance of variable rate debt by the Town will be subject to the most careful review and will be issued only in a prudent and fiscally responsible manner.
5. Whenever the Town finds it necessary to issue revenue bonds, the following guidelines will be adhered to:
 - a. Revenue Bonds are defined as a bond on which the debt service is payable from the revenue generated from the operation of the project being financed or a category of facilities, from other non-tax sources of the Town, or from other designated taxes such as Highway User's Revenues, excise tax, or special fees or taxes. For any bonds or lease-purchase obligations in which the debt service is paid from revenue generated by the project, that debt service is deemed to be revenue bonds and are excluded from the calculation of the annual debt service limitation.
 - b. Revenue Bonds of the Town will be analyzed carefully by the Finance Department for fiscal soundness. The issuance of Revenue Bonds will be subject to the most careful review and must be secured by covenants sufficient to protect the bondholders and the name of the Town.
 - c. Revenue Bonds should be structured to provide level annual debt service over the life of the issue.
 - d. Debt Service Reserve Funds should be provided when required by rating agencies, bond insurers, or existing bond covenants.
 - e. Interest earnings on the reserve fund balances will be used to pay debt service on the bonds unless otherwise committed for other uses or purposes of the project.
 - f. The term of any revenue bond or lease obligation issue will not exceed the useful life of the capital project, facility or equipment for which the borrowing is intended.

- g. The target for the term of Revenue Bonds will typically be between twenty and thirty years. The target for the "average weighted maturities" for Revenue Bonds of the Town (except for those issued through the Arizona Water Infrastructure Finance Authority) will be twelve and one half (12 1/2) years.
6. Improvement District (ID) and Community Facility District (CFD) Bonds shall be issued only when the formation of the district demonstrates a clear and significant purpose for the Town. It is intended that Improvement District and Community Facility District Bonds will be primarily issued for neighborhoods and business districts desiring improvements to their property such as roads, water lines, sewer lines, street lights, and drainage. The District must provide a specific benefit to the property owner(s). The Town will review each project through active involvement of Town staff and/or selected consultants to prepare projections, review pro-forma information and business plans, perform engineering studies, analyze minimum debt coverage and value to debt ratios, and other analyses necessary to consider the proposal against specific criteria. Both ID and CFD Bonds will be utilized only when it is expected that they will be outstanding for their full term.
7. Refunding Bonds will be measured against a standard of the net present value debt service savings exceeding 5% of the debt service amount of the bonds being refunded, or if savings exceed \$750,000, or for the purpose of modifying restrictive covenants or to modify the existing debt structure to the benefit of the Town.
8. The Town shall comply with all U.S. Internal Revenue Service arbitrage rebate requirements for bonded indebtedness.
9. The Town shall comply with all requirements of Title 15.1 Arizona Revised Statutes and other legal requirements regarding the issuance of bonds and certificates of the Town or its debt issuing authority.
10. The Town will maintain regular contact with rating agencies through meetings and visits on and off-site. The Town will secure ratings on all bonds issued if economically feasible.

Debt Service Fund

Department Duties/Description

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. The Town of Camp Verde currently has three (3) long-term debt obligations; the GADA loan for the Camp Verde Marshal's Office Facility, WIFA for the Sanitary District Funding Agreement, and Chicago Title for the soccer field at Butler Park.

Greater Arizona Development Authority (GADA)

The Town of Camp Verde obtained \$2,150,000 from the Greater Arizona Development Authority (GADA) on February 28, 2005 for the purpose of constructing a new Marshal's Department Facility. The funds received were part of an Excise Tax Revenue Bond series in which the Town agreed to use a portion of the Town Sales Taxes collected to make the required payments.

The first payment was made to US Bank on February 1, 2006. Payments are made bi-annually; one payment consists of principle and interest, the other bi-annual payment consists of only interest. The complete Schedule of Payments is listed on page 8-5. The Schedule of Payments for the next five years is as follows:

Date	Amount	Interest	Principal
8/1/2010	\$ 127,025.00	\$ 42,025.00	\$ 85,000.00

Camp Verde Sanitary District IGA (WIFA)

The Town of Camp Verde (Town) entered into an Intergovernmental Agreement (IGA) with the Camp Verde Sanitary District (District) on May 17, 2007 wherein the Town pledged \$135,000 per year to the District to be used in connection with the construction of a wastewater treatment plant. The District refinanced the loan originally secured through Koch Financial to secure savings through reduced interest rates. The loan was refinanced with the Water Infrastructure Finance Authority (WIFA).

The Town made the first payment to WIFA on December 22, 2009 and has continued to make the bi-annual payments as scheduled. The complete Loan Repayment Schedule is listed on page 8-6.

The Schedule of Lease Payments for the Water Infrastructure Finance Authority for the next five years are as follows:

Chicago Title/NoteWorld (Butler Park)

The Town of Camp Verde purchased the Butler Park Soccer Field on July 28, 1998 for the purchase price of \$42,000. Since that time, the Town has been making monthly payments to Chicago Title/NoteWorld who processes the payments to the mortgage holder.

The Town does not have an amortization schedule for the loan on the Butler Park Soccer Field, only a payment booklet. A calculation of the remaining payments shows that the property will be paid off in July 2014. The balance of the payments on a fiscal year basis is as follows:

Glossary of Terms

- Accrual Basis** - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is spent.
- Adopted** - As used in fund, summary, department, and program summaries within the budget; represents the budgets as approved by Council.
- Adoption** - A formal action taken by Council that sets the spending limits for the fiscal year.
- Appropriation** - A legal authorization granted by Council to make expenditures and incur obligations for specific purposes. An appropriation is usually limited in amount and duration as to when it may be expended.
- Appropriated Budget** - The expenditure authority created by the appropriation resolution/ordinance, which is signed into law, and the related estimated revenues. The appropriated budget would include all reserves, transfers, allocations, supplemental appropriations and other legally authorized and executive changes.
- Asset** - Resources owned or held by a government, which have monetary value.
- Available (Undesignated) Fund Balance** - Refers to funds remaining from prior fiscal years that are available for appropriation and expenditure in the current year.
- Bonds** - A written instrument to pay a sum of money at a specific interest rate, on a specific date or dates in the future, called maturity dates. The interest payments and the repayment of the principal are detailed in a bond resolution or ordinance. Two common types of bonds, general obligation and revenue bonds, are the most commonly used for construction of large capital projects such as buildings, streets, and water systems. The difference between a note and a bond is that a bond is used for a longer period of time and requires more formality.
- Budget** - A plan of financial operation representing an estimate of proposed expenditures and the proposed means of financing them for a given period. This official public document reflects decisions, measures service needs, establishes the allocation of resources, and is the pecuniary plan for achieving the Town's goals and objectives.
- Budgetary Basis** - This refers to the form of accounting utilized throughout the budget process. These generally take one of three forms: GAAP, Cash, and Modified Accrual of some type of statutory form. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) except that: a) encumbrances are considered to be an expenditure chargeable to appropriations, b) no depreciation is budgeted for Enterprise Funds, c) investments in supply inventories and assets restricted for self-insurance are not considered to be appropriable, d) revenues accruing to sinking funds are not appropriated, and e) contributions into sinking funds are budgeted, whereas disbursements from sinking funds are not budgeted. Unencumbered appropriations lapse at the close of the fiscal year.
- Budget Calendar** - The schedule of key dates or events which the Town follows in the preparation, adoption, and administration of the budget.
- Budgetary Control** - The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of authorized appropriations and available revenues.
- Budget Message** - A written general dialogue of the budget, presented by the budget-making authority. It provides Council and the public with a general summary of the most important budget issues, changes from recent fiscal years, and recommendations regarding the financial policy for the coming fiscal year.
- Community Facilities District (CFD)** - This is a political subdivision of the state and is located within the corporate limits of the Town. It is formed by the Town Council following a public hearing as a result of a petition of property owners. A CFD has the authority to construct, acquire, operate, and maintain a public infrastructure (broadly defined).
- Capital Improvement Plan (CIP)** - The Capital Improvement Plan (CIP) is a comprehensive plan of capital investment projects which identifies priorities as to need, method of financing, cost and revenues that will result during a five year period. The program is a guide for identifying current and future fiscal year requirements and becomes the basis for determining the annual capital budget.
- Capital Outlay** - Expenditures resulting in the acquisition or addition to the government's general fixed assets. These assets generally have a useful life of more than one year.
- Contractual Services** - Professional, technical, or maintenance expertise purchased from external sources.
- Cost Center** - An organizational budget/operating unit within Town department or division, i.e. Storm Water Management is a cost center within the Public Works Department.
- COLA** - Cost of Living Adjustment.
- Debt** - An obligation resulting from borrowing money or from the purchase of goods and services. Types of governmental debt include bonds, loans, time warrants, and notes.
- Debt Service** - The long-term payment of principal and interest on borrowed funds.
- Department** - A major administrative division of the Town, which indicates overall management responsibility for an operation or a group of related operations within a functional area.

Depreciation - Consumption of the service life of fixed assets, due to normal wear, deterioration, environmental elements, passage of time, and obsolescence. The portion of the cost of a fixed asset charged as an expense during a specified period based on service life of the asset and ultimately expending the entire cost of the asset.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Division - A group of homogeneous cost centers within a department.

Enterprise Funds - A government accounting fund in which the services provided are financed and operated similarly to those of a private business. The governing body's intention is to finance or recover operation costs through user fees. The Town of Camp Verde does not currently have any Enterprise Funds.

Estimated Revenue - The amount of projected revenue to be collected during the fiscal year.

Expenditures - Decreases in net financial resources in accordance with budgeted appropriations. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service, capital outlays, intergovernmental grants, entitlements, and shared revenues.

Expenditure Limitation - An amendment to the Arizona State Constitution, which limits annual expenditures for all municipalities. The Economic Estimates Commission sets this limit based upon population growth and inflation. All municipalities have the option of Home Rule that requires voters to approve a four-year expenditure limit based on revenues received.

Fiscal Year - A time period designated by the Town signifying the beginning and ending period for recording financial transactions. The Town's fiscal period begins July 1 and ends June 30.

Fixed Asset - Tangible assets having a long life (generally over one year) obtained or controlled as a result of past transactions, events, or circumstances. Fixed assets include buildings, equipment, improvements other than buildings, and land.

Franchise Fee - A fee paid by public service businesses for the special privilege to use Town streets, alleys, and property in providing their services to the citizens of the community. Services requiring franchise fees include electricity, telephone, natural or propane gas, and cable television.

Full Time Equivalent (FTE) - A part-time position converted to the decimal equivalent of a full time position based on 2080 hours per year, or a full value of one for a full time position.

Function - Activity, which is performed by one or more organizational units for the purpose of accomplishing a goal. The Town is divided into several major functions: 1) General Government, 2) Public Safety, 3) Public Works, and 4) Culture and Recreation.

Fund - An accounting entity having a set of self-balancing accounts and records all financial transactions for specific activities or government functions in attaining certain objectives governed by special regulations, restrictions, or limitations.

Fund Balance - Fund balance is the excess of assets over liabilities of governmental and trust funds.

General Fund - The operating fund established to account for resources and uses of general operating functions of Town departments that are not required to be accounted for in another fund. Resources are, in the majority, provided by taxes.
