

CAMP VERDE COMMUNITY LIBRARY

130 Black Bridge Road Camp Verde AZ 86322 | 928-554-8380

MEMORANDUM

TO: Russ Martin, Town Manager
FROM: Kathy Hellman, Library Director
SUBJECT: Monthly Report August 2021
DATE: 9/9/2021
CC: Department Heads, Town Council

Report from the Library Director: It is my privilege to introduce and welcome Nicole Metz-Andrews, our new AmeriCorps VISTA Library team member. Arriving in AZ from Omaha, Nebraska, Nicole started on August 16th and will be here for a year to assist the library and the town with a variety of projects. With a Bachelor of Arts in History, minoring in Native American Anthropology and Multicultural Anthropology, she is currently working on her Masters in Library & Information Science. Nicole is taking on the role of Volunteer Coordinator for the library, and is working with HR to formalize the library's volunteer program. Her goal is to revitalize the volunteer program, identify a variety of new volunteer opportunities, and help us attract people to volunteer positions to build capacity through volunteers. In addition, she is addressing issues such as overcoming the digital divide and increasing the accessibility of library services to low-income households in the community. Nicole has already made herself invaluable to us, using her energy and intelligence to pitch in and help out whenever and wherever she can. We are extremely fortunate and grateful to have her. If you haven't had a chance to meet Nicole, please stop by her desk at the library on the 2nd floor, just outside the Book Nook.

A giant **THANK YOU** to Ray Floyd for transporting our Mobile STEM Lab to Auto Trim Plus in Prescott and back again. Ray is a lifesaver as we look for a permanent vehicle

Before...

to use to pull the STEM Lab. We are so excited to be moving forward with this project! Right now it's being refurbished with solar, AC, electrical wiring, LED lighting, etc. Then we will begin setting up the inside as a STEM+(A) Lab! Special thanks also to Kelly Malcolm owner of Go West Design Co for the amazing job she did designing the wrap!

Report from Adult Services: Carson applied for a poster exhibit grant through the American Library Association. As a result, Camp Verde Community Library is excited to announce its participation in a 9/11 Memorial & Museum's Education Exhibit: *September 11, 2001: The Day That Changed the World*. The exhibit presents the history of 9/11, its origins, and its ongoing implications through the personal stories of those who witnessed and survived the attacks. Told across 14 posters, displayed in the library's first-floor exhibit space during the month of September, this exhibition includes archival photographs and images of artifacts from the Museum's permanent collection. It explores the consequences of terrorism on individual lives and communities at the local, national, and international levels, and encourages critical thinking about the legacies of 9/11.

Twenty years after the attacks, with terrorism still a threat today, the events of 9/11 and its aftermath remind us that we may never be able to prevent all the actions of people intent on harming others, but we do have control over how we respond to such events. Whether by volunteering in our local communities, serving our nation in the military, caring for the sick, or through other efforts, all of us can help build the world in which we want to live. As we witness history unfolding in our own time, the ways we choose to respond—both large and small—can demonstrate the best of human nature after even the worst of days.

"During this 20th anniversary year, it is our privilege to share these lessons with a new generation, teach them about the ongoing repercussions of the 9/11 attacks and inspire them with the idea that, even in the darkest of times, we can come together, support one another and find the strength to renew and rebuild," said 9/11 Memorial & Museum President and CEO Alice M. Greenwald.

The poster exhibition, on display at the library through the end of September, was developed by the 9/11 Memorial & Museum and has been made possible in part by the National Endowment for the Humanities: Democracy Demands Wisdom. Any views, findings, conclusions, or recommendations expressed in this exhibition do not necessarily represent those of the National endowment for Humanities.

Report from the Children's Library: August was an exciting time for the Children's Area! With Jaye's help STEM+(A) Kits were made available for checkout to families in the community. Each kit was highlighted on Facebook and in the Children's Library on Mondays and Thursdays which increased checkouts as families help us spread the word. Afternoons were busy with children coming after school to do their homework or meet with their parents during a supervised visit. The bulletin board and walls are decorated with positive affirmations such as "This is your year to...Believe in Yourself, Dream Big, Never Give Up," etc. Families find them inspiring and fun

to read. I ordered the latest popular Graphic Novels, Jaye cataloged them, and they have been flying off the shelves as children enjoy their favorite characters. A shout out to Ms. Janell, who is skilled in mending books extending their life and saving the library money. She was able to mend a Dora book that is no longer in print, is popular, and now a treasure! She goes the extra mile to make it possible.

Of Note: the Children's Library hosted 26 Supervised Visits in August for a total of 95 in attendance at these visits.

Report from Tech Services: Not everything that is "checked out" from the library has to be cataloged. Did you know you can stream movies free with your CVCL Library card at <https://campverde.kanopy.com/>? Recently Kanopy curated a collection of films that deal with the tenuous situation in Afghanistan. Once you create an account with your CVCL Library card and PIN, type Afghanistan in the search field to a list of movies like these:

- [Jirga](#) (2018) - Official Selection at the Toronto International Film Festival.*
- [A War](#) (2016) - Nominated for Best Foreign Language Film at the Academy Awards.
- [The Kill Team](#) (2019) - Official Selection of the Tribeca Film Festival.*
- [The Kill Team: Examining the Moral Dilemmas Faced by Soldiers](#) (2013) - Winner of Best Documentary Feature at the Tribeca Film Festival.*
- [Camp Victory, Afghanistan](#) (2010) - SXSW Film Festival Grand Jury Award winner. *
- [No Greater Love: The First Documentary Directed by an Active Duty Soldier in Combat](#) (2015) - Winner of Best Documentary at the Boston Film Festival and the San Diego Film Festival.*
- [The Hornet's Nest: Two Journalists Follow US Troops in Afghanistan](#) (2013)
- [Afghan Star: Following the Contestants of a Pop Music Competition in Afghanistan](#) (2009) - Winner of Directing and Audience Awards in the World Documentary competition at the Sundance Film Festival.
- [Armadillo](#) (2010) - Critics Week Grand Prize winner at Cannes.

Report from the Teen Library: August was slightly hectic with scheduling, but school is back in full swing. Unfortunately, the Youth Advisory Council was not able to attend this year's League of Cities and Towns Youth Conference, but we have gained a new member, and have leads on more. Game Nite attendance hovers between 5 and 10 kids, which is wonderful. That's 5-10 more kids than we had a year ago! We are working to find a good timeslot for Books and Coffee since school started back up and are planning a "bonfire" at Rezzonico Park in September. I am working with Yavapai Broadcasting on a video project highlighting STEM in the Verde Valley. The goal will be to create thirteen episodes, each thirty minutes long, showing how science, technology, engineering, art, and math is used day to day in different industries. The end result will be a collection of virtual career day offerings for young people and people in career transition to explore potential career and education paths.

Report from the PC Helpdesk: Kudos to Lisa for helping a patron learn to use his brand new Android phone! Lisa showed him how to set up the different applications, settings, features, and downloads. She also showed him how to connect to web pages. Afterward, she let him know that if he needed help with anything else on his new Android to come back and see us again. The reason she deserves extra Kudos is because *her* primary phone is an iPhone!

To really keep up with what is going on at the library, don't forget to follow us on Facebook at:
<https://www.facebook.com/campverdelibrary>

This Week @CVCL 08/01/2021

Did you know...

Even though the Summer Reading Program is over and kids are starting back to school, the library still has access to weekly episodes of Checkers Library TV. Each show features a different animal habitat and related books in keeping with the SRP Theme: Tales and Tails. The wonderful thing about these Checkers Library TV episodes is that they are not hosted on Youtube and are safe for your children to watch without opening up the door to videos you don't want them to see.

Checkers TV is a weekly educational entertainment program featuring Checkers the Inventor, his robot sidekick, Snoozer, and a variety of special visitors including medical professionals, community leaders, police and firemen and women, and other special guests in 30-minute episodes. Each weekly episode also includes segments featuring storytelling, author interviews, art projects, science experiments, interactive games, contests, comedy, magic, and exciting short films that will have children on the edge of their seats.

Go to the [Kid's & Family Library](#) page and click on the Reading Road Trip to access each week's episode. Questions? Call Letty at 928-554-8397.

Sew Fun Friday, August 6 at 1:00p

Are you interested in learning how to sew? Are you curious? Creative? Imaginative? Are you intrigued by fabric arts with so many varieties of textures, colors, and possibilities? Sew Fun Friday with Sandra begins August 6 at 1:00p and continues twice a month at the same time. Bring your curiosity, creativity, imagination, and talent to the library to experience an introduction to sewing.

Registration is encouraged, but not required. You may register at <https://yavapai.events/events/sew-fun-friday-8>. The library has 8 sewing machines, fabric, and other supplies for you to use as you explore this creative medium that dates back centuries. Questions? Call 928-554-8391.

Music in the Stacks - the Original

Thursday, August 12th at 5:30p in the library's Fireside Room: a showcase of local and national musicians who entertain regularly in Northern Arizona. This week's concert features the following talented local musicians: Jo Berger, Michael Kollwitz, and Chris Brown.

Singer-songwriter, Jo Berger grew up in Colorado with a strong love for the land. Learning guitar and flute, she loved the old-time music of the West and the folk music of the 60s. She was introduced to the wonderful melodies and lyrics of jazz which continues to shape much of her original music. Jo sings quite a wide variety of tunes including originals, folk, blues, jazz standards, Latin, and old-time country music.

Michael Kollwitz is an award-winning Billboard artist and one of the pioneer players of a revolutionary stringed instrument known as The Chapman Stick®. Capable of astounding expressiveness and simultaneous multi-part arrangements, 'The Stick' combines elements of guitar, bass, keyboards, and percussion all into one instrument that is played more like a piano than a guitar. Michael has had 27 independent releases. His last three albums, 'Serenity II' 'Serenity III' and 'Santa Plays The Stick' have all charted as Top 10 albums on Billboard's New Age Album charts. His music has received international

airplay, awards, nominations, and rave reviews. His music is played on numerous airlines and in hundreds of U.S. hospitals on The CARE Channel.

Chris Brown is a talented singer-songwriter and has played music from Seattle to Bisbee AZ, and lots of places in between. He has three CDs to his credit, and plays both 6 and 12-string guitars.

Questions? Call Carson at 928-554-8391.

Coming Next Week

Free Monthly Health Lecture August 12

Join Dr. Dianna Mendoza from Casner Mountain Healing Center on **Thursday, August 12th from 10:00a- 12:00p** for an informative lecture about diabetes.

Dr. Mendoza will talk about how to cure certain types of diabetes naturally. This lecture will look at some of the misconceptions of diabetes. Specifically, debunking the idea that a diabetes diagnosis means a disease you will have for the rest of your life. Dr. Mendoza will show you step-by-step how to cure diabetes naturally and how to place yourself in the most important seat of all – the driver's seat. You will learn about

- how your diet matters
- how the types of food you eat matter to you
- the glycemic index
- an actual daily diet you can follow that will turn your HgA1c completely around
- how you can bring your sugars down over the course of mere days and not be reliant on medications anymore.

Come join Dr. Mendoza for a life-altering lecture on how to cure your diabetes naturally!

Are You a Caregiver for Someone? Does someone you love have a hard time reading print material?

Join us **Tuesday, August 18 at 10:00a** via Zoom or in-person to learn how the **Arizona Talking Book Library** can help you. Find out how to access the many resources provided free by the Talking Book program.

Who does the Talking Book Library Serve?

- Arizona residents with low vision, making it difficult to read standard print
- Those who find it hard to hold or handle a print book
- Individuals who have a reading disability resulting from organic dysfunction

What does the Talking Book Library Provide?

- Lending Library: including audiobooks and magazines; movies with audio descriptions, and Braille books and magazines by postage-free mail
- Loan of special equipment to play audiobooks
- Audio and Braille book downloads
- Access to NFB-NEWSLINE and over 300 newspapers and magazines by phone and online

Attend this informational hour and learn how to request books and more for someone you are caring for.

Questions about the program? Call Carson at 928-554-8391

Ongoing @CVCL

1st Monday 10:00a-noon Camp Verde Stamp Club

Mondays 5:00p-7:30p Music in the Stacks - Open Mic Night

Mondays 5:30p-7:00p Beginning Conversational English

3rd Tuesday 9:00a-1:00p Medicare Information and Insights

Tuesdays 6:00p-7:30p Advanced ESL - Reading, Writing, and Conversation

2nd Tuesday 10:00a-12:00p Open Book Club - Readers sharing with Readers

1st Wednesday 1:30p-3:00p AHCCCS Enrollment Assistance

Wednesdays 9:00a-noon Wednesdays w/Wendy 1-to-1 Tech Assistance

Wednesdays 9:00a-11:00a Veteran's Advocacy with Lettie J. Irons Connell

Wednesdays 10:00a Children's Storytime w/Dewey

Thursdays 5:00p-7:45p Game Nite w/Zack

Thursdays 5:30p-6:30p CVARP Citizenship Class

1st Thursday 6:00p Lions Club Meeting

2nd Thursday 5:30p Music in the Stacks

4th Thursday 3:00p-5:00p ABCs of Photography/Verde Valley Photographic Society

Update on the Library's COVID Response from the Library Director

Face coverings remain optional to enter and use the library. We are fortunate to live in a community of people who exercise common sense. Please continue to use that good sense coupled with respect for others as we move through the next few months.

We believe it is your responsibility to monitor your own health and safety and, while doing so, remain sensitive (and kind) to those around you. With that in mind, please observe the following guidelines:

Stay Home - As much as we love to see you here, exercise respect for others and DO NOT enter the Library if you

- feel sick
- have a fever and/or cough
- are experiencing cold, flu, covid, sore throat, or other symptoms
- are uncomfortable interacting with people in public places

Come on in - We are happy to have you here and trust that together we can take these extra precautions to help all of us through the season of airborne viruses

- **We ask you** to continue to practice good hygiene and frequent handwashing.
- **We will** continue to sanitize high use areas, touchpoints, and library materials
- **We ask you** to practice physical distancing, respecting our and others' personal space
- **We will** step out of our offices and shielded areas to interact with you instead of inviting you in
- **We ask you** to wear a mask if it makes you feel more comfortable
- **We will don** a mask before interacting with you to show respect when we see you wearing one

Lastly, **be prepared to be asked to wear a mask** if we observe you coughing, sneezing, or sniffing.

Failure to comply with requests from library staff is a violation of Library Policy and may result in loss of Library privileges. Please contact me if you have any questions or comments about this update or if you have special needs that we can assist with during this time.

Kathy D Hellman | kathy.hellman@campverde.az.gov | 928-554-8381

STEM + (A) Kit Presentations

The Children's Library is pleased to be the recipient of several grants and a partnership with Science Vortex that will increase hands-on STEM activities in Camp Verde. The first of those opportunities is the addition of STEM Kits that parents and teachers can check out and use to enhance children's understanding of science, technology, engineering, math, and art subjects. Ms. Letty will demonstrate the use and contents of one kit at a time on **Mondays and Thursdays at 4:00p**. Then the kit will be on display in the Children's Library for a few days so that families can try it out.

The following STEM kits have been added to the Children's Library (for details, click on the link for the kit below):

- [BioBlitz](#)
- [Bird Watching](#)
- [Magnets](#)
- [Music](#)
- [Chemistry Lab](#)
- [Math Patterns](#)
- [Engineering](#)
- [Young Builders](#)
- [Microscopic Adventures](#)

- [Electrical Circuits](#)
- [Arts & Crafts](#)
- [Intro to Coding & Technology](#)

Questions about this or any other children's program? Contact Ms. Letty at 928-554-8397.

Free Monthly Health Lecture August 12

- how you can bring your sugars down over the course of mere days and not be reliant on medications anymore.

Come join Dr. Mendoza for a life-altering lecture on how to cure your diabetes naturally!

Flowers for Dewey: Goodbye Ceremony Saturday, 08/14 at 10:00a

Many people loved and enjoyed Dewey, the Library's very special bearded dragon. Dewey passed away on July 26. It is time for us to bury him with a small ceremony under "Dewey's Tree" a particular desert willow on the east side of the library where we always dumped his bathwater.

Dewey joined us during the 2014 Summer Reading Program and has brightened our days for seven years. A heartfelt thank you to those of you who loved Dewey and made his life so special. Because of you, Dewey had a wonderful life. He was the most pampered and best-loved bearded dragon on the planet! He is missed by many. Please join us on the back patio for a special ceremony to say goodbye to Dewey. Pictures and cards are welcome!

Afternoon Movie Matinees Return the 1st and 3rd Saturday

Join Ms. Janell on **Saturday, August 21 at 1:00p** for FREE popcorn and the next family movie. She will show The Amazing Ape, the story of an adventurous young boy, Albert, who is diagnosed with terminal cancer and given only a matter of weeks to live. Albert befriends a laboratory chimp, Simon, at the company his mother works for. Through this newfound friendship with the gifted chimp, Albert finds new hope and courage, and a strength that leads him to undertake one final great adventure. Find out about Albert's adventure at the Saturday matinee at the Library!

Coming Next Week

Music in the Stacks - Special Concert Series

Thursday, August 26 from 5:30-7:00p in the Library's 2nd-floor Fireside Room

August's concert features artist Ryan Biter. Ryan was raised and currently resides in Flagstaff at 7000 feet in elevation. His music echoes the expansive soul of The Southwest. The sound is equal parts rural Americana, spectacled college town hipster, mountain bluegrass, and new age funk beatbox drum circle. It feels like your favorite pair of jeans; utterly unique, yet enjoyably familiar.

Armed with expertly crafted songs, percussive guitar playing, and an affinity for beatboxing and loop pedals, Biter delivers a concert that is commanding yet intimate. He has a unique way of making a coffee shop feel like a concert hall and a club feel like an intimate house show.

Ryan can be found sharing his music with audiences all around the country. He was the 2013 winner of Northern Arizona's Got Talent, and his music has been featured on National and Internationally syndicated radio stations. Ryan has also shared the stage with the Nitty Gritty Dirt Band and was a featured performer at the 2019 Dripping Springs Songwriters Festival.

Children's Library Sponsors Weekly STEM+(A) Hour

Do you have kids or grandkids ages 8-12 who like to tinker, explore, discover, or create? Starting after school at **4:00p on Wednesday, September 1** Ms. Letty will be joined by Ms. Laurie from Science Vortex to bring science, technology, engineering, art, and math hands-on activities. Each week will feature a new hands-on, interactive program designed to engage children in a creative learning environment that stimulates critical thinking and problem-solving skills. For details or questions, call Ms. Letty at 928-554-8397.

The Weekly STEM+(A) Hour is made possible through a Library Services and Technology Act (LSTA) STEAM is for Everyone grant awarded to CVCL's Children's library. This project is supported by the Arizona State Library, Archives & Public Records, a division of the Secretary of State, with federal funds from the Institute of Museum and Library Services.

Ongoing @CVCL

1st Monday 10:00a-noon Camp Verde Stamp Club
