PUBLIC INPUT

(Comments from the following individuals are summarized.)

Jeff Dartt, Chairman of the Verde Valley Camp Verde Safety Association, gave statistics to support how the safety employees in the Marshal's Office are already underpaid by comparison with other communities; he requested that the Council seriously consider the 1% sales tax raise. He believes the community would understand and be in favor of it.

Linda Buchanan said she works in the education field, and serves on the Chamber of Commerce Board of Directors. She feels the Town needs to keep the funding opportunities available for the Arizona Office of Tourism and the Chamber; private enterprise is working hard as well.

Deborah Barber commented that all the employees are experiencing difficult times. Her husband lost his job last year, and she is the sole support for a family of six. It hurts, but all the employees are pulling together and agreed to a 5% pay cut knowing this is necessary to keep the community going.

Jacque Daughety, Court Supervisor who has been with the Town since 1993, asked that the Council consider doing what all the department heads and staff have been doing for the last 2-1/2 years and that is to break the problem down to the most important issues first – the building and the equipment, the employees and the most necessary of our services. Everyone is more than willing to cooperate, and next year promises to be worse. She is in favor of the 1% tax increase.

Robert Foreman, Building Department, said he understands the condition the State, County and Town are in. The employees have agreed to the 5% cut, and he recommends the 1% sales tax raise.

Kathleen Lew, a part-time employee in the Camp Verde Library, requested that part-time employees be exempt from the 5% reduction in pay.

Laura Miller, Camp Verde Marshal's Office, commented on the effect of losing money from the change in holiday pay, and said that there are people in the department who cannot afford to buy a home here; many have had to file bankruptcies. She recommended increasing the sales tax rate. *The Council requested that Elliott calculate the increase in percentage between the Marshal's Office the other staff members as far as the additional holiday pay receive, combined with their regular salary.*

Monte Reimer, an employee since 1989, urged the Council to look at raising the sales tax before cutting pay; he agreed that some employees could take early retirement.

There was no further public input.

During the discussion, staff was requested to look into the Town's programs, or what might be considered entertainment, to determine the cost effectiveness. Barber reviewed the timeline required to realize the income from an increase in the sales tax as enacted by the Town Council, as well as a delay caused by the public calling for a vote to oppose the Council action.

Elliott was requested to include in the information to Council that if the sales tax is adopted no later than May 1st when the first proceeds

will be received; Elliott estimated it would be in September. The full 12 months of increased revenue would be received; there would just be the 60 days delay after the end of June 30th.

Councilors Garrison and Whatley requested item #5, 6, & 7:

5. **Discussion with Town Manager regarding FY2010-2011 budget format, reiteration of staff projections and recommendations, including but not limited to consideration of additional sales tax, broadened accommodation tax, reduced construction tax, a 36-hour work week, impacts of a 10-20% payroll reduction of overall payroll, revisions to holiday pay, departmental reorganization, possible elimination of some positions, and/or early retirement of employees that could qualify without benefit loss and possibilities for contracting out various Town services as they relate to budget reduction.** Note: Council may vote to go into Executive Session pursuant to ARS 38-431.03.A.3 for discussion or consultation for legal advice with the attorney or attorneys of the public body. There was no action taken.

6. **Summary of ideas discussed and possible direction to Town Manager to relay this information to Department Heads.** There was no action taken.

Garrison requested that the issue of raising the sales tax by 1% be placed on the agenda for consideration and possible action; Scannell said that staff will work with the Town Clerk to have the necessary paperwork prepared and ready for the agenda for the April 7th meeting. Elliott will have the cost analyses and items requested by the Council ready as soon as possible, and will transmit the information to each Council member; it was suggested that the information be available for the next budget session.

Scannell confirmed that Elliott will prepare an analysis of the expenses associated with the programs, Grasshopper basketball, for example, compared with the revenue from the registration fees.

7. **Discussion and possible direction to Town Manager regarding the current FY2009-2010 budget.
