Professional Experience:

In addition to being a stay-at-home Mom for most of the years that Bill served in the U.S. Air Force, after his retirement I rejoined the workforce outside the home and became a Property/Casualty insurance agent. My career spanned a 20-yr time frame and included working in Texas and Arizona.

Although the insurance career was always interesting and for the most part, rewarding, my most treasured rewards have been our great children and grandchildren!....together with the wonderful opportunity to serve the citizens of our great town! I cannot say 'Thank You' enough!

Personal:

Married, husband, Bill, retired Air Force veteran; 4 grown children, 8 grandchildren, (two of whom attended and graduated from Camp Verde High School); also, 11 great-grandchildren, (7 of whom are currently attending Camp Verde schools).

Moved to Camp Verde in 1985 and have been involved in community activities since 1986. Some of those activities included working with other citizens to accomplish incorporation in 1986; serving on the Ft. Verde Days committee, as Secretary of the

LLC, for several years; as a member and volunteer for the Chamber of Commerce; as a member of Friends of Camp Verde helping with many town activities and volunteering/helping with many town functions as a councilmember.

Elected to Town Council in 1999, I served until June 2007, (two terms), and running for council again in 2009, was elected to a third term. During the 8 years, from 1999 until 2007, I served on several boards and committees including the AMRRP Board of Trustees (elected by members of AMRRP), the NACOG Regional Council Executive Board (for 3 years), NACOG Economic Development Committee, NACOG Head Start and the NACOG Transportation Advisory Committee. Also, I served as Vice-Mayor from June 2005 until June 2006.

(Note to Virginia: regarding the reference above to being "...Secretary to the LLC....", I was referring to the Ft Verde Days, LLC....we had that committee for several years as a Limited Liability Corp.....also, pls edit this however you see fit...I'm really tired now so I'm sure I've rambled on so I'll have to depend on your expertise...thank you! thank you!...Jackie)
