**Also Present:**

**3. Pledge of Allegiance**

Jenkins led the pledge. Following the pledge,

**4. Discussion and consideration of the following Capital Improvement Projects: (Note: Council will begin the session by touring Town Facilities)**

**a) Remodel Council Chambers and Court**

Cipriano distributed plans for remodeling the current courtroom. He presented three plans, noting that his preference was to relocate the court to the teen center building. He advised that option would involve additional construction and substantial cost. Council discussed the convenience of the location adjacent to the Marshal's Office and the abundance of parking spaces. The second option was to remodel rooms 206, 207, and 208 with a courtroom, lobby, and offices for staff, the prosecutor, and victims. The third option was to keep the court where it is currently, have the Clerk's office staff move to rooms 206, 207, and 208, and use the current Clerks' office for additional office space for the Courts' needs.

Barber explained that the current Council Chambers is not adequate for many Council meetings and that the public must stand outside in inclement weather during executive sessions. She explained that remodeling Rooms 206-207 for Council Chambers would double the space. In addition, there is a door leading to the Offices in Room 208, where a conference room, Council offices, and a records room could be located. Cipriano presented drawings for the Clerks' office for Rooms 206, 207, and 208. Barber explained that the current storage of the Town's files was not an adequate way to preserve the history of the Town. She also advised that the new plans included a separate room for executive sessions that would provide enough space so the public would not be left standing outside. Council agreed the separate room would be a nice option.

The Council discussed at length plans for getting these projects started. It was suggested rather than pay as you go, to make a commitment to the projects, finance the projects and have them completed in 2-3 years. It was agreed that was a good idea but the town may be more accepting of a combination of both methods.

The Mayor recessed the meeting and Council visited the Court and Community Development offices, Rooms 206-207, 208, the Gymnasium, kitchen, restrooms, and the Archival Room.

**b) Remodel Community Development Office**

Jenkins advised that he would like to remove the windows in their break room so that a double door could be added and one counter constructed to better serve the public, noting that it would make it more convenient.

**c) Gym Remodel/Improvements**

Ron Long explained that the kitchen needed to be remodeled with commercial appliances. He also advised that the Community Center restrooms needed to be remodeled and the gym floor needed to be re-done. The Council agreed with the plan.

**d) Senior Center**

Martin advised that the Senior Center kitchen is not set up for efficiency. He advised that the Center needed new appliances, including walk-in coolers, stoves, refrigerators, and freezers. The Council discussed at length the funding options for this project. Federal funding with mandatory compliance was discussed and it was agreed that federal funding is the likely best option and needs to be seriously considered.

**e) Animal Shelter**

Gardner presented plans for placing a large garage at the Street Yard for housing dogs. Gardner advised that on July 1, 2012, changes were made in how the animal shelter works. She explained that the animal shelter is now operating as an impound, emphasizing that since the change was implemented, there have been no euthanized dogs. Council discussed utilities, buying options and a bathroom facility for employees. Gardner explained that while they are working with the Humane Society and local rescue groups, they are still running into problems with those places being full and unable to accept more animals. The proposal would house an additional six dogs.

**5. Adjournment**

On a motion by German, seconded by Kovacovich, the meeting was adjourned at 10:40 a.m.

There were no special announcements or presentations.

**6. Council Informational Reports.**

**Jones** reviewed her attendance at the Chamber Board meeting, and their plans.

**Baker** reported on her attendance at the fund-raising dinner for the Verde Valley Archaeology Center; it was well attended.

**Whatley** also attended the dinner at the Center, and commented on the opening event coming up on November 7, 2012.

**Burnside** said he participated at the event at the Jackpot Ranch; reminded everyone of the Kingdom of the Spiders upcoming showing, adding that he was glad to see the repairs being done on The Horn.

7. **Call to the Public for items not on the agenda.**

(Comments from the following individuals are summarized.)

**Justin Wertz** said he was pleased to give an update on his ongoing responsibilities.

**Jim McDonald** expressed concern about the 22-inch steel plate at the Rezzonico Park; he feels it poses a problem for small children, for which the Town would be liable.

8. **Discussion, consideration, and possible direction to staff to work with Arizona Department of Transportation (ADOT) and Northern Arizona Council of Governments (NACOG) to move forward with the funding, design and construction of either, Option A – a Roundabout, or Option B – a Signal: to provide enhanced traffic circulation, connectivity and pedestrian movement at the intersection at State Route 260 and Goswick Way/Industrial Drive.** (Staff Resource: Ron Long)

On a motion by Baker, seconded by German, the Council unanimously to proceed with the Roundabout option and move forward with ADOT and to prepare an Intergovernmental Agreement (IGA) for the design and construction of the Roundabout option at SR-260 and Goswick Way/Industrial Drive for Council approval.

Public Works Director Ron Long introduced two guests representing ADOT, Megan Kintner and Alvin Stump. Ms. Kintner, Public Affairs, gave a comprehensive presentation, including a video, on ADOT's operating system and funding sources, including the 25-year revenue forecast and the contrasting anticipated transportation needs and revenue shortfall. Mr. Stump reviewed the need for safety measures at the subject intersection, and presented a cost comparison between a traffic signal and a roundabout.

The Council members discussed the proposed project, the cost for the Town's share and how to best finance it, and the option of borrowing as needed against grant funds that will be available from NACOG in 2014. It was generally agreed that it would make more sense to borrow against the future dollars, rather than spend too much of the Town's reserve funds at this time. The roundabout was determined to be the better resolution to the existing traffic problems.

9. **Discussion, consideration, and possible approval of Resolution 2012-873 a Resolution of the Mayor and Common Council of the Town of Camp Verde, Yavapai County, Arizona, declaring as a public record that certain document filed with the Town Clerk and entitled as 'Part 3 Section 306 Mobile/Manufactured Home Park Standards', an amendment to the Planning & Zoning Ordinance. Ordinance 2011-A374.**(Staff Resource: Mike Jenkins)

Both Item 9 and Item 10 were tabled at this time, and staff was directed to go back and work on clarifying and correcting some language and conflicts in the Code that should be reviewed and taken care of, and then referred to Planning & Zoning Commission for recommendation to Council.

Community Development Director Jenkins explained that, after three public hearings on proposed amendments to Section 306 of the Town Code held by the Planning & Zoning Commission, to resolve a specific problem regarding regulation of older mobile/manufactured homes, some conflicting language was brought to staff's attention. After review, including staff's continuing concern about Proposition 207, it was decided to request tabling this item at this time in order to allow staff to make the necessary corrections that will be returned to the Planning & Zoning Commission for further review.

10. **Discussion, consideration, and possible approval of Ordinance 2012-A387 an Ordinance of the Mayor and Common Council of the Town of Camp Verde, Yavapai County, Arizona, adding Text amendment changes to the Planning & Zoning Ordinance, Part 3 (General Regulation/Provisions),**

**Section 306 (Mobile/Manufactured Home Standards and including Recreational Vehicle Park Standards).**(Staff Resource: Mike Jenkins)  
(This item was addressed together with the foregoing Item 9.)

11. **Discussion, consideration and possible approval of the placement of a Deputy Public Works Director position into the Town's Classification and Salary Plan, which will include the job description and salary range.** (Staff Resource: Ron Long)

On a motion by Burnside, seconded by Kovacovich, the Council unanimously approved the placement of a Deputy Public Works Director position into the Town's Classification and Salary Plan, which will include the job description and salary range.

Long explained that, prior to the loss of Steve Burroughs, a reorganization plan had been worked on that would have promoted Steve to Public Works Deputy Director, and included the hiring of a Street Superintendent. Council is being asked at this time to approve the Deputy Public Works Director position and to advertise to fill that position. During Council discussion, it was noted that there would be no change in the department's budget this year, that the intent is to get someone to fill that position perhaps in the spring, prior to next July, and that there is an individual who is capable of filling in as the foreman for the Street Department in the interim.

12. **Call to the Public for items not on the agenda.**  
(Comments from the following individuals are summarized.)

**Justin Wertz** commented that it has been wonderful being at these meetings.

There was no further public input.

13. **Manager/Staff Report**

Martin reported on scheduling the meeting with the Yavapai-Apache Nation tentatively on Wednesday, November 28, 2012, sometime mid-morning. He reminded everyone of the "Kingdom of the Spiders" event ahead; the Town will be observing Halloween, starting at 5:00. There will be a memorial service for Steve Burroughs at the Clarkdale Park on Saturday, November 3, at 1:00 p.m.

Mayor Burnside, Vice Mayor Kovacovich, and Councilors Baker, German, and Whatley were present. Councilor George was absent.

**Camp Verde Sanitary District Board**

Board Members Dick Rynerson, Carol Rynerson and Charlotte Chase, and District Manager Jan Grogan were present. Chairman Chip Norton was absent. Vice Chair Greg Freeman arrived at 5:11 p.m.

**Also Present**

Town Manager Russ Martin, Town Clerk Deborah Barber, and Administrative Assistant Stephanie Sunstrom were also present. Public Works Director Ron Long arrived at 5:12 p.m.

**3. Pledge of Allegiance**

Grogan led the pledge.

**4. Discussion to include, but not limited to issues and questions regarding possible dissolution of the Camp Verde Sanitary District and acceptance of the Trusteeship of the District by the Town.**

Martin advised that the purpose of this meeting was to discuss the possible dissolution of the Sanitary District with the Town accepting trusteeship. He explained that this opportunity allowed both governing boards to ask questions that could lead to a formal conclusion as to whether we go forward or not. He advised that December is the period in which to formalize actions that are necessary for the March election. He advised that staff would formalize the information from tonight's meeting and that it was very important to come to a collective decision that was supported by both boards. He explained that both the voters in the Sanitary District and in the Town would vote for both questions and that the measure had to pass in both elections to become effective. Martin also explained that there would be no conflict of interest by the Council or Board members to vote on the questions in the election.

The Council and Board members discussed at length concerns relative to assuming District employees who were certified in their fields. Some areas of concern included pay ranges, benefits including retirement, insurance, vacation, holidays, and sick leave. Martin advised that Town salaries are at approximately 90% of the market, noting that in some cases, District employees might receive an increase. He stressed that the Arizona State Retirement System is a requirement and that employees could see a 7% decrease in pay right away. However, as he pointed out, the Town matches the employee contribution. He assured both boards that the pay and benefits would be equitable to both Sanitary District and Town employees. Long advised that he held all certifications necessary for the operation of utilities.

The group also discussed some benefits of the Town assuming the District, which included elimination of fees for engineering services, rent, utilities, equipment, equipment operators, and the future possibility of using effluent water from the treatment plant for the park.

Martin emphasized that the District's debt would remain with the District and that there would be no tax increases. However, the maintenance and operation levies would need to be addressed before the election and he suggested adding a fee of approximately \$7.00 per month to the users, while eliminating the tax

levy. He noted that this could be an increase to those who might not be able to afford it.

After further discussion about property taxes, assessments, and user fees, the Council wished to see additional information, such as the District's budget, information about the pros and cons of acquisition, information as to how acquisition would promote economic development, an attorney opinion, and any other information that might assist in making a decision to move forward.

Grogan explained that in order to protect the delicate environment of the Verde River, it should be the goal of the governing bodies to expand the sewer throughout the Town to eliminate the need for septic systems. Martin encouraged Council members to talk to Grogan if they had any questions. Burnside explained that the Sanitary District Board would remain as an Advisory Board for a period of time after the Town assumed trusteeship.

5. **Adjournment**

On a motion by Baker, seconded by Jones, the meeting was adjourned at 6:19 p.m.

Community Development Director Mike Jenkins presented the Quarterly Reports for both the Board of Adjustments and the Planning Commission, followed by the Quarterly Report on the Fort Verde State Park presented by Sheila Stubler, Park Manager.

9. **Discussion, consideration, and possible approval of a defined area in the downtown identified as an Entertainment District, pursuant to A.R.S. §4-207 allowing the Town of Camp Verde to approve on a case-by-case basis, exemptions from the distance restrictions for the issuance of certain liquor licenses for establishments in relation to public, private or charter schools or places of worship.** Staff Resource: Mel Preston

On a motion by George, seconded by Baker, the Council unanimously approved the defined area in the downtown identified as an Entertainment District, pursuant to A.R.S. Sec.4-207 allowing the Town of Camp Verde to approve on a case-by-case basis, exemptions from the distance restrictions for the issuance of certain liquor licenses for establishments in relation to public and charter schools or places of worship.

On a motion by Whatley, seconded by Burnside, the Council unanimously voted to amend the original motion to include the modified version of the Entertainment District, and the triangular piece at the south end of the District.

Economic Development Director Preston gave a Power Point presentation on the proposed Entertainment District, citing the legislation and Arizona Statute allowing the uses in such a District, subject to approval by the Town. The presentation included the definition, purpose and benefits of a Downtown Entertainment District, as well as the proposed boundaries and how they were identified, an area consisting of 8.85 acres, or .14 square miles, with Main Street as the focus.

#### **PUBLIC INPUT**

(Comments from the following individuals are summarized.)

**Tom Pitts**, President of the Verde Valley Wine Consortium, among other regional leadership and tourism positions, spoke at length on the benefits of opening up community areas for wine-tasting rooms that have been a successful addition to the Verde Valley region following recent legislative changes legalizing wine making and selling in this State. Mr. Pitts pointed out the difference between wine-tasting rooms and bars, and reviewed the studies of the impact of the wine industry on the economy of the region. In response to a question from Mayor Burnside, Mr. Pitts said that he is strongly in favor of moving forward with an Entertainment District, and stressed that the Town would still have absolute control over license applications on a case-by-case basis.

**Bob Burness** said that he liked the idea of the proposed District, a good marketing tool, and the Town definitely needs new businesses. However, he questioned the proposed long stretch of the District, and perhaps a centralized location would be a better choice for the Town; more consideration should be given to the structure of the area.

**Wes Girard** commented on attending earlier meetings on the issue, and said that he believes it is only a thinly veiled end run excuse by the liquor industry at the State level, and the Town is getting sucked into it. Consumption of liquor is an indulgence, not entertainment. The courts make no distinction between getting loaded in a wine-tasting room or a cowboy bar. There are already businesses that can sell alcohol in Camp Verde. He is looking for a straightforward presentation of what is being proposed

**John Strathmere**, owner of the Montezuma Inn, one of the properties being considered to be included in the Entertainment District. Food should be available along with consuming alcohol. The idea of alcohol sales needs more thought. He questioned whether any economic studies have been done on how property values have been affected inside an Entertainment District, and cited the regulation that would allow Camp Verde only one chance to designate such a District. His concern, as a commercial property owner, is for an overlay being placed on his property having to do with alcohol. He would like to hear more from other communities in regard to residential properties that abut the entertainment area, and whether the Town of Camp Verde really wants to use alcohol for growth. He suggested that the proposal is in conflict with the vision and values of the Town as stated in the General Plan, and commented on possible safety issues from the traffic generated by the wine tasting rooms. He questioned whether the proposed District conformed to the 1/8 mile width requirement, and cited a requirement for a facility to be at least 5,000 sq. ft. in order to be eligible for sampling privileges. Moving the proposal forward at this time is premature.

**Steve Goetting**, also a member of the Wine Consortium, outlined the need for the outlets to help promote the agricultural industry, a part of which is producing the grapes and the other being able to sell the product; tasting rooms would be a great economic driver for the Town.

**Melanie Hicks** said there seems to be too much emphasis on alcohol sales in connection with an Entertainment District. She commented on how Main Street in Cottonwood has been revitalized by the wine-tasting rooms, and she has never seen drunks walking around there. This is a good idea for Camp Verde; but perhaps there needs to be more worked out with the property owners.

There was no further public input.

### **Council Discussion**

Preston addressed the question regarding the 1/8-mile width, noting that the proposed area is within that requirement. The reference to a 5,000 sq. ft. tasting room is completely off base, to her knowledge; she believes it pertains to tasting in a wine store, for example. In response to questions from Burnside, Preston said she was not aware of any studies on the effect on property values, only studies done on direct and indirect revenue. As for a centralized area, the area along Main Street was an arbitrary decision, focusing on identifying areas that might attract potential retail establishments in the future; other areas could be included now, if desired. Preston stated her understanding that any changes can be made, just as anything else can be done at the local level; a new increased, or reduced, area can be brought to Council as long as it is contiguous and is contained within the one square mile parameter. Preston knows of no case where any property owner has requested to be excluded. Martin pointed out that a property owner has the right to decline to participate in any of the benefits of the District, or to lease property for any type of operation. Preston said there are two different liquor licenses for sampling or tasting; the sampling requires the 5,000 sq. ft. building.

The Council members discussed the questions raised. Whatley pointed out that designating an Entertainment District would be a great selling point for property within that boundary. Preston said that the district, by law, would need to be identified as an "Entertainment District"; it can be called whatever the Town wants, as long as the name includes "Entertainment District." In response to a question from German, Preston said that the District could be modified, by modifying the Resolution, a decision made at the local level. Also, the Entertainment District does include residential area, which Martin explained are homes located in a district zoned Commercial. There was some discussion regarding the issuance of a liquor license; the Town can only recommend or object to an application; the State has the final say. Jones referred to the definition of an "Entertainment District," which is an area with a significant number of entertainment, artistic and cultural venues, adding that the District would increase opportunities for marketing the downtown area. Preston confirmed that it would not preclude marketing other areas in Camp Verde for businesses.

German said she is in favor of an Entertainment District, but the Town can have all those other businesses anyway; the only reason for the District is to be able to have wine tasting rooms, and she would like to perhaps compromise with some of the residents by adjusting the boundaries. Preston said she is not aware at this time of what those areas might be. Martin referred to the map that had been provided to illustrate the proposed District, indicating the residential areas, most of which are zoned C-2; any amendments should be made now before approving the Resolution. George said he sees this District as another tool to help make it easier for businesses to come to Camp Verde, and is in favor of the proposal. Whatley said it is a win-win situation that will help get the downtown buzzing. Burnside pointed out, for clarification, that one C-1 parcel is included in the proposed map, and asked if a retail store could apply to go into wine tasting; Jenkins said that would be right. There was further discussion on the issue of the State having the final authority for issuing liquor licenses. Preston confirmed that the responses from the businesses regarding the Entertainment District have been positive and they have shown support. Baker acknowledged the concern of some citizens for the alcohol issue, but said that the community has to consider everyone and search out opportunities for the businesses and the Town. Whatley said she has not seen any concern on the part of the churches or schools. Burnside stressed that the Town is trying to get some economic value out of the proposed District; the seated Council at the time of each liquor license application will need to carefully scrutinize what type of establishment is being presented. Burnside added that he would like staff to consider any other advantages that

might be available, to be more flexible for some other types of businesses to come in, keeping in mind the issues of signage, parking, noise, or lighting. Martin said he believes that would pertain more to the subject of economic development, depending on what other hurdles potential businesses may be facing, and will be addressed as particular zoning or use issues are questioned. The motion was made to approve the proposed Entertainment District; following discussion, a motion was made for an amendment, and action was taken accordingly.

10. **Call to the Public for items not on the agenda.**

There was no public input.

11. **Manager/Staff Report**

Martin reminded everyone of the PARA Study of the Y-intersection that will be presented briefly on November 2, 2012 about 9:00 a.m., at the normal CIP session; on November 6, there will be a general public meeting on that issue preceding the Council meeting. At 5:30 p.m. on November 7, there will be an informal appreciation event to fete those who built the staircase over in our facility. Martin also issued a reminder of Friday morning at 8:00 a.m., which will also be the schedule for Fridays for the next month or so. Martin expressed appreciation for the work done on the roads, despite the weather not cooperating; the striping should be completed soon. Halloween will be observed on October 31<sup>st</sup> downtown, and interviews are scheduled for the Parks & Recreation Supervisor. Sympathy was expressed to the Burroughs family for the difficult time ahead.
