**9. General Discussion, Clarification and Possible direction to Staff concerning Medical Marijuana Growing and Processing Facilities.** Staff Resource: Russ Martin

Town Attorney William Sims joined the meeting by telephone. This item was placed on the Agenda to address public concerns and clarify legal issues (disclosure) regarding the Medical Marijuana Growing and Processing Facilities and Dispensaries located in Camp Verde. At the request of Mayor German, Attorney Sims advised: Permits/Licenses: the Medical Marijuana Growing and Processing Facilities and Dispensaries are licensed by the Department of Health Services after the applicant has met all requirements of DHS. It is very difficult to restrict or regulate these facilities at the local government level, as they are licensed by DHS, and may only be required to obtain a business license permit (as with any other business) and meet zoning requirements. Business license applicants, except for liquor licenses, special use permits or zoning changes, do not have to

come before the Town Council to obtain a business license. The "agricultural medical facilities" applicants are entitled to obtain a regular business license, and are subject only to the same rules as any other regular business license applicant.

Public Records Requests: the Town is subject to state law for Arizona Public Records requests, with only three exceptions: invasion of privacy, best interests of public and/or government, or confidentiality by statute. As residents, and the local news media, have requested release of all business license applicants and proposed locations, the applicants have requested the information not be made public, and the growers/processing facilities, dispensaries (as well as the patients), are protected under DPH privacy law, a legal issue has arisen. Mr. Sims advised that a compromise has been reached between the media and the growers/dispensaries that locations will be kept confidential in the best interests of the community and the government during construction of any facilities (for safety and protection), and all information, including location, will be disclosed to the public and the media upon occupancy/completion of construction and all security is in place. Mr. Sims advised that if the Mayor and Council follow his advice, it will eliminate their risk of personal liability.

Public Comment: **Murray Lichty** addressed the Mayor and Common Council in opposition to growers/processing and dispensaries being licensed and conducting business in Camp Verde, stating displeasure that the public/residents were not notified in advance of the business application and proposed locations.

Council Discussion: Town Manager Russ Martin advised that, upon receiving advice from Mr. Sims, the public records request for location was denied, however, this information will be disclosed per the compromise. Mr. Martin advised that the Town Staff has remained professional and followed all legal advice. Councilor Gordon stated that although all council members are not in complete support of growers and dispensaries moving into Camp Verde, they are entitled to obtain a business license and protection like any other business, and they are not subject to going before the Town Council to obtain a business license if they meet all criteria for such license. Councilor Baker stated that obtaining medical marijuana requires a prescription, and is a medical necessity for some people, additionally, the facilities (growers/processing and dispensaries) will add to the Town's infrastructure and create local jobs. Councilor Jones-Murdock stated she agreed with the Town Attorney, will follow his advice, and acknowledged that these facilities are licensed by DHS after meeting all requirements. Although she may not be personally in support of these facilities locating in Camp Verde, she does support the business infrastructure and increase in employment. Councilor German stated she requested this matter be placed on the Agenda for the purpose that the public needs to be informed, and she was pleased to see the public in attendance. She stated that although she would like to be able to restrict how many "Agricultural Medical Facilities" and their locations, however, she agreed with the Town Attorney, will follow his advice, and acknowledged that these facilities are licensed by DHS after meeting all requirements. Councilor Whatley stated she is satisfied with the Town Attorney's opinion and will follow his advice. Vice Mayor George stated he is satisfied with the Town Attorney's opinion and will follow his advice. Mayor German initially suggesting that the Town obtain a legal opinion from the Attorney General (state), withdrew his suggestion after discussion. It was the consensus of the Mayor and Council that current issues have been addressed by the Town Attorney and direction to the Town manager to pursue an opinion from the Attorney General's Office will only be given if any further questions or concerns arise.

**10. Discussion, consideration and possible approval of the Town of Camp Verde Fiscal Year 2016-17 Proposed Tentative Budget.** Staff Resource: Mike Showers

On a **motion** by Vice Mayor George, seconded by Councilor Baker, the council voted unanimously to approve and adopt the 2016-17 Proposed Tentative Budget.

Finance Director Michael Showers advised adoption of the proposed Tentative Budget will place a ceiling cap on spending, however, funds (expenditures) can still be "shuffled" around within each department. Mr. Showers advised that the CIP Budget has been increased, based upon the additional revenue from sales tax, which will

allow many CIP projects to be completed. The proposed Tentative Budget is a balanced budget, and includes a 1.5% COLA increase for employees, an additional 4.5 full time employees, and health care benefits (portion) program for employees with families. All reserves remain healthy. Final adoption of the 2016-17 budget will be placed on the Council Agenda within the next 30 days.

Council Discussion: Councilor Baker stated she would like to see more money allocated to the Public Works Department, specifically roads, including more employees for the department. Additionally, she would like to see money allocated for a study to see if the Town is competitive and setting and appropriate wage scale and classification for its employees. Councilor German stated she is glad to see the health care benefits available for families, but stated concerns that non-family employees may request the benefit be paid to them in wages, rather than in health care benefits. Councilor German also stated that, if information requested is received from the Verde Valley Senior Center, she would like to see more funding available for Meals on Wheels. Councilor Whatley stated she was pleased that the Town could provide an additional benefit (health care coverage costs) for employees with families, they are loyal and it saves money in the long run, is good the Town and the community. Councilor Gordon stated he supports the additional benefit (health care coverage costs) for employees with families, it is good the Town and the community. Vice Mayor George stated he supports the additional benefit (health care coverage costs) for employees with families, it is good the Town and the community. Vice Mayor George also stated he would like to see more money in Parks & Recreation and Roads, this year's budget is a good start on many CIP projects. Councilor Jones-Murdock stated she supports the additional benefit (health care coverage costs) for employees with families, the Town has loyal employees that do an excellent job, and it is good the Town and the community. Councilor Jones-Murdock also stated that it is evident that the sales tax increase is beneficial to the Town as it is reflected in the Proposed Budget (specifically CIP projects), and she also supports more funding being allocated to Meals on Wheels when the appropriate documentation, as requested, is received.

Finance Director Michael Showers advised that this Agenda Item is required for payment of principal and interest, and as the Town is the trustee for the Sanitary District. This action will not cause any increase in property taxes or fees.

Town Manager Russ Martin advised that the Town has been in need of a new IT system for quite some time, however, funding and contract for services, were not available. The Town is unable to support an in-house IT department. A new server will be installed tomorrow, and this contract (Merit IT – a local company) can provide the IT services needed by the Town. **Comments:** Camp Verde Community Library would terminate any equity claim to future revenue from the investment or sale of Parcel #404-28-439 to the Town.

**Background Information:**

Parcel #404-28-439 in Verde Cliffs was donated to Camp Verde Community Library September 2004. The apparent intent was to build the new library on the lot, but Town Council directed staff to build on the site at 130 Black Bridge Road and any revenue received from the Cliffs site be set aside and earmarked for construction of the new library. The approximate current market value of the parcel is \$200,000.

**Recommended Action (Motion):** Approve the following:

Direct staff to use Town Reserve Funds for a one time and final payout of \$200,000 to the Library for their equity in Cliffs Parcel #404-28-439.

**Instructions to the Clerk:** None at this time

**Agenda Item Submission Form – Section II (Staff Report)**

**Department:** Library

**Staff Resources/Contact Person:** Kathy Hellman

**Contact Information:** 554-8381; kathy.hellman@campverde.az.gov

**Background:**

The library project was funded at a little over \$4.2 million by:

- \$3.4 million loan
- \$380,000 contributed by Citizens Committee for Camp Verde Library
- \$325,000 from the Mary Lyons estate
- \$300,000 from Kay Watkins
- \$37,000 from State Grants in Aid fund
- \$11,000 from Library Services Technology Act Grant

To this point, funds have paid for design, engineering and construction related costs of the building plus the cost of new shelving throughout the library. Staff members, determined to bring the project in on budget, have worked closely with contractor, BWC, to reduce costs where possible to compensate for necessary changes where costs have increased. Furniture and fixtures were not included in the \$4.2 million dollar budget and some pieces of the project, such as, landscaping and solar, were held out as alternatives. An additional \$200,000 will allow us to get the facility closer to the intended and expected use by the Council and the public as we address things like:

- Finish kitchens
- Install public service desks and computer tables
- Provide additional public computers and self-checkout stations
- Install book return, USPS mailbox, and flagpole
- Asbestos removal/containment and demo the current building
- Parking lots and landscaping
- Mosher Lane
- Needed furnishings

Finance Director Comments/Fund:

**Fiscal Impact:** See comments below.

**Budget Code:** \_\_\_\_\_ **Amount Remaining:** \_\_\_\_\_

**Comments:** While it is entirely possible to allocate \$50,000 of expense out of the CIP Fund for the FY17 budget, total expenses are already determined and Council can change priorities and amounts in budget amendments at any time. The decision will be when priorities identified are actually completed projects meaning fund balances exist from incomplete projects at this time.

**Background Information:**

Council has discussed the need to upgrade recording and sound equipment in the current Council/Court Chambers on multiple occasions. Because it is Council's intent to utilize the new Library facilities for their meetings it is more practical to invest in the new library's 1<sup>st</sup> Floor Program Room. Funds will be used to install recording, sound and presentation equipment that will enhance Council meetings, provide better access to meeting materials and archives, while simultaneously creating a state-of-the art space to benefit community members through educational and leisure activities.

**Recommended Action (Motion):** Move to Direct Staff to allocate \$50,000 to the 2017 CIP to be used for Audio/Visual Equipment at the Community Library.

**Comments:** This is an unbudgeted item.

**Background Information:** The Wastewater Division issued an RFP to have an addition built on to the existing lab. Two bids were received. The lowest bid was for \$63,800. This amount was a lot higher than anticipated so the contract as not awarded. The modular building will serve our needs just as well as that addition. It will enable us to comply with OSHA's requirements noted in our last inspection. The cost includes a heating and cooling unit, delivery and taxes. The slab and electrical work will be completed in the next fiscal year.

**Recommended Action (Motion):** Move to authorize staff to purchase a Mobile Mini 8' X 20' Combo Unit.

**Comments:** This is budgeted item in the 2016-2017 approved tentative budget. The vehicles will be purchased through HGACBuy using contract pricing. (This is similar to purchasing from the State Contract.)

**Background Information:** Both of these vehicles are included in the 2016-2017 budget that has been given tentative approval. They have a 90-day delivery time from order entry as of this month. That is expected to increase next month as Municipalities finalize their budgets and place orders. Both of our current vehicles need continual repairs to keep them in running order. To avoid the need to spend any more money than is necessary on these repairs we would like to start the order process as soon as possible. The company understands that we only have tentative approval. If for any reason, we don't receive final approval in July the contract can be voided.
