Town Manager Scannell concurred with that suggestion.

5. Call to the Public for Items not on the Agenda.

(Comments from the following individuals are summarized.)

Howard Parrish described the new building activities and businesses proliferating in surrounding communities in contrast to Camp Verde. Whatever Camp Verde is doing, it is wrong; unless there is change leading to growth, the Town will die.

Vada Lovato, a member of the Artisans Gallery at the Rio Verde Plaza, said that the group have always tried to be an asset to the community; she urged the Council to consider that the decision regarding the Plaza was made in haste, that more information is needed, and should be reconsidered.

Claudia Ward urged the Council to reconsider their position on the Rio Verde Plaza.

Mark (Owner of Lawman's Pizza), said he and his wife have had the business in Rio Verde Plaza for almost two years, really like the town, and outlined the approximate income to the town from his business; he pointed out options for inexpensively renovating the Plaza, stating that there is already sufficient parking in that area, and suggested initiating a shuttle service.

Lois O'Toole, owner of Mobilation Toy Store, said her business has people come in from all across the country on their way to other destinations; she hopes the Plaza is not taken down and that she can continue the business there. She offered to supply a bid for the renovation.

Roger Doering announced that Channel 57 is now back up and operating and should be able to receive the Phoenix channels and get them converted into the Valley.

Debbie Fenner, an employee of Mobilation, said she is concerned that the Town is stuck in a warp and standing still; if the Plaza property is turned into a parking lot who will maintain it. The current businesses do much of their own maintenance; paint is cheap and volunteers are available.

Donald O'Toole wished the Town a happy Constitution Day; he is active with the Mobilation Toy Shop.

Patrick McDowell, a resident of Rimrock, said that he makes special trips to Camp Verde to eat

out; take a hard look at the Rio Verde Plaza, do some numbers, use a little paint, and reconsider.

Mark Payne said he does maintenance for businesses in town; the Rio Verde Plaza building brings in revenue, cannot understand the thinking of the Council, and that it will cost \$100,000 minimum just to put in asphalt after the building is torn down.

Harry Rhodes, speaking for Rio Verde Plaza, said that businesses have already been lost in town; the worst is yet to come. The Council should reconsider.

There was no further public input.

6. **Council Informational Reports**

German commented on the need to have a tracking system on the Sanitary District past activities on capacity and collection lines in order to determine future capacity; the ongoing investigation will continue, and whatever is agreed upon between the two entities will be brought back to Council.

Hauser reminded everyone about the upcoming Verde River Days scheduled for September 27th at Dead Horse State Park, including the plans for the MatForce "Dump Your Prescription Drug Day".

Smith urged the community not to put the energy-saving light bulbs in the landfill, but into the recycle bins; they contain mercury and would pollute the groundwater.

Garrison congratulated the Yavapai-Apache Nation for receiving the Governor's Award for their housing infrastructure. She attended the dedication for the Doug Davis Ball Field that was paid for by APS and the Diamondbacks program together with a donation of \$50,000 from Doug Davis. Garrison commented on the recent swearing-in of the new Sanitary District Board member, the upcoming NACOG tourism event, and the return of the Library Drop Box.

Garrison also directed staff to put the Rio Verde Plaza issue on the agenda for the next regular meeting in October; she requested staff to provide all the facts on which she had made her decision, and wants the public to know those facts.

Gioia referred to the letter he wrote to the Director of the Department of Water Resources regarding protection of the Verde River, as authorized by Council; also attended the meeting on Camp Verde's future on water rights. Yavapai-Apache Nation leaders participated in the meeting on input into the Park Plan; Gioia reported on the Verde Watershed Association meeting, the Verde River Greenway recent meeting, and notes from the Water Advisory Committee meeting.

7. **Presentation by Camp Verde Unified School District (CVUSD) Superintendent Jeff Van Handel relative to the CVUSD's Master Plan for school-owned properties.** *Note: Presentations are limited to 10 minutes for the presentation and discussion.* (Staff Resource: Matt Morris)

There was no action taken.

Superintendent Jeff Van Handel made a Power Point presentation on a summation of what is being planned for the Camp Verde School District, including expanding the site of the elementary school, relocating the football field, with the help of a grant from the State of Arizona. Mr. Van Handel also described the preliminary design for the 10-acre site to be donated to the School District by the developer, Scott Simonton. Mr. Van Handel also gave an update on working with the Forest Service on the 80-acre site for the School District that will be located catercorner to the Community Park.

During the following brief Council discussion with Mr. Van Handel regarding the information he

had outlined, he was assured that Camp Verde looks forward to working closely with the School District and being involved as much as possible in the future plans.

8. **Discussion, update, discussion, consideration, and possible approval of funding of \$55,000 for upgrading the planned reconstruction of roads disturbed by the Sanitary District's sewer expansion project in Fort River Caves, Reddell Ranch Acres, and Tres Rios. (Staff Resource: Ron Long)**

On a motion by Hauser, seconded by Kovacovich, the Council unanimously approved the funding of \$55,000 for upgrading the planned reconstruction of roads disturbed by the Sanitary District's sewer expansion project in Fort River Caves, Reddell Ranch Acres, and Tres Rios.

Public Works Director Ron Long explained that following his presentation to the Council last week on the issues with the subject streets, a meeting was held, including the Town's Liaison Charlie German, the Sanitary District and the contractor, to discuss options of what could be done to improve the roads at the least expense with the best result for the Town of Camp Verde and the neighborhood. Long detailed the improvements agreed upon; the cost to the Town would be an additional \$55,000. Long added that that amount is available in the Street Department annual budget, and he is seeking approval of his request to fund the reconstruction of the roads. The Council briefly discussed the issues and the resolution presented by Long, thanked him for his diligence, and confirmed that he will continue to monitor inspection of the project.

10. **Robin Whatley will update Council on the first annual Non-Profit Funding Ad-hoc Committee meeting and recommendations for funding. Council will follow with discussion, consideration, possible approval of funding allocations, and possible direction to staff relative to the remaining funds. (Staff Resource: Debbie Barber)**
On a motion by Gioia, seconded by Hauser, the Council unanimously approved funding the three recommended applicants, Toys for Tots, Verde NRCD, and the Verde Stewards of Public Lands.

Robin Whatley reported on the first meeting held by the Ad-hoc Committee on September 3rd, 2008; the Committee is comprised of the Town Clerk Debbie Barber, Councilor Charlie German, Committee Members Howard Parrish and Robin Whatley. Whatley outlined the purpose of the Committee, which is to recommend allocation of funds to non-profit groups that are of benefit to the Town of Camp Verde. The Town has budgeted \$5,000 for that purpose; Whatley explained that funds are also available from LTAF monies. Whatley said that after review of the requests from non-profit groups for funding this year, the Committee voted unanimously to recommend approving requests from Verde Valley Toys For Tots, the Verde NRCD (Verde National Resource Conservation District, Environmental Education Center), and the Verde Stewards of Public Lands, in the amount of \$500 each. The Committee will meet again on September 19th to discuss additional applications from the Performing Arts Studios and the Verde Valley Concert Association; the Council will be kept updated on those requests. The Committee is also recommending that some of the funds be retained on hand to meet possible emergency requests.

The Council discussed the recommendations submitted by Ms. Whatley, agreed with the plan to keep some of the funds on hand for emergencies, and to remind the public that the idea of forming the Committee was to organize the requests from non-profit groups and to be able to better understand the Town budget.

Councilor Smith requested item #11:

12. Discussion, consideration, and possible clarification of the roles of the Library Advisory Commission and the Citizens Committee for Camp Verde Library (CCCVL) relative to their role(s) in building a new library facility and in fund raising activities.

On a motion by Gioia, seconded by Hauser, the Council unanimously approved adhering to the recommendation of the Library Advisory Commission describing the roles of CCCVL and the Library Advisory Commission as follows: On a motion by Commissioner Doering and seconded by Commissioner Sykes, the Commission recommends the following to Town Council: The primary role of CCCVL is to raise funds for the construction of the Library; the primary role of the Library Advisory Commission is to develop a conceptual plan with the Library staff that outlines the space requirements of the square footage for various functions and needs of the new Library.

Councilor Smith opened the discussion with the comment that he believes it is clear from conversations with the public that there is confusion regarding the non-profit entity raising funds for the library and security of those funds, as well as confusion among the members of the Library Advisory Commission as to what their role is. Smith outlined and explained the details of his proposal that in essence the Town should build the building with the different financing opportunities available to it, and the 501(c)(3) entity should be completely involved in fundraising to be used basically for furnishing the building.

The members addressed the suggestion presented by Smith, countered with pointing out the potential benefit of a non-profit group, or community effort, generating the funds to build the library, discussing at length the issue of clarification of the roles of the Library Advisory Commission and the Citizens Committee for Camp Verde Library.

Councilor Hauser pointed out to the members that Minutes of the Library Advisory Commission set forth clearly its recommendation to Town Council as follows: that the primary role of CCCVL is to raise funds for the construction of the library; the primary role of the Library Advisory Commission is to develop a conceptual plan with the library staff that outlines the space requirements by square footage for various functions and needs of the new library. There was also opinion expressed on the rights of all citizens of be able to actively participate in collecting funds to build a new library without creating any conflict of interest, regardless of holding public office or serving on the board of a non-profit entity.

PUBLIC INPUT

(Comments from the following individuals are summarized.)

Karen Heuman quoted from the “Handbook for Trustees” from the Arizona Public Libraries to clarify the meaning of “advisory” , and reviewed how and why the Library Advisory Committee arrived at its unanimous recommendation to clarify the roles in order to avoid both groups approaching the same donors for funds.

Kathy Davis commented on other issues that have been brought up, such as deciding on location and how CCCVL would manage the funds collected; CCCVL has insurance as a corporation to cover the liability of its officers and directors.

Roger Doering, a member of the Library Commission, said the Commission has not addressed the issue of selection of architect and design of the building; the first goal is to get the funds for the building.

There was no further public input.

During further discussion, there was concern expressed regarding the issue of considering alternate sites for the library at this time when the understanding is that a site has been selected and approved. Also, because of the perceived uncertainty over alternate sites some members of the public have indicated they will not donate any funding until that decision has been finally made. The members debated on the past decisions made by other Councils in connection with deciding on a location as well as the money spent on the architectural design and model. A suggestion was made that the citizens have the right of petition, and the choice of location should be made to put it on the ballot and decide through the election process.

(Note: Item 13 was addressed prior to Item 12)

13. **Discussion, consideration, and possible authorization to hire an employee to assist with recreational programs for 15 weeks through the Book Rehab program. The cost of this employee will be \$4,104.20, with \$2,052.10 to be paid from the Book Rehab program and the remaining balance of \$2,052.10 to be paid from the Tribal Gaming Compact monies. (Staff Resource: Lynda Moore)**

On a motion by Hauser, seconded by Gioia, the Council unanimously authorized the employment of a person to assist with recreational programs for 15 weeks through the **Voc Rehab** program; the cost of this employee will be \$4,104.20, with \$2,052.10 to be paid from the **Voc Rehab** program and the remaining balance of \$2,052.10 to be paid from the Tribal Gaming Compact monies.

Recreation Supervisor Joe Perez said he believes the agenda item was clear on what is being requested; the amount of compensation included Worker's Comp, and the funds from the Town are on hand in the Parks & Recreation budget. Perez confirmed that the required background check has been addressed, and that hiring the employee as a referee for the 15-week term will save the Town money compared with the cost of using an office employee.

Fred Dorfman, a former school teacher, said he has been working for the State in Vocational Rehabilitation, and that program is all about removing barriers to employment for kids with disabilities. Mr. Dorfman complimented the Town of Camp Verde for its outstanding cooperation, particularly the Parks & Recreation Department, during the recent Job Fair event, and he expressed appreciation for the willingness of the Town to work with the State regarding this young man who is looking into a career. Mr. Dorfman explained his role working as a counselor through the high school in advising young people with disabilities to be able to gain employment. During the following discussion with the Council, Mr. Dorfman confirmed that the agenda item referring to "Book Rehab" program, should have stated "Voc Rehab" program.

- 13A. **DISCUSSION, CONSIDERATION, AND POSSIBLE DETERMINATION AND DIRECTION TO THE MANAGER CONCERNING THE ENTERPRISE ZONE DESIGNATION AS IT RELATES TO 1) ENTERPRISE ZONE RECERTIFICATION APPLICATION AND 2) COMPLETION OF THE ENTERPRISE ZONE'S ANNUAL REPORT, BOTH OF WHICH WILL REQUIRE THE HIRING OF A**

CONSULTANT AT A COST OF \$4,925. *This is an unbudgeted item. (Staff Resource: Michael Scannell)*

On a motion by German, seconded by Garrison, the Council voted unanimously to drop this item from further consideration.

Town Manager Scannell reviewed the background of the Town seeking to be designated as an Enterprise Zone, which would have tax benefits to manufacturing businesses. During the time the Town has been designated as such there have been no applicants for the Enterprise Zone status; the period for requesting recertification will be from October 1 through October 30 of this year; Scannell referred to the formal outside bid submitted for completing the required current annual report, outlining the process. None of the five annual reports required following the original designation have been submitted.. During the Council discussion, Scannell suggested that the Town would be well served by working on developing some sort of economic development strategy that would fit the Town, and concentrating on the strengths of the community; it was generally agreed not to further pursue designation of an Enterprise Zone at this time.

PUBLIC INPUT

There was no public input.

13.B DISCUSSION, CONSIDERATION, AND POSSIBLE SELECTION OF COUNCIL MEMBER(S) TO SERVE AS LIAISON TO THE YAVAPAI APACHE NATION. *(Staff Resource: Mayor and Council)*

A motion by Garrison to change the Liaison position from an annual position to a six-month position, and that position be rotated out for each member of the Council to have an opportunity to work with the Yavapai Nation just like the Design Review has an opportunity to work with P&Z **failed for lack of a second.**

On a motion by German, seconded by Hauser, the Council unanimously selected Mayor Gioia to serve as liaison to the Yavapai-Apache Nation, with Councilor Garrison to serve as back-up.

Councilor Garrison proposed that the liaison position be filled on a 6-month rotating basis, as suggested by members of the community, similar to what is done with the P&Z liaison to the Design Review Board; in that way every member would have the opportunity to get acquainted with the Tribe. Gioia volunteered for the responsibility as liaison, commenting that the Town Manager has also helped foster good relationship with the Nation. Hauser volunteered to act as back-up. After a brief discussion it was agreed that the position will be assigned on a yearly basis in line with the other Council appointments made each June.

16. Manager/Staff Report

Town Manager Scannell reported in detail on information gained during his participation in a conference call with State Treasurer Dean Martin in connection with the collapse of Lehman Brothers, and the impact on Town funds that were part of the municipal investment pool held

and managed by the State of Arizona and invested in Lehman Brothers; Scannell assured the Council that the Town's exposure is very small, and the State Treasurer's office is doing the best they can to address the situation. There will be other conference calls coming, and Scannell will keep the Council advised.

17. **Adjournment**

On a motion by Hauser, seconded by Smith, the meeting was adjourned at 10:22 p.m.
