- **Presentation of Certificate of Appreciation to Alan Buchanan, who has resigned from the Planning & Zoning Commission, effective May 7, 2011, in order to serve on the Council.**

Mayor Burnside announced with pleasure the list of new businesses for the month of April; that was followed

by his presentation to Alan Buchanan of a Certificate of Recognition for his services to the Town as a member of the Planning & Zoning Commission. Burnside added that he will be welcoming Buchanan to the Council at the meeting after next.

6. **Council Informational Reports.**

Baker said she wanted to thank all the staff, and in particular the Building Enforcement activities that were personally reported to her by Robert Foreman; the signs of cleaning up the Town are encouraging. Staff all are doing more every day than can even be asked for.

Burnside announced that the APS vote had been passed. He reported on a proposed trail system south of Cornville Road; the date of the first public meeting will be June 6, 2011 at 5:30 p.m. at the Red Rock Ranger Station. The Dewey-Humboldt Aqua Fria Festival will be held October 8 and 9, 2011, to raise funds for the acquisition of land for a park and will be held at the site of the former Young's Farm. The Hopi Tribe Quarterly invites everyone to the Honoring Arizona Hopi Code Talkers ceremony Monday, May 23, 2011, 10:00 a.m. to noon at the Hopi Veterans Memorial Center, Kykotsmovi, Arizona. Burnside said the Yavapai County Juvenile Center groundbreaking ceremony was held today; he reminded everyone about the picnic that is to be held May 23rd, and on Memorial Day he will be at the ceremony at the Old Church.

7. **Call to the Public for items not on the agenda.**

There was no public input.

8. **Presentation of the Visual Library as referenced in the Planning & Zoning Ordinance.** Staff Resource

Mike Jenkins

There was no action taken.

Community Development Director Jenkins gave a Power Point presentation of the Visual Library that had initially been approved by the Design Review Board in 2009 and is referred to in the Ordinance; it is intended to help developers and builders meet and replicate the appearance standards and rural-Western flavor of Camp Verde. During the different categories of architecture displayed, regarding some of the examples shown, Burnside suggested that Jenkins change the references to the "Camp Verde Chamber of Commerce" building to more correctly indicate "Camp Verde Visitors Center." During discussion following the presentation, Jenkins said that a portfolio of the photos will be available in the Community Development Department for reference, and confirmed that it is intended to grow and can be added to at any time in the future.

9. **Possible approval of Resolution 2011-845, a resolution of the Mayor and Common Council of the Town of Camp Verde, Arizona, approving the form and authorizing the execution and delivery of a First Purchase Agreement, a First Trust Agreement and other necessary agreements, instruments and documents; approving the sale and execution and delivery of a not to exceed \$1,005,000 aggregate principal amount pledged revenue obligation, Series 2011, evidencing the interest of the owner thereof in the Purchase Agreement; delegating authority to the Mayor, Manager and Finance Director of the Town to determine certain matters and terms with respect to the foregoing; authorizing the taking of all other actions necessary to the consummation of the transactions contemplated by this resolution and declaring an emergency.** This is a budgeted item. Staff Resource: Ron Long

On a motion by Baker, seconded by Kovacovich, the Council unanimously approved Resolution 2011-845, a resolution of the Mayor and Common Council of the Town of Camp Verde, Arizona, approving the form and authorizing the execution and delivery of a First Purchase Agreement, a First Trust Agreement and other necessary agreements, instruments and documents; approving the sale and execution and delivery of a not to exceed \$1,005,000 aggregate principal amount pledged revenue obligation, Series 2011, evidencing the interest of the owner thereof in the Purchase Agreement; delegating authority to the Mayor, Manager and Finance Director of the Town to determine certain matters and terms with respect to the foregoing;

authorizing the taking of all other actions necessary to the consummation of the transactions contemplated by this resolution and declaring an emergency; **Note:** Burnside initially said he was opposed, based upon the referendum and not allowing the people to use their rights; however, **for the record**, Burnside said that, if the members agree, he will pull that vote of "No" and refer it to a "Yes" vote, "so that we can show complete compliance of our Council, as I have tried to do for the last two years."

Town Manager Martin said that bids had been received late last week; the limit was \$1 million, and the bid came in as \$1,005,000 which, rather than go back and have the attorney draw up new documents, was the reason for the last-minute "green sheet". Martin advised the Council that two attorneys have reviewed the proposed documents and the Town Attorney has included statements regarding what the Town's current potential liabilities might be, for full disclosure for finance companies, if necessary. Martin pointed out that the Purchase Agreement is only for the purchase of the money. He explained that the collateral is not the ground itself, but is the revenues that are pledged against it. Martin outlined how the payments would be made, using HURF funds as well as a portion from General Purpose revenue. Martin reviewed the purchase price, the down payment, approximately half from HURF fund and the rest from the General Fund. \$980,000 will be financed for a period of about 12 years; the interest rate will be 3.91% basis points, with the option for pre-payment after the sixth year free of any penalty. Martin said that the cost of doing business right now is relatively low; keeping the reserves in place would leave the Town in a good position to be able to make decisions on construction and road projects down the road.

Burnside discussed with Martin the lack of complete information on the documents that appear to be presented for signature on behalf of the Town, as well as the costs being incurred in connection with the Town Attorney review; Finance Director Preston said that the final completed versions will be submitted for execution. Burnside questioned the need for declaring the transaction an emergency, because of the probability that there would be no change in the interest rate in light of the current slow economy, and the fact that declaring an emergency would take away the right of the citizens to pull a referendum and stop what this government is doing.

Discussing the emergency clause, Martin said that it was suggested as a common clause in finance deals based on the usual 30-day period of time for bids to be in effect and getting all the documents completed for closing on schedule in order to save possible additional expense from any delay. Garrison said she wanted to make a statement about the Town trying to do business locally, and that the Finance Director had approached a local financing institution; Garrison was shocked that that entity declined to participate. Preston added that only two of the entities that had been contacted responded; the Town does not really have a lot of options.

PUBLIC INPUT

(Comments from the following individual are summarized.)

Tony Gioia said his explanation of the need for the Emergency Clause which, had it been an Ordinance, was it would have meant a 90-day delay; however, since it is by a Resolution, he understands it would only be 30 days.

There was no further public input.

Following the motion made, and Burnside's question regarding Gioia's comment pertaining to a Resolution declaring an emergency having no bearing on the rights of a referendum, Barber stated her belief that a Resolution declaring an emergency does not take away the rights of a referendum of the people. She said she would consult the attorney, but does not believe it would be a referable item since it is more administrative in nature. She added that the 30-day window would allow someone to pull a referendum; however, an emergency makes it effective immediately.

10. **Discussion, consideration, and possible approval of Resolution 2011-843, a Resolution of the Mayor**

and Common Council of the Town of Camp Verde, Yavapai County, Arizona declaring the Town of Camp Verde Town Code, dated May 18, 2011, to be a public record. Staff Resource: Debbie Barber
On a motion by Baker, seconded by German, the Council voted unanimously to make the term of Vice-Mayor a two-year term to coincide with the two-year term of the Mayor.

On a motion by German, seconded by Baker, the Council unanimously approved Resolution 2011-843, a Resolution of the Mayor and Common Council of the Town of Camp Verde, Yavapai County, Arizona declaring the Town of Camp Verde Town Code, dated May 18, 2011, to be a public record, as amended.

Barber stated that the Town Code is ready tonight for approval; the recent changes requested have been made, and actually, Items 10 and 11 go together. Burnside said that Item 10 will be addressed first, and then Item 11. There was a brief discussion for further clarification of some of the verbiage, and the distinction between a routine attorney review and a formal opinion.

Baker referred to the section on Page 8 establishing the term of Vice Mayor; she requested that a change be made to set it as a two-year term to coincide with the two-year term of the Mayor. There was general agreement expressed by the members, and action was taken accordingly.

There was no public input.

For the record, Burnside said the actions taken will be a good example; as we go through and read the Town Code and see that changes need to be made, they will be brought back to Council for discussion, since this is also a moving document.

NOTE: A recess was called at 7:32 p.m.; the meeting was called back to order at 7:39 p.m.

11. **Discussion, consideration, and possible approval of Ordinance 2011-A372, an ordinance of the Mayor and Common Council of the Town of Camp Verde, Yavapai County, Arizona, adopting by reference the Town of Camp Verde Town Code, a recodification of selected prior ordinances of the Town, and proscribing penalties for violations thereof.** Staff Resource: Debbie Barber
On a motion by Baker, seconded by Roulette, the Council unanimously approved Ordinance 2011-A372, an ordinance of the Mayor and Common Council of the Town of Camp Verde, Yavapai County, Arizona, adopting by reference the Town of Camp Verde Town Code, a recodification of selected prior ordinances of the Town, and proscribing penalties for violations thereof.

Barber explained that the subject Ordinance adopts the Town Code. Barber confirmed that the Exhibit A included in the packet was prepared in order to publish only the areas that are required to be published by Statute, which would be much less expensive than publishing the entire Ordinance.

There was no public input.

12. **Discussion, consideration, and possible direction to staff relative to researching opportunities to present to Council with respect to options for the possible disposition of Town-owned properties. Discussion may include, but not be limited to the sale, exchange, engaging a realtor, requests for proposals, using the web for advertising and marketing, appraisals, identification of properties, and the possible benefits and detriments of property disposition.** Staff Resource: Russ Martin
Martin summarized the direction to staff, in essence: As to Fort River Caves, maybe on properties that are sensitive to neighborhood issues, and along that line the McCracken property that has been brought to Council in the past, and the opportunity to put those together; the discussion of the Oasis -260 brought up more history, and make sure there is adequate information that the Council would have if they were to pull or select any of those in the future, and place them on the MLS, because the MLS is important for the potential marketing; go ahead and prepare a Request for Proposal draft that Council would review, and

identify the explicit properties that we would consider placing on the MLS and wanting them to market so that it is clear as to what we are asking a potential realtor to do. Along those lines, design or try to work with the website, see if there is a direct way to market the properties as well; and the Council would entertain exchanges if they were proposed, either partial and/or exchanges would be entertained so that we would have that opportunity to draw on; talk about some of the benefits, and if we came up with those, the willingness to put on the list; need to include potential opportunities for the money to be used for capital projects instead of vacant property; the ability for vacant property to pay taxes to those institutions that require property taxes. There was further discussion regarding the McCracken property, Oasis and Cliffs Parkway, as well as the Rio Verde property.

Martin noted that the Town in previous years had acquired property in several different ways, most of the parcels through donation, including the Verde Lakes and Clear Creek flood areas. Martin referred to a list of seven properties on hand that he believes the Town would be wise to consider selling or exchanging, and, if so, asked if he should entertain such offers if they were to be made. Discussing several options with the Council, Martin suggested that properties for sale could be published on the website. Another example, in the event a realtor were to be engaged to sell a property, that could be done by a Request for Proposal. Martin said he would come back for Council approval of whatever course of action he would propose. The members agreed that it would not be necessary to do an appraisal prior to marketing any of the properties in any form or fashion. Roulette raised a possible problem of the Town being locked into a contract for sale of a property going on the market for \$20,000, and then the appraisal coming in for \$50,000. Martin asked about identifying properties that the Town may wish to exclude from the list of properties to be considered for sale or trade. A strip of land in Fort River Caves was one example discussed; if others are thought of, staff will be advised accordingly. The members discussed with Martin other parcels, including the McCracken parcel, and the property at the corner of Oasis and 260. The discussion also pointed out the benefits of sales financing future CIP projects, and perhaps alleviating public criticism of the Town continuing to hold onto property that could be put to better use as well as returned to the private sector for tax revenues.

PUBLIC INPUT

(Comments from the following individuals are summarized.)

Murray Lichty said that, hearing of all the properties the Town has, with some of them in flood plains or undesirable areas, he would suggest putting a chain link fence around one of the properties and make it a Dog Park, following rules that Cottonwood has set up for theirs that work very well. It would be very resident-friendly for the Town, needing only a fence, occasional mowing and watering.

Tony Gioia, former Mayor of Camp Verde, shared his memory of how and why the flood plain properties had been acquired by individuals who later found that the parcels could not be built upon and subsequently abandoned them. The Town arranged with the County and Verde Lakes to take ownership so that the fleeing of the citizens, or potential citizens, would not be propagated, and also that the properties would remain open space. He also commented that everyone knows how he feels about the Oasis property; the zoning was twice approved by the General Plan for open space. It was purchased from State Lands with the intent to be used as a Welcome Center. *Burnside shared his memory of the original discussion on purchasing the Oasis property and discussing bed taxes, and how he had suggested that it would be a great brothel area.*

There was no further public input.

13. **Call to the Public for items not on the agenda.**
There was no public input.
14. **Advanced Approvals of Town Expenditures.**
There were no advanced approvals.

15. **Manager/Staff Report**

Martin referred to the aggressive time frame he had outlined in his report, and said that hopefully the public will get involved with the CIP process, and he would appreciate feedback from the Council on their thoughts along that line. He gave an update on the recent purchase of the Ford Taurus that is now requiring unanticipated repairs and expense; however, the repairs are benefiting the local economy as opposed to buying a \$5,000 vehicle.

16. **Adjournment**

On a motion by German, seconded by Baker, the meeting was adjourned at 8:20 p.m.

1. **Call to Order**

The meeting was called to order at 5:30 p.m.

2. **Roll Call**

Mayor Burnside, Vice Mayor Kovacovich, Councilors Whatley, Garrison, Baker, Roulette and German were present.

Also Present: Town Manager Russ Martin, Public Works Director Ron Long, Adm. Asst. Deborah Ranney, Councilor-Elect Alan Buchanan, Town Clerk Debbie Barber, and Recording Secretary Margaret Harper.

3. **Pledge of Allegiance**

The Pledge was led by Whatley.

4. **Discussion, consideration, and possible direction to staff relative to the design of the proposed parking lot located at 44 W. Hollamon Street.** Staff Resource: Ron Long

Prior to the discussion of this item, Councilor Roulette announced that he would step down as a Council member and participate as a member of the public, based on a possible conflict of interest.

Public Works Director Ron Long presented three design options for Hollamon Street, beginning at Main Street and going up to Sixth Street, using the CDBG Grant Fund. He noted that the first issue to be faced is getting the sidewalk by the parking lot area that the Town owns, as well as by the parking that is established at the corner. Referring to the three drawings provided in the agenda packets, Long said that Option A would provide all off-street parking for a total of 14 regular parking spaces and 5 handicap. Option B indicated parking for a total of 42 spaces by acquiring the parking spaces that are currently privately owned, perhaps through a trade for equal amounts of property with the business owner; that would provide public parking all the way down Hollamon. Option C showed 32 public parking spaces, with two handicap. Long suggested that the decision to be made was whether the Council wants to look at maximizing parking along Hollamon by making the trade, as well as the issue of determining the route for the sidewalk. The members then discussed with Long the suggested conceptual parking and sidewalk designs on each of the three drawings that had been provided.

PUBLIC INPUT

(Comments from the following individuals are summarized.)

Pete Roulette, on behalf of 37 Hollamon Street, discussed with Long the property lines indicated on the drawings, pointing out the location of a fence being planned by the business owner, adding that if they had a vote, they would probably vote for Option C. Roulette also requested that Long clarify the easement shown.

Murray Lichty said that looking at the issue from a common sense angle, he would say that Option B is a pretty good idea, but perhaps have diagonal parking, which might be safer. Also, if the sidewalk went all the way past the businesses up to Second Street, it would be of benefit to them; instead of a regular curb, have a rolled curb for ease in going in and out.

There was no further public input.

Discussing some concern expressed by Burnside regarding details shown on the drawings. Long confirmed

that the suggested trade of properties would be for the same amount of square footage, and that the details still need to be addressed with the property owner. Long also pointed out that the designs are conceptual only, not engineering drawings. Referring to the proposed parking designs, Burnside suggested that it would be good to make some revisions and try to reasonably and consistently follow some of the Town's own parking standards. Whatley said that since there has been no deal made with the property owner for the trade; if no deal is made then the choice would be Option C. Long said it would help him to have some idea of what the Council would like. Burnside suggested that it would be nice to have the sidewalk running down the road as it normally would, with parking away from the sidewalk; the last option would be to have the parking similar to that on Main Street.

Burnside noted that time had run out on the Work Session; Long said he believed that he had enough information from the discussion to proceed, and will bring back information to the Council. Whatley continued the discussion, saying that she thinks there is agreement to go ahead and try to talk to the property owner, it would give more options to discuss, and asked if everyone agreed with that. Baker said she would abstain on that; German also abstained.

5. **Adjournment**

On a motion by Baker, seconded by German, the meeting was adjourned at 6:40 p.m.

Comments:

Background Information: In June of each year, Council appoints a member to serve as Vice Mayor to a one-year term to represent the Town and perform other duties as required when the Mayor is unavailable. The Vice Mayor is also an authorized signer of documents and bank accounts. On 5-18-11, the Council voted to extend the Vice Mayor term to 2 years to coincide with the Mayoral term. Because the changes to the Town Code do not become effective until June 18, 2011, staff recommends that Council appoint the Vice Mayor to a 1-year term. Staff will bring back the issue at a later meeting to extend the appointment until the first meeting in June 2015.

Recommended Action (Motion): Move to appoint a member to serve as Vice Mayor for a 1-year term, noting that the term will be extended after the Town Code becomes effective.

NON-DISCLOSURE AGREEMENT
BETWEEN THE YAVAPAI-APACHE NATION, THE SALT RIVER VALLEY WATER USERS'
ASSOCIATION AND THE SALT RIVER PROJECT AGRICULTURAL IMPROVEMENT AND POWER
DISTRICT AND THE TOWN OF CAMP VERDE

The Parties to this Non-Disclosure Agreement (Agreement), the Yavapai-Apache Nation, and the Salt River Valley Water Users' Association and the Salt River Project Agricultural Improvement and Power District, acting on behalf of itself and its shareholders (SRP), and The Town of Camp Verde (Camp Verde) are participants in discussions concerning the settlement and quantification of the water rights of the Parties to this Agreement in the Verde River and its respective tributaries, along with rights to groundwater, which rights are currently subject to adjudication proceedings in *In Re the General Adjudication of All Rights to Use Water in the Gila River System and Source, W1-4*, Maricopa County Superior Court, together with discussions regarding the funding of water and other development projects related thereto (hereinafter "Settlement Discussions").

The Parties agree that all Confidential Information and conduct regarding statements or offers of compromise, settlement or quantification of water use rights discussed or exchanged among the Parties, are and will be subject to this Agreement and to the provisions of Rule 408 of the Arizona Rules of Evidence. For the purpose of furthering the Settlement Discussions between them, the Parties have determined to establish the terms governing the use and protection of Confidential Information that one Party may disclose to another Party or Parties (the "Recipient" or "Recipients"), as described in this Agreement, which information generally relates to the Settlement Discussions. Accordingly, the Parties agree and stipulate regarding the exchange of such Confidential Information as follows:

1. "**Confidential Information**" means all material, information, data and other communications (including information in computer software or held in electronic storage media) owned by either Party (the "Owner"), regardless of the form or medium in which such Confidential Information is transmitted or disclosed, and including all statements and conduct of the Parties, so long as it relates to any of the

matters under consideration in the Settlement Discussions. Confidential Information also includes business, policy and technical information and data, even if not prepared for the Settlement Discussions, when such information is disclosed as a result of the Parties' participation in the Settlement Discussions. Except as provided below, to be considered as Confidential Information, the information must be disclosed in a document or other tangible form bearing an appropriate legend indicating its confidential or proprietary nature, such as "confidential-subject to Rule 408" or "Rule 408 document". If Confidential Information is disclosed verbally or visually, it must be identified as confidential and subject to this Agreement at the time of disclosure.

2. "**Parties**" means, collectively, the Yavapai-Apache Nation, the Salt River Project Agricultural Improvement and Power District, the Salt River Valley Water Users' Association and The Town of Camp Verde.
3. The Recipient may use Confidential Information provided by any other Party only for the purpose of participating in and concluding the Settlement Discussions. The Recipient shall protect such Confidential Information from disclosure to others, using the same degree of care used to protect its own proprietary information of like importance, but in any case using no less than a reasonable degree of care. Recipient may disclose Confidential Information to its employees and consultants provided that in all such cases they have a need to know of the contents of the Confidential Information for the purposes of this Agreement, and provided further that those to whom such Confidential Information is disclosed are bound to protect the received Confidential Information from unauthorized use and disclosure under the same terms and conditions as are set forth in this Agreement. Recipient may also disclose Confidential Information to the United States and its employees but only with prior notice to the other Parties and only if the other Parties do not object. Once permission is granted by the Parties to share Confidential Information with the United States and its employees, said permission shall continue unless a Party provides notice to the other Parties that permission to share Confidential Information with the United States and its employees is withdrawn.
4. Nothing in this Agreement shall prevent a Party from offering into evidence any

expert report or other document which it prepared or created, or had prepared or created by another, whether or not such evidence was communicated in the Settlement Discussions.

5. The provisions of this Agreement shall not prevent one Party from using formal discovery procedures to obtain discoverable information from the other Parties. Confidential Information shared pursuant to this Agreement shall not, by virtue of such sharing, be protected from discovery, but such Confidential Information shall retain whatever attorney-client privilege, work-product privilege, or other protection it had before sharing. A Party who obtains property discoverable information from another Party pursuant to formal discovery procedures shall not be deemed to have breached the provisions of this Agreement.
6. The restrictions and obligations of this Agreement on use and disclosure of Confidential Information shall not apply to information that:
 - i. was in the possession or control of Recipient, free of any obligation or confidence prior to its disclosure hereunder as proven by the Recipient's written records or other competent evidence; or
 - ii. is already in the public domain at the time of disclosure to Recipient by Owner or becomes publicly known through no breach of this Agreement or wrongful act of Recipient; or
 - iii. is received independently by Recipient from a third party free to disclose it without obligation to Owner; or
 - iv. is developed by Recipient independently of, and without reference to, any Confidential Information of the Owner or any other information that the Owner has disclosed in confidence to any third party, as proven by the Recipient's written records or other competent evidence; or
 - v. is lawfully required to be disclosed to any governmental agency or is otherwise required to be disclosed by law; provided, however, that the Recipient shall notify Owner, as soon as reasonably practical, of any order or request to disclose Confidential Information, or that such an order is being sought, or request has been made, so that the Owner may have an opportunity to take appropriate action to maintain the confidentiality of such Confidential Information.

7. The Parties understand that, as a political subdivision of the State of Arizona, SRP and Camp Verde may be subject to certain disclosure requirements under the Arizona Public Records Act (see A.R.S. § 39-101, et seq.) and that SRP or Camp Verde may be required to disclose Confidential Information by a court order pursuant to such Act. If SRP or Camp Verde is requested or ordered to so comply, paragraph 6(v) shall apply.
8. Confidential Information disclosed under this Agreement shall be and remain the property of Owner regardless of location. All such information in tangible form shall be returned to Owner promptly upon written request and shall not thereafter be retained in any form by Recipient, except that one (1) copy may be made and retained solely for monitoring continued compliance with this Agreement and to the extent applicable, for the purposes of complying with laws regarding public records. No licenses or rights under any patent, copyright, or trademark are granted or are to be implied with respect to the Confidential Information disclosed under this Agreement.
9. The Parties acknowledge that Confidential Information is unique and that disclosure in breach of this Agreement may result in irreparable injury to the Owner.
10. Owner shall not have any liability or responsibility for errors or omissions in, or any business decision made by Recipient in reliance on any Confidential Information disclosed under this Agreement.
11. Each Party to this Agreement has the right to terminate its participation at anytime by tendering thirty (30) days written notice to the other Parties. The terminating Party shall promptly return Confidential Information received pursuant to this Agreement to the respective Owners of such Confidential Information. Termination of a Party's participation under this Agreement shall not operate as a waiver or authorize violation of this Agreement.
12. In the event that there is any dispute between the Parties to this Agreement regarding the disclosure or admissibility of Confidential Information exchanged pursuant to this Agreement, Rule 408 of the Arizona Rules of Civil Procedure shall be determinative.

IN WITNESS WHEREOF, each of the Parties hereto has caused this Agreement to be executed by its duly authorized representative.
